REV. DR. DOWLING'S GREAT WORK ON ROMANISM.

New and enlarged Edition, with the Author's last additions.

A BOOK FOR EVERY PROTESTANT I

The History of Romanism, from its earliest origin to the present time -By the Rev. John Dowling, D. D.-Embellished with upwards of 50 highly finished engravings, chiefly from original designs.

Just published with the Author's final corrections a new and valarged Edition of this splendid and popular work, with a copions supplement, com-prising a History of the Life and Reign of the present remarkable Pope, PIUS IX, and a Bi ographical Sketch of the last Pope GREGO RYXVI.

THE best encomium upon this learned, complete and popular History of Romanism, is the fact that SIX-TEEN THOUSAND COPIES have been sold in about three years and stift there is a constant demand for it in all parts of the country. In order to meet this demand, and to gratify the public curiosity in relation to the present Pope Pius IX, the present enlerged edition is presented to the public. With the Supplement, the work now forms a splendid octavo volume, for the parlor, or for the library, of 732 pages.

Testimonials to former Editions, selected from more than a hundred, from all Protestant Denomi nations.

EPISCOPAL.

From the Protestant Churchman,

"This is a beautiful volume of 672 pages. Good ser vice has been done for the cause of truth by this publica-non, and it certainly ought to secure for its author an enviable reputation among contributors to the standard literature of the day.'

From the Episcopal Recorder.

a" It traces its subject from the earliest corruptions of Christianity to the present time. It has a full Chronological Table, with Analytical and Alphabetical Indices and Glossary. It is a large and beautiful volume, and full of trabule information? of valuable information.'

MUTHODIST.

From Zion's Herald.

"It is wriden in a popular style. Its engravings are numerous and finely executed. The book wall doubtless be popular, and cannot fail to produce a profound convic-tion of the terrible imquity of Anti-Christ."

Rev. George Coles, of the Christian Advocate and Jour nal says—'I cannot but express my gratitude to Almighty God that such a concise and complete development of I the Mystery of Iniquity' is now presented to the public in a form so elegant and attractive."

CONGREGATIONAL.

Rev. Dr. Cheever, in the New York Evangelist, says "We ought to have noticed this excellent and beautiful work before. It posserses many and very strong claims for popular favor, and we do not doubt that it is destined to have an extraordmary sale. The work itself is charac-terized by great research, and a comprehensive and Scrip-tural-view of the nature and history of the Popish system."

PRESBYTERIAN.

From the (Philadelphia) Presbyterian.

"Such a work required deep and protracted research, and it affords evidence that diligence, caution, and judgment, in the selection and arrangement of materials, have not been wanting. The author has availed lumself of the writings of both Protestants and Papists, and has brought together a greater mass of information on the history, the spirit, and the doings of Popery, than we have ever seen before in one volume."

MISCELLANEOUS.

From the Christian Intelligencer, (Dutch Reformed.)

"Those who would see a correct and condensed exhibition of the ten thousand adominations of the Papacy, may find it, to their amazement, in 'Dowling's History of Romanism.' Its contents form a rich sortchouse of histori Romanism.' Its contents form a new softenesse of instor-cal instruction, which, if it could be placed within the reach of every family, would prove an unspeakable bles-sing to our beloved country. This is the book for Ameri-cans. Place it beside your Bibles. Compare its records of crime and the Papal principles it exposes with the holy doctrines and immaculate hie of Jesus of Nazareth. When you have done this, you will have no difficulty in deter-

mining whether or not Romanism is Christianity."
Rev. Alexander Campbell, President of Bethany Col-Rev. Alexander Campbett, President of Demany College, of the Church of the Reformers, says: "In this work are an immense assemblage of facts and documents connected with the development and history of this great mammoth institution of egror and iniquity. Popery is demammoth institution of error and iniquity. Popery is developed in this treatise from its birth to the present hour. We desire for this Book a very large circulation. It is only necessary to enlighten this community in the true spirit and character of the Papal System, to secure them

spirit and character of the Papal system, to secure them against its insiduous attacks upon everything we as a people hold dear and sacred. Let every one who buys this work communicate freely to all around him the developments which it reveals, and the facts which it records."

President Cramp, of Montreal, Editor of the Montreal Register, and author of the Text Book of Popery, says:—

"This important work possesses merits of a high order. We are pleased to see that Dr. Dowling furnishes ample references to his authorities. The matter is well arranged: references to his authorities. The matter is well arranged the facts unquestionable; the etyle lucid; and the spirit, Catholic, in the proper sense of the term. Its extensive circulation will be highly advantageous to Protestanism." MF Notwithstanding the extensive Supplement now added to this valdable work, the price will remain the same as the former editions. Three Dollars per copy.

THE FARMER'S PAPER

THE CANADIAN AGRICULTURIST:

The best and chcapest Farmer's paper published in Canada, and the only one now published in Upper Canada.

THE second volume of the Agriculturist, in its present form, commences Jaimary 1850. It issued monthly, and contains 24 pages, doubles columns, imperial octavo. During the present year, the advertising sheet will be dispensed with. It will contain numerous illustrations of Machines and Farm Implements, Farm Houses and Cotlages Se., Plans for School Houses, and Diagrams in explanations of questions in machanical science, and natural hilosophy.

