To whom it may Concern:
I was taken sick on the 12th day of Detember, 1876, with Inflamation of the Lungs. I had employed the best physicians in the city, but continued to get worse until the following spring. I then improved somewhat, although I was net able to work, yet I was able to walk about. After this I had hemorrhage of the lungs, which occurred in April, 1877, and/continued until the following January, 1878, about mire months. During the time several physicians tried to stop it without avail, until January 14, 1 began the treatment of Inhalations under the care of Dr. M. Hilton Williams. After one month's treatment I was cured. It is now n'arjy two years after, and I am still in perfect he aith. All those who doubt the truth of this may call and see me or write me at my residence.
