ARKONA BRANCH, J. J. WILCOCKS, Mgr.

ARKONA

Just arrived, New Fall Mantles.—J. GEO. BROWN.

Mr. Joe Hall is taking in the London Fair this week.

Call and see our new fall dress goods.—J. GEO. BROWN.

Miss Aylesworth, of New York, is visiting at the Manse.

Jno. L. Brown made a business trip to London this week.

Miss Della McColl spent Sunday visiting friends at Ketch.

Mrs. John McKay is spending a few days with friends in London.

Mrs. W. H. Jackson and Miss Gammon paid a flying visit to Forest Saturday.

The new cement walks, when completed, will make a great improvement to our town.

The corner stone of the new English church will be laid Friday, Sept. 20th at 4 p.m.

Miss Carrie Stillington arrived home Saturday, after spending a month in Toronto.

Mr. and Mrs. W. J. Thomas have returned home after visiting friends in Sarnia and Port Huron.

Mr. Ed. Crawford leaves Wednesday for London where he has secured a position with the McClary Manufacturing Co.

Mr. and Mrs. Jno. Towle and son, Lester, who have been spending the past week here, returned to their home in Cleveland.

TAKE NOTICE—That after Sept. 3rd I will not be responsible for any debts incurred by my wife, Lillie Smith, as she has left me without any just cause.—JOHN SMITH.

Butter 20c. eggs 17c.—J. GEO. BROWN.

Miss Ella Seymour and Miss Susie Isles, who have been spending the past two months visiting friends and relatives in this vicinity, returned to Windsor last Monday.

Dr. Crews, of Toronto, will deliver one of his popular lectures entitled "A Trip Through the Mammoth Cave with 200 Leaguers," in the Methodist church, Friday evening, Sept. 20th. Admission 10c and 15c. Come and enjoy a treat.

Rev. Mr. Hughes, who, on account of ill health, has been absent for a couple of months, again occupied his pulpit in the English church Sunday. We are all pleased to have Mr. Hughes with us again.

Rev. Yelland and wife, of Adelaide, spent last Sunday here. Mr. Yelland filled the Methodist pulpit both morning and evening while Rev. Mr. Baker took charge of the Adelaide services. It has been thirteen years since Mr. Yelland was stationed here and all were all pleased to have him back again.

The Greysteads, of Fernhill and Luncan, played a double header on Friday, Sept. 6th with the home team resulting in a victory for Arkona both games. Score, 1st game, 16 to 2. Last game, owing to unsatisfactory decisions of the umpire was called off at the 5th innings. Score, 9 to 2. Features of game, Stan's twirling, fanned out 15; Babe's home run, and Slat's slab work.

WEAK, SICKLY PEOPLE.

Will Find New Strength Through the Use of Dr. Williams' Pink Pills.

A great many young men and women are suddenly seized with weakness. Their appetite fails them; they tire on the least exertion, and become pale and thin. They do not feel any specific pain—just weakness. But that weakness is dangerous. It is a sign that the blood is thin and watery; that it needs building up. Dr. Williams' Pink Pills will restore lost strength because they actually make new, rich blood—they will help you. Concerning them Mr. Alfred LePage, of St. Jerome, Que., says: "For several years I have been employed in a grocery and up to the age of seventeen I had always enjoyed the best of health. But suddenly my strength began to leave me; I grew pale, thin and extremely weak. Our family doctor ordered a complete rest and advised me to remain out of doors as much as possible, so I went to spend several weeks with an uncle who lived in the Laurentides. I was in the hope that the bracing mountain air would help me, but it didn't, and I returned home in a deplorable state. I was subject to dizziness, indigestion and general weakness. One day I read of a case very similar to my own cured through the use of Dr. Williams' Pink Pills, and I decided to give them a trial. After taking four boxes of the pills I felt greatly improved so continued their use for some time longer and they fully cured me. I am now able to go about my work as well as ever I did and have nothing but the greatest

praise for Dr. Williams' Pink Pills."

The blood—good blood—is the secret of health. If the blood is not pure the body becomes diseased or the nerves shattered. Keep the blood pure and disease cannot exist. Dr. Williams' Pink Pills make rich, red blood—that is why they cure anaemia, rheumatism, indigestion, headache, backache, kidney trouble and the secret ailments of girlhood and womanhood. Sold at 50 cents a box or six boxes for \$2.50, by all medicine dealers or by mail from Dr. Williams' Medicine Co., Brockville, Ont.

ORE-BROWN.