Great care will be taken in the selection of matter, whether relating to Agriculture, Horticulture, Mechanics, Domestic Economy, Education, or general Science .-Several intelligent practical farmers and gardeners have promised correspondence, and the editors will be happy to receive communications from all their subscribers.— Such as are of interest will be freely published. Two or hree gentlemen of high selectific attainments [one of whom is connected with the University,] have agreed to contribute to the column of the Agriculturist.

Farmers, subscribe and pay for your paper, and then write for it; all parties will thus be pleased and bene-

The Agriculturist is devoted to the development and advancement of the real interests of Canada. Much good has already been done by this paper, and those which preceded it, and of which it is a continuation. But the proprietors of the Cultivator, and the other papers alluded to, suffered great loss; and the proprietors of the Agriculturist have, so far, been out of pocker, be idea the time, labor and enxiety spent in its publication. Is the reproach that the farmers of Canada will not support an agricultural paper of any kind, to continue? We hope not. Let those who love their country, and desire its improvement, make a little more effort this year, and the reproach may be wiped out forever.

As an inducement to extra exertion, we offer the following Premiums:

ONE HUNDRED DOLLARS! SEVENTY-FIVE DOLLARS! FIFTY DOLLARS!

Every person who will produce 200 subscribers for the Agriculturist, at the subscription of ONE DOLLAR, and remit the money at the time of ordering the paper, will be paid \$100; for 160 subscribers, \$75; for 120 ditto, \$50; for 75 ditto, \$30; for 60 ditto, \$25.

Agricultural Societies, and those persons who obtain

paper through the society, are excluded from the above. As we have no travelling agents, the offers are open, and accessible to all, with the exception just mentioned. No papers will be sent unless the subscription accompanies the order, until the smallest number [60] is realized; after that one-half the price may be retained by the competitor. till the completion of the list which he intends to forward. Who will try? Where is the township of Canada West, in which no young man can be found willing to spend two or three weeks this winter to win at least the \$25

Agricultural Societies ordering 25 copies and upwards, will be supplied at half a dollar, twelve copies and upwards, 3s. 9d. Single subscriptions, one dollar. Local Agents, who will procure over three subscribers and remit us the subscription, free of postage, will be adowed

THE CANADIAN WESLEYAN METHODIST

NEW CONNEXION CHURCH.

For the Watchman.

To all the Superintendant Preachers in the Canadian Wesleyan Methodist New Connexion

I would remind you, through the Watchman, that it will be needful for you to forward to me by the twentieth of April next, a statistical account of your circuits in the same form as the Tabular view of the state of the Connexion as published yearly in our minutes, accompanied with those remarks which will assist me in making up my annual report for the English Conference. The Conference in England passed a resolution, last year, requiring this to be done, by the General Superintendant, annually. I trust that the latest communication will reach me by the time above specified.

I am, Dear brethren,

Yours affectionately,

H. O. CROFTS, General Superintendant.

THE WATER CURE JOURNAL,

AND HERALD OF REFORMS:

VOLUME EIGHTH, COMMENCING JULY, 1849.

THE WATER-CURE JOURNAL AND BERALD OF RFFORMS, is published monthly, at ONE DOLLAR a year, in advance, containing thirty-two large octavo pages, diustrated with Engravings, exhibiting the structure, Anatomy and Physiology of the entire Human Robert Line and Control of the Control Body, with tamiliar explanations and instructions to learners.

is emphatically a Journal of Health, adapted to all classes, and is designed to be a complete tamily guide, in all cases, and in all diseases.

HYDROPATHY

will be fully unfolded, and so explained that air may apply it in various diseases, even those not curable by an other means. There is no system so simple, harroless, and uni-versally applicable, as the Waten-Cune. Its effects are almost miraculous, and it has already been the means of saving the lives of thousands, who are entirely beyond the reach of all other known remedies.

THE PHYLOSOPHY OF LIFE AND HEALTH

will be fully discussed, in every particular, including Food, Air Drinks, Clothing, and Exercise, showing their effects. on the body and mind. REFORMS

in all our modes of life wid be pointed out, and made to plain that "he that runs may read." We believe fully that man may prolong his life much beyond the number of years usually attained. We propose in this Journal to

TO INVALIDS, no matter of what lisease, the principles of Hydropathy

may safely be applied, and in nine cases out of ten, great benefit may be derived therefrom. TO THOSE IN HEALTH.

Without health even life is not desirable, unless a remedy can be found. To preserve health no other mode of living can compare with this system. In fact, were its rules observed and carried out, many of our ills would be forever banished from the earth, and the succeeding generations grow up in all the vigor of true mankind.—It will be a part of our duty to teach the world how to preserve health, as well as to cure disease.

TO WOMEN AND MOTHERS

it is universally con. eded, by all intelligent practitioners, as well by the old school as the new, that the Water-Cure is not equalled by any other mode of treatment in those peculiar troubles common only to woman. This Journal will contain such advice and instruction as may be considered most amportant, in all these critical yet unavoida

TO HYDROPATRIC PRACTITIONERS.

We wish to have it distinctly understood, that this Journal will be devoted to the interests of no party, but will represent the entire Hydropanhie procession. Our pages will be open to all who may favor us with such communications as may be of general interest to all classes. Reports of important cases, and all other matters pertaining to health, will be thankfully received, and laid before our readers.

TO THE PUBLIC.

Our facilities for publishing such a work, as this are unsurpassed by any other house in the United States. We have obtained the co-peration of all the leading Hydrowhole combined talent of the entire profession. Resides pathic writers of the age, which will enable us to present the this we have had a wide experience in journal publishing, and have securred the services of nearly all the medical reformers in the land.
