That we cannot all be as wise as Solomon, but we can all stop tending we are.  
That in telling your troubles, just waste time that might be in making them lighter.

BRIDGETOWN SCHOOLS  
Favorable Conditions Than Ever Before.  
Bridgetown School opened for the term Monday morning and upwards of 300 pupils were early on hand and as active and enthusiastic as any crowd of school children can be. For best places and eagerness for work in the new year.  
Principal Archibald who again has charge was greeted by a goodly number of High School pupils all of whom looked happy and ready for the problems of the higher grade that they are about to undertake.  
Of last year's class of nine in the Eleventh Grade, nine succeeded in obtaining their "B" Certificates. In the 10th Grade there were 20 last year and so far 15 of these have succeeded in obtaining "C" certificates. This is the largest number of successful students of this grade in the history of the School.  
The 9th grade pupils still wait impatiently for the results of their examinations, from the Educational Office in Halifax, but Mr. R. Messenger who had charge of this Grade for the last part of last term and returns to the same room this year, is very hopeful for a large per cent of his pupils making a pass mark and securing their "C" Certificates. During the vacation an extra room has been provided by uniting the Library and Laboratory rooms and in this aid the room formerly used by the Principal the whole High School grades will be cared for by Principal Archibald and Mr. Messenger.

The common school rooms which were squirming and writing with new life and activity on opening day are cared for by the following new teachers.  
Miss Crowell—Grades 7-8.  
Miss Hardy—Grades 5-6  
Miss Ritchie—Grades 3-4  
Miss Mallman—Grades 1-2  
Miss Newcomb—Primary one and Kindergarten.  
Grades one to seven were assembled in the Primary room and addressed by Mr. Archibald, and the new teachers introduced by the chairman of the School Board, Dr. Armstrong, before dispersing to their several rooms.

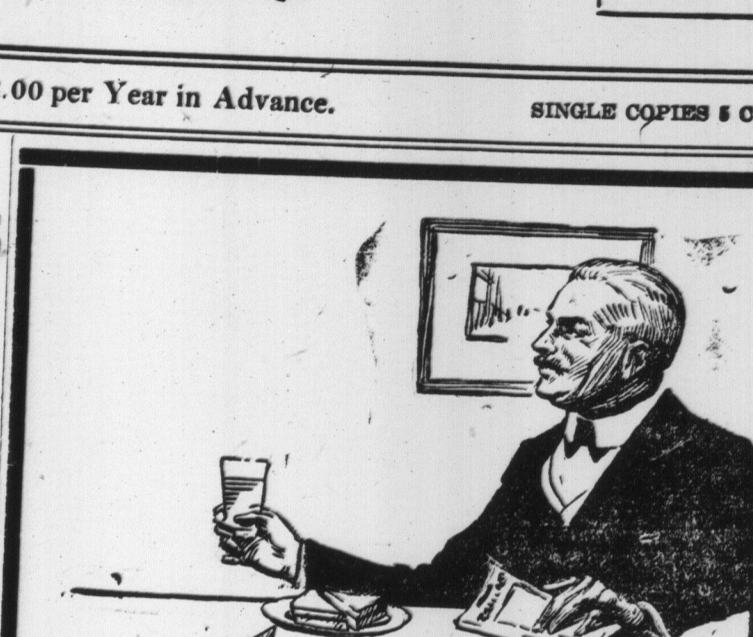

As soon as the "D" class have received their returns of last year's work the School Board and Teaching staff contemplate a public meeting when the prizes, which were provided last year by a number of interested citizens and friends of the school will be presented to the successful prize winners and the prize list for school work for the coming year will be announced. It is hoped this function can be arranged for in a hall or public building where both pupils and parents can be accommodated.

LATER  
AWARDING OF PRIZES  
The various prizes offered a year ago for school work during the year will be presented on Friday afternoon at 4 p.m. at the Primrose Theatre. All parents, pupils and friends of the school are invited to be present.

A picked team from the Valley, which includes a Captain and four men, from Bridgetown will play the West Indians in Windsor today.

Rev. L. F. Wallace, Evangelist, spent Sunday in Westport. He and Mrs. Wallace are enjoying a brief holiday, most of which is being spent in their home at Lawrence town.

If a man falls to get what he desires he ought to be thankful.

When Guests Say:  
"That's Dandy Bread!"  
They mean "That's Dan-Dee Bread"—the twin-bread that's as rich as milk inside, as golden as butter without.

Fact of the matter is, Dan-Dee Bread is made with milk and more shortening—so why shouldn't it taste like milk and butter and bread as well?

Tell Them Moirs  
Make It!  
When visitors comment on the new shape, and next on the improved deliciousness of Dan-Dee Bread, tell them it is made by the same people who make Moir's Chocolates.

No wonder it's so good! Tell your grocer how much you want to try it!

Millions Now Living Will Never Die  
The New Era—Barth's Summertime of Blessing—is believed to be at hand. Rev. Principal Ritchie, of Nottingham Institute, England, said recently, "If there is any hope in God, let it be spoken now; if the church has a message of peace, let it be spoken now; never did a weary world need it more."
