

## PHOTOGRAPH OF THE UNION.

We have received our copy of Mr. O'Hara's Photograph of the Union, and must express our great gratification at the success he has achieved. It is a very complete and well executed group. He has now on hand a sufficient number of copies to supply all orders, and we sincerely hope that he will be equally successful in the other part of his plan. Our readers are already aware of his generous proposal to devote to the College and the Missionary Society one half the proceeds of sale, provided that 300 copies can be disposed of. The price is only \$2. and we hope the orders will pour in upon him like a perfect avalanche. We would suggest the employment of a travelling agent to canvass the churches on its behalf.

## THE STATISTICS OF OUR CITY CHURCHES FOR 1867-8.

Too little use has hitherto been made of the valuable information furnished from time to time by the Secretaries of the Union. In this article we present a comparative statement, based on the statistical table published in the last number of the *Canadian Independent*, of the condition and annual progress of our city churches. They are placed under several headings, and follow in each category, according to their relative size, increase and contributions, as the case may be.

1. Number of Hearers.	2. Number of Church Members.	3. Net Increase (additions over removals).
