

**It's Fine**

To have a Feed Cutter like Bell's No. 50. It is the best thing on earth. Its performance during the past three years has made its name almost a household word, and with the improvements in detail that we have added for this season places it far in advance of any other.

We have a full line of Folder Cutting Machines and Horse Powers, both tread and sweep. Prices for Cutters range from \$15 to \$60.

**THE Model Scuffler**

LIGHT AND STRONG QUICKLY ADJUSTED.

WE aim to make an implement which will adjust itself to all the varying conditions of the soil in the quickest possible manner, and with the least manipulation. We accomplish this by our new patented slank fastener or clamp. The change is made by loosening the nut half a turn, by which operation the point can be shifted to any conceivable position. This Scuffler is what many of our customers have already termed it—"a world beater." It is strong, durable, and of the best material and workmanship.

No better wire fence built than the Casey Diamond Grip, Pat. Just the thing for farmers—neat, strong, and durable. Will last a lifetime, barring accidents. Uses only straight wires, with so little depression as not to cause the galvanize to crack or peel. If there is a dealer who wants something better to handle than he's had, try it. We also supply the Double Lock Wire Fence, which is claimed by some to be second to none, the lateral wire of which, as well as the upright stay, being crimped at joints. Our agents build either on premises. Agents wanted everywhere in Canada, to whom sole territory will be allotted. County and township rights for sale. Our Gas Pipe Frame Gate takes the lead. No better or cheaper place in the city to get plain or fancy turning done. Call on, or address,