The home of Mr. Wm. Brown, Lamon, was the scene of a very pretty wedding on Monday, September 2nd, at eleven o'clock, when his youngest daughter, Frances Ada, was united in marriage to Mr. Chester J. Orr, of Arkona, her pastor, Rev. John Moore, officiated. As the strains of Mendelssohn's wedding march were heard, the bride leaning on the arm of her father, entered the room, where under an arch of evergreens and flowers the groom awaited her. She looked very pretty in a dainty dress of Persian lawn trimmed with valenciennes lace and insertion. She wore the customary bridal veil and carried a beautiful bouquet of white roses. Her niece, Laura MacDonald, aided acted as maid of honor, and was also dressed in Persian lawn with valenciennes trimmings. The ceremony and congratulations being over, the guests, about fifty in number, made their way out to the lawn, where under a bower of maple leaves a dainty dinner was waiting them. The tables were served by the members of the Lamon choir of which Mrs. Orr was leader. Miss Minnie McDonald, of Sylvan, organist of the choir, played the wedding march. Amid the showers of rice, old shoes and good wishes, the happy couple left to meet the three o'clock train at Parkhill. They will visit Toronto, Niagara and Buffalo and other points, and on their return will take up their residence on the 2nd con. of Warwick. The bride's travelling dress was of navy blue panama cloth. She was the recipient of many handsome presents, showing the high esteem in which she is held by her friends. The groom's gift to the bride was a very handsome gold locket to the maid of honor a locket and chain and to the organist a pearl brooch. Their many friends in this vicinity wish them a long, prosperous and happy life together and trust that there will be only clouds enough arise to make the sunny days seem brighter.

CAMPBELL-CLARK.

"The Maples," the residence of Robert Clark, 10th con., Rosanquet, was in holiday attire on Tuesday, Sept. 3rd, when his third daughter, Annie, was united in the holy bonds of matrimony to Robert Campbell, a prosperous young farmer of Warwick. Promptly at eleven o'clock the bride entered the parlor leaning on her father's arm and took her place under an arch of evergreens trimmed with asters and in the presence of the immediate relatives of the two contracting parties. Rev. I. Hosking, of Warwick, performed the ceremony. The bride was beautifully attired in a gown of Persian lawn, elaborately trimmed with valenciennes lace and insertion. She carried a bouquet of bridal roses. Little Misses Annie Mutton and Lulu Elliott, cousins of the bride, made charming flower girls and ring bearers. Recce Thomas of Warwick aided assisted the groom. After the usual congratulations the guests repaired to the dining room which was decorated in pink and where a dainty repast was served. The young couple left on the afternoon train for Toronto and other eastern points. The presents were numerous and beautiful, testifying the esteem in which the young couple are held. Among the presents was a beautiful gold watch and chain the gift of the groom.

AGNEW-SMITH.

A very quiet home wedding was solemnized in Warwick West Tuesday afternoon at the home of Mr. and Mrs. F. W. Smith, when their eldest daughter, Jessie K., was married to Dr. J. A. Agnew, of Crestline, Ohio. The ceremony was performed by the Rev. Murtion Shore, rector of Warwick, assisted by Rev. H. P. Westgate, of Atwood, at 1 o'clock, in the presence of the immediate relatives, under an arch of flowers, interwoven with Canadian and United States flags. The happy couple left on the 5:24 train for London and on Friday they will reside in Crestline, Ohio, U. S. A. The groom is a popular young physician, and the bride one of Warwick's most popular young ladies. Dr. and Mrs. Agnew have the best wishes of a host of friends for a long and happy life.

FALL FAIRS.

The West Middlesex Union Fair, to be held in Stratford on Monday, Tuesday and Wednesday Sept. 16th, 17th and 18th has long had the reputation of being one of the best of Ontario's County Fairs. The speeding events are always a feature, and include an exhibition by Ian Bars, the fastest three year old pacer in Canada. On Tuesday there will be a 2.50 and 2.18 class. On Wednesday a 2.28 and an open race, besides relay and foot races, and many other attractions.

Forest always has a good fair, and this year promises to be better than ever. The speed program includes a 2.20 class for a purse of \$152.00 and a 2.50 trot and pace. Wednesday Sept. 18th is the date. Keep it in mind and all go to Forest with the crowd.

SUTORVILLE.

Harvest Thanksgiving services will be held in Christ Church, Sutorville, on Sunday, Service at 3 o'clock in the afternoon and 7 in the evening the Rev. Murtion Shore, Rector of Warwick will conduct both services. Thanksgiving offering will go towards the missionary work of the church.

BY-LAW NO. 10, 1907 OF TOWNSHIP OF WARWICK.

A By-law to provide for drainage work in the Township of Warwick in the County of Lambton, and for borrowing on the credit of the said Township the sum of Eight Hundred and Fifty Five Dollars, the portion to be contributed by the said municipality for completing the same. Provisionally adopted the 2nd day of September, 1907.

Whereas, Duncan McGill, one of the parties interested in and assessor for the construction of the Higgins Local Drain, has petitioned the Council of the said Township of Warwick to have the said drain cleaned out and put in a proper state of repair.

And whereas, thereupon the said Council has procured an examination to be made by C. A. Jones, being a person competent for such purpose, of the said area proposed to be drained and the means suggested for the drainage thereof, and of other lands and roads liable to assessment under the Municipal Drainage Act, and has also procured plans, specifications and estimates of the drainage work to be made by the said C. A. Jones, and an assessment to be made by him of the lands and roads to be benefited by such drainage work and of other lands and roads liable for contribution thereto, stating as nearly as he can the proportion of benefit, outlet liability and outlet liability, which in his opinion will be derived or incurred in consequence of such drainage work, by every road and lot or portion of lot, the said assessment so made being the assessment thereunder by this By-law enacted to be assessed and levied upon the roads and lots or parts of lots hereinafter in that behalf specially set forth and described; and the report of the said C. A. Jones in respect thereof and of the said drainage work being as follows:—

Petroleum, June 24th, 1907.

