DEOLISE MILITARY LEADERS HOLD & COUNCIL-A BYESINIA TO INVADE FOUDAN - MUTIMOUS prelates of his own household. THOOPS AT ASSOURT.

LONDON, April 27, -A council was held in the War Office this morning. It is reported that the Duke of Cambridge, Lord Wolsely, the Marquis of Hartington and others advise against the expedition to Berber, or any ad-vance whatever until a full force is equipped to relieve Khartoum in the autumn. The Egyptian premier is pressing the govern-ment to come to an immediate decision. Egyptian troops at Assoun and other fifty-one head recently sent into Cambridge, stations in Upper Egypt declare their Inten- shire from Liverpool, and the patile inspector tion of joining the Mahdi, and numbers of them are deserting. The Khedive is constantily receiving letters warning him that he the cattle could not have come from America, is doomed to speedy death unless he abdicates.

The King of Abyssinia has agreed to Ad-miral Hewitt's proposals to invade Soudan and relieve the Egyptian garrisons and assist them to withdraw through Abyssinis.

A despatch from Berber reports four brigades of Bashi Bazouks and five hundred soldiers joined the rebals.

CAIRO, April 27 .- The troops at Berber have traternized with the rebels. The condition of in the House of Lords by Baron Car-affairs excites the deepest concern. PARIS, April 27.—The Gaulois says France will urge the conference to re-establish the dual control in Egypt should the powers be inclined to assent. Lord Granville has prepared a counter proposal placing the finances of Egypt under general European control. The Republique Francaise says that at the proposed conference of the powers concerning Egypt the whole Egyptian question, not simply the financial situation, will be de facto submitted to the arbitration of the powers.

CAIRO, April 28.—Becent reports of the surrender of Berber ware premature. The British agent there telegraphed to-day that the position of the town was desperate, but he did not mention the surrender. Subsequently, however, he announced that all the troops were leaving town and that the rebels were entering the houses in the outskirts. The agent has left Berber for Korosko. The Egyptian officers at Assouan have received letters from El Mahdi's lieutenant ordering them to guit town within ten days, and warning them that if they do not they will be annibilated.

LONDON, April 28 .- In the House of Com mons last night the Right Hon. George J. Dodson, Chancellor of the Duchy of Lancastor, confirmed the report that fifteen head of cattle had been found in Wimpole, in Cambridgeshire, infected with the foot-and-mouth disease. These were a portion of a herd of shire irom Liverpool, and the catile inspector at Liverpool had reported that they ware from America. Mr. Dodson asserted, however, that the inspector to the contrary notwithstanding, as all American cattle are slaughtered at the ports where they are landed. The last Oazadian cattle, moreover, landed at Liver-pool April 12, were perfectly sound. Furthermore, Mr. Dodson said he did not believe there was any foot-and-mouth disease in either the United States or Canada. He moved, therefore, to restore the Oattle Bill to the original form in which it was intro uced

necessary in defending the country against the admission of diseases from abroad. If adopted as it came from the House of Lords, the measure would inevitably tend to hamper trade and increase the price of meat. It would in reality be equivalent to protection. It is acknowledged that the government attached great importance to Mr. Dodson's motion. But in spite of this, the motion was rejected by a vote of 185 to 161. When this result was announced Mr. Dodson asked for time for paid. the government to consider the position in

which they were placed by the vote. Sir Stafford Northcote, the leader of the Opposition, said that the government had twice this season defied the opinion of the house in matters deeply affecting the agricultural interests of the country. Mr. Gladstone said that the bill had been

discussed on party lines. The Government were therefore entitled to exercise their judgment in regard to what course they should follow. The measure will be discussed again on Friday, when the Government will state the course which it intends to pursue. The defeat of the Government was due to the fact to the Government in order to display their power by effecting a Government defeat.

The cattle bill will probably be abandoned. London, April 24—In the House of Com-mons this evening Wm. O'Brien, member for Mallow, called attention to the arrest of Fitzgerald, the alleged Fenian, a fortnight ago, and asked if there was any precedent for the demand binding pledges of England to re-hugger-mugger system of secret arrests and nounce the idea of annexing or establishing a protectorate over Egypt, and that if Eng-private examinations. WEEKLY REVIEW - WHOLESALE MARKETS.

There have been few interesting features in the city trade the past week. The failure of the leather firm of Cassils, Stimson & Co., for nearly half a million dollars, caused rumors to be floated concerning other firms both in and out of the leather business, but they turned out to be premature, the banks interested orming to the aid of their customers. The Loan and Mortgage Company, which was involved in frouble through fits manager, a brother of Thomas Craig, ex-President of the Exchange Bank, has been compelled to reduce its capital fifty per cent, and another fact which may interest country readers is that Thos. H. Hodgson, the former cheese king of Montreal, is still detained in jall at New York by the Rochelaga bank for a debt of \$18.000. Though the river is clear of ice. the maritime interests of the port are not yet in full awing, as the St. Lawrence canals will not be open for some days yet. The ice barrier at Cap Rouge will be gone before the arrival of the first steamers from sea, but the attempt to destroy it by dynamite was a failure. We cannot prophecy great things for the spring and summer trade like some of

HOLY WEEK IN BOME.

SCANDALOUS BEHAVIOUS OF ROMAN SWELLS AND AMEBICAN GIBLS IN ST. PETER'S.

