WHAT IS CATARRH?

Catarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite amoeba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbidity of the blood, as the blighted corpuscle of tubercle, the germ poison of syphilis, mercury, toxomera, from the retention of the effete matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, and ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back up the throat, causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death. Many attempts have been made to discover a cure for this distressing disease, by the use of inhalants and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucous tissue. Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers—Toronto Mail, Messrs. A. H. DIXON & SON, 305 King St. West, Toronto, Canada. Inclose stamp for their treatise on Catarrh.

TESTIMONIALS.

MONTREAL, QUE., Nov. 15th, 1883.

I hereby certify that I have analyzed and tested the material called "White Bronze," manufactured for monumental purposes by the St. Thomas White Bronze Monument Company, and I find it composed, as represented, of *Refined Metallic Zinc*, of a very superior quality to sheet zinc, and almost absolutely pure. Its great durability under all exposure to weather and storm is therefore fully assured by its high quality. And it will resist decay and further oxidation when its surface is once coated. It is then more durable than stone, and will not lose its handsome appearance from generation to generation. I know of no other material which is equally capable of combining elegance of form, beauty of surface and indefinite durability.

DR. DAKIN, OF PUGWASH, N. S., SAYS:

Puttner Emulsion Co., Halifax.

GENTLEMEN,—I have used PUTTNER'S EMULSION OF COD LIVER OIL, etc., for a number of years and have found it a remedy of great use in many forms of diseases, especially in **Pulmonary Complaints, Scrofula, Anemia**, and in fact in any state of the system showing a DEPRAVED CONDITION OF THE BLOOD, with LACK OF TONE and deterioration of vital forces. I have also used it, with very much satisfaction, in **Wasting Diseases of Children** and some other complaints incidental to childhood.

SEED Warranted to Grow.
or order refilled gratis. I have sold vegetable and flower seed to over a million farmers and gardeners in the United States, perhaps some are your neighbors, if so ask them whether they are reliable. Mr. Thomas Henshall of Troy, Kansas, writes me: "For 26 years I have dealt with you. I have lived in Iowa, Missouri, Colorado, and Kansas, and no matter what the soil or climate, the result was always the same, to wit:—religiously honest and good." This is the kind of seed I raise and sell. The Hubbard and Marblehead Squash, Marblehead Corn, Marblehead Cabbages, Ohio Potato, Eclipse Beet, are some of the vegetables of which I was the original introducer. A pair with \$500 in premiums.
