We Are Selling **Cheaper Mileage**

You may get extraordinary mileage out of any one tire-but that's not the way to figure mileage.

Get the average of mileage given by a pair of tires or a set-and you will get nearer to the actual cost of mileage to be charged to the upkeep of your car.

It's just because we've taken the trouble to figure values that way, that we recommend Ames Holden "Auto-Shoes."

We know they are giving real mileage over the worst roads in the country and their "average" performance leaves no doubt in our minds that Ames Holden "Auto-Shoes" will give you the cheapest mileage you can buy. And they are guaranteed without time or mileage limits. Drop in and let us show you and tell you about
