OLDRIDGE'S
BALM OF COLUMBIA.

THIS article was first introduced into New York market about twenty years since, and soon its superior virtues in reproducing hair when it had fallen out, keeping the head free from dandruff, (a most loathsome article on a gentleman's coat collar,) and giving a softness and beautiful lustre unknown before to the hair, has induced some persons to set up and advertise many other articles for the same purpose, none of which stand the test of trial, professing as a great deal of them do, to be Oils of various kinds, all of which are positively injurious to the human hair. Let none be deceived, no other article will make the hair grow rapidly and of a good quality but the Balm of Columbia, and no article purporting to be the Balm of Columbia is genuine without the name of COMSTOCK & CO. on the outside wrapper. Some have been deceived, and obtained a counterfeit article for the true and genuine Balm of Columbia. Remember to look for the name of COMSTOCK & CO. on the wrapper, before you purchase, and get none but the genuine. Don't be deceived with the assurance that one without that name is made in the same way, any just as good, all such pretensions are false, and known to be so by the counterfeiter.

THOMAS SIMS,
St. Andrews, Jan. 5, 1842.

WILLMER AND SMITH'S
EUROPEAN TIMES,
AND
United States, Canada, West India and South American Intelligence.

THE object of this Publication is to present a striking and faithful abstract of all events occurring in Europe or elsewhere, interesting to the citizens of the U. States, Canada, the West Indies, and South America, made up the hour at which the Steamers and Packets sail.

The leading feature of the *European Times* will be a carefully digested abstract of General News, Correct Returns of the principal British and Continental Markets, Arrivals and Sailings to and from all Ports of the above countries,—in short a GLANCE at every circumstance in which the Merchant, the Manufacturer, the Trader, and the Citizen generally can take an interest.

The Value of such a Publication must be tested by its accuracy. No pains will be spared to make it in that respect unexceptionable. Community, who are now obliged on the arrival of a Packet Ship or Steamer, to wade through files of Newspapers, extending, not unfrequently, over Fourteen or Sixteen Days, for information in which they are most interested, can hardly fail, in this Court of News, to find their labor abridged, and their wants and wishes immediately gratified.

The *European Times* is not intended to supersede so much as to accompany, the more ponderous files of the London Daily and other Journals, to which it will act as a kind of pilot balloon; the condensation of every item of news will be apportioned to its relative importance, leaving the levities of the press until time and opportunity enable their readers to wander, without inconvenience, through their ample and voluminous pages.

The *European Times* will be edited by a Gentleman long connected in an editorial capacity with the Liverpool Press. Parties who are desirous of bringing New Inventions, Works of Arts, or subjects of general interest, under the eye of the American public, may address him personally, and depend upon his services.

The price of the *European Times* will be \$4 per Annum. All Orders to be addressed with remittances or reference for payment, to Messrs. Willmer and Smith's Express Newspaper Office, Church Street, Liverpool.

TO THE OLD AND YOUNG.
HO! YE RED HEADS & GREY!

PHENOMENON IN CHEMISTRY.
EAST INDIA HAIR DYE.

THIS dye is in form of a powder which in plain matter of fact may be applied to the hair over night, the first night turning the lightest red or grey hair to a dark brown, and by repeating a second or third night, to a bright jet black. Any person may, therefore, with the least possible trouble, keep his hair any dark shade or a perfect black,—with a positive assurance that the powder, if applied to the skin, will not color it. There is no trouble in removing it from the hair, as in all powders before made. By an occasional application, a person turning grey will never be known to have a grey hair.

Directions complete with the article. There is no coloring in this statement, as one can easily test. If these facts are warranted by the gentleman who manufactures it, who is the celebrated chemist, Dr. Comstock, author of Comstock's Chemistry, Philosophy, and many other works well known and widely celebrated by the public.
