

The following notes as to the services during the war of C.A.S.C. Officers, gazetted to M.D. 2, has been compiled from the Militia List, from Orderly Room records and from information supplied by the officers themselves, and is published for private circulation only.

There has been considerable difficulty in getting information, and it is a matter of regret that all records are even now not complete. Thanks are however due to those who courteously supplied information.
