

## DR. MCINTOSH'S NATURAL UTERINE SUPPORTER.

No Instrument has ever been placed before the  
Medical Profession which has given such  
Universal Satisfaction.

**EVERY INDICATION OF UTERINE DISPLACEMENTS** is met by this combination; Prolapsus, Anteversion, Retroversion and Flexions are overcome by this instrument, when others fail. This is proven by the fact that since its introduction to the Profession it has come into more general use than all other instruments combined.

**UNION OF EXTERNAL AND INTERVAL SUPPORT.**—The abdomen is held up by the broad morocco leather belt, with concave front, and elastic straps to buckle around the hips. The Uterine Supporter is a cup and stem made of highly polished hard rubber, very light and durable, shaped to fit the neck of the womb, with openings for the secretions to pass out, as shown by the cuts. Cups are made with extended lips to correct flexions and versions of the womb.

**ADAPTABILITY TO VARYING POSITIONS OF THE BODY.**—The cup and stem are suspended from the belt by two soft elastic Rubber Tubes, which are fastened to the front of the belt by simple loops, pass down and through the stem of the cup and up to the back of the belt. These soft rubber tubes, being elastic, adapt themselves to all the varying positions of the body and perform the service of the ligaments of the womb.

**SELF ADJUSTING.**—One of the many reasons which recommend this Supporter to the Physician is that it is self adjusting. The physician after applying it need have no fear that he will be called in haste to remove or readjust it, (as is often the case with rings and various pessaries held in position by pressure against the vaginal wall) as the patient can remove it at will, and replace it without assistance. It can be worn at all times, will not interfere with nature's necessities, will not corrode, and is lighter than metal. It will answer for all cases of Anteversion, Retroversion, or any Flexion of the womb, and is used by the leading Physicians with unflinching success, even in the most difficult cases.

Our Reduced Prices are, to Physicians, \$7.00. to Patients, \$10.00.

Instruments sent by mail at our risk, on receipt of price, with 35 cents added for Canadian Postage; or we can send by Express, C. O. D. Physicians in the Dominion can obtain the Instrument at above prices from ELLIOTT & CO., No. 3 Front Street, Toronto, or F. GROSS, 682 to 690 Craig Street, Montreal. **CAUTION.**—We call particular attention of Physicians to the fact, that unscrupulous parties are manufacturing a worthless imitation of this Supporter, and some dishonest dealers, for the sake of gain, are trying to sell them, knowing they are deceiving both physician and patient. Persons receiving a Supporter will find, if it is genuine, the directions pasted in the cover of the box, with the head-line "DR. L. D. MCINTOSH'S NATURAL UTERINE SUPPOTER"; a cut on the right, showing the Supporter, and on the left its application; also the Fac Simile Signature of DR. L. D. MCINTOSH. Each pad of the abdominal belt is stamped in gilt letters, DR. MCINTOSH'S NATURAL UTERINE SUPPORTER CO., CHICAGO, ILL. Each box also contains our pamphlet on "DISPLACEMENTS OF THE WOMB," and an extra pair of RUBBER TUBES.

**ALL VIRUS FULLY WARRANTED.**

It is hoped that the Profession will appreciate the importance of fully supporting *Physicians* devoted to this laborious and expensive specialty, and responsible for the quality of all Virus issued.

If the patronage of Physicians is distributed amongst all, who, often without any fitness, offer to supply true animal virus; the simple result will be that no one will receive enough to maintain a proper establishment.

Our Senior Partner has been for over twenty years devoted to the specialty of Vaccine supply. He introduced true Animal Vaccination into America in 1870; and our establishment is by far the most perfect and extensive in the world.