To the Municipal Council, Township of Warwick.

GENTLEMEN:—In compliance with instructions received from your Honorable Body I have made an examination of the Higgins Drain, lots 2 to 11, concession 6, S. E. R., of your Township and find the same considerably out of repair, more particularly the portion on the west 1/4 and east 1/2 lot 6, where it is evidently trapped in more than elsewhere by cat's pawing on these lots.

I would recommend that it be repaired from the centre of lot 11 to the junction on lot 2, with the McGill or Foster's drain through the work on lot 2, I will merely be removing the drift work that has collected in on this lot. The work across lot 3, particularly the west half will also be very light, consisting principally of leveling the bottom and making it an even grade.

I have stated out and levelled the proposed work in stations of 2 chains or 8 rods each, commencing with station 10 at or near the line between the east and west halves of lot No. 11, the portions from station 10 to the east 1/2 of said lot being in my opinion deep enough and wide enough as it now is.

The bottom width will be 4 ft. from the head to station 10, which is 44 rods of the 6-7 side road and from station 10 to the outlet it will be 6 ft. This is 1 ft. wider than when last repaired but as it can be made this width now without interfering with the sides and yet making the side slopes 1 horizontal to 1 vertical I deemed it advisable to do so.

I have prepared a plan of the locality, profile of the drain, estimate of cost and specification of the work together with a schedule of assessment on the lands affected, all in triplicate, one copy being for service on the Municipality of Brook, and one for the Grand Trunk Railway Co., all of which I herewith submit.

Following is my estimate of the cost of the proposed work:—

Excavating at 10 to 12 ft., 645 rods at 45 cts per rod.....\$290.25

Excavating at 12 to 20 ft., 150 rods at 90 cts per rod.....135.00

Excavating at 20 to 27 ft., 280 rods at 70 cts per rod.....196.00

Excavating at 27 to 30 ft., 90 rods at 20 cts per rod.....18.00

Removing driftwood at 290 to 307 ft. in function 5 ft. Building culvert on 6-7 side road, 10 ft. in clear.....60.00

Building culvert on 9-10 side road, 8 ft. in clear.....55.00

20 ft. long.....55.00

Publishing by-law Township of Warwick.....2.00

And whereas the said Council are of the opinion that the drainage of the area described is desirable, Therefore the said Municipal Council of the said Township of Warwick pursuant to the provisions of The Municipal Drainage Act enacts as follows:

1st. The said report, plans, modifications, assessments and estimates are hereby adopted, and the drainage work as therein indicated and set forth shall be made and constructed in accordance therewith.

2nd. The Reeve of the said Municipality may borrow on the credit of the corporation of the said Township of Warwick the sum of \$855.00, being the said Municipality's proportion of the funds necessary for the work and may issue debentures of the corporation to that amount in sums of not less than \$50.00 and payable within five years from the date thereof with interest at the rate of 4 per centum per annum, that is to say in five equal annual payments of \$171.00 each, such debentures to be payable at the office of the Treasurer and to have attached to them coupons for the payment of interest.

3rd. For paying the sum of \$400.50, the amount charged against the said lands and roads for benefit and the sum of \$855.00 the amount charged against the said lands and roads for outlet liability, apart from lands and roads belonging to or controlled by the Municipality and to cover interest thereon for five years at the rate of four per centum per annum, the following total special rates over and above all other rates shall be assessed, levied and collected (in the same manner and at the same time as other taxes are levied and collected) upon and from the under-mentioned lots and parts of lots and roads and the amount of the said total special rates and interest against each lot or part of lot respectively shall be divided into five equal parts and one such part shall be assessed, levied and collected as aforesaid in each year for five years after the final passing of this By-law, during which the said debentures have to run.

All the work to be done to the entire satisfaction of the commission in charge of the work.

I have the honor to remain, Your obedient servant, C. A. Jones, O. L. S. & C. E.

Remove all logs or driftwood from the drain between stations 280 and 307, through which portion there is no excavation.

Build a culvert on the 6-7 side road, over the drain, to be 10 ft. wide in the clear and 30 ft. long, to be at least 9 inches higher than the present one, to have 7 pos's on each side placed at 3 ft. centres, sunk at least 2 ft. below the bottom of the drain as completed, to be at least 8 inches diameter at the small end. A 2 inch by 8 inch plank on edge to be nailed into the inner face of the posts at the top and well spiked thereto. Stringers to be 3 inches by 14 inches by 12 feet and covered with 3 inch pine plank, the plank to be full depth of the drain.

A similar culvert to the above, only 8 ft. wide in the clear instead of 10 ft. to be built over the drain on the 10-11 side road.

All the work to be done to the entire satisfaction of the commission in charge of the work.

I have the honor to remain, Your obedient servant, C. A. Jones, O. L. S. & C. E.