Roze, April 13 .- The French railways having sold excursion tickets at reduced rates, we have had a large influx of strangers this week. The Tenebiz services have been attended by an immense crowd at St. Peter's, where almost all fashionable Rome attended In the afternoon. St. John Lateran and St. Mark Maggiore had a more quiet lot of attendants. The bulk of the curious were in the Vatican Basilica. The behaviour of the crowd was scandalous. The most scandalous was the behavior of the young Boman swells. As the Pope is no longer the ruler of Rome, they seem to think that they are privileged to insult even the Almighty in the churches of the Vatican. These young bloods de-serted the Corso and the Pinclo to follow young ladles to the Basilica. There they talked as loud, as if they were in the street, and kept up the most scandalous conversation, making jocular remarks about the servicce and the statues in the church. Some of these impudent young men indulged in pranks for which the Plasza Navona is celebrated at carnival or on Epiphany night.

St. Peter's sextons are unable to restrain the unruly boys. The temple is profaned by their presence. English and American girls filrted and carried on outrageously. They were seated on the floors and on the pris dieus and on the confessional with the same ease as though they were seated on the grass. for a pionio or on a coach on race days.

The ceremonies of the morning were attended by a more reserved andlence. The consecration of the holy oils took place at St. John of Lateran on Thursday, and the baptism of the Jews, and the ordination of eighty . Paryohl, the new vicar, officiated.

Mr. President and Honorable Gentlemen of the Legislative Council:

Mr. Speaker and Gentlemen of the House of As sembly :

It affords me great satisfaction to be able to release you from further attendance on your legislative dutles. I thank you for the care and attention you have bestowed upon the public business during the session. The domestic affliction which has befallen Her Mejesty the Queen, in the death of His Royal Highness Prince Leopold, Duke of Albahy, has called forth your respectful expression of heartfelt sympathy. I have transmitted your address of condolence, on this melancholy event, to be laid at the foot of the throne.

Mr. Speaker and Gentlemen of the House of Assembly :

I thank you for your liberal supplies which you have asked for the public service, and ber to assure you that in their disbursement the strictest economy shall be observed.

Mr. President and Honorable Gentlemen of the Legislative Council :

Mr. Speaker and Gentlemen of the House of Assembly :

I shall have much pleasure in forwarding to His Excellency the Governor-General the now ruling in New York and at the Islands address which you have passed relative to the maintenance by the Federal Government of efficient and continuess steam service between this province and the mainland of the Domi. nion in accordance with the terms of Con. federation.

MR. O'KELLY, M.P., IN TROUBLE,

DUBLIN, April 26 .- The Empress Says James O'Kelly, M.P., who went to the Soudan as correspondent of the London News, has been arrested by the Egyptian authorities.

Suspicious documents were found in his possession, and among them letters from a Frenchman to the Mahdi.

of merchandize will, flood of immigrants and the expenditure on but in no great line of business here is there any present prospect of unusual activity, in fact we find many traders quite despondent. At the opening of navigation there is always a luli, as shipments are delayed for the first hoats and lower ireight rates, but we do not fail to notice the effect of this and to make the necessary allowance. A meeting of the cotton manufacturers was held when the ageesment recently entered into between the mills was ratified, and the advance of 10 per to shade prices in order to sell. The grocery trade also adds its quota to the general quietude which usually precedes the opening of navigation.

IBON AND HARDWARN.-Scotch warrants have been on the deoline all week and prices of pig iron here are down 50c to \$1 per ton. There has been more doing in No. 1 Siemens, and we hear of the sale of 700 tons, delivered at Galt on p. t., but said to be about \$18 75. Scotch warrants are cabled easier at 428 4d. We quote prices here as follows :-- No. 1 Coltness and Langloan, \$20; No. 1 Gart-sherrie, Summerice and Calder at \$18 75; No. 1 Dalmellington \$18, and No. 1 Eglington, \$1725 to 1750. Ingot tin is steady at £84 10s in London and at 2040 here for Straits. Ingot copper has advanced to £62, in London, and here the market is steady at 164c to 164c. Tin plates are strong, and a fair business has resulted during the week. increase of 500,000 tons over those of the year previous. We quote prices here at \$4 75 to 485 for I O 'oharcoal and \$425 to 440 for I O coke. Canada plates are steady at steady at \$180 to 185, sheets at 210 to 210 and plates at 210 to 220, lead \$3 40 to 3 50. The general hardware trade remains quiet and steady.

GROCEBIES-In the sugar market granulated 74c, which prices are unusually low, and were in light supply, and sold readily at \$7 we would not be surprised if some syndicate to \$10 and for lamba as to guality, the top stopped in at unprecedentedly reduced rates as was the case a few years ago. It is stated that rather than accept the low bids offered for raw in the West Indies some of the largest planters will hold them over for a twelve months. It is understood that several planters are carrying stocks in New In taking leave of you for the recess, I York rather than place them on the the mar-earnestly pray that God may guide you in the discharge of all your duties. York rather than place them on the the mar-ket at present. Molasses are weak at 40e to 420 for Barbadoes, but new to arrive in June would cost 350 laid down here. In fruit there is not much change, the only sales we hear of being a round lot of off-grade Valencia raisins at 410, whilst fine brands are scarce and firm at 50 to 510. A few small low of currants and prunes have also changed hands at Sc. In teas the market is generally quiet, although we learn there is a reviving enquiry for low grade Japans. In coffee and sploes there is no important change. Bloe is firm, in sympathy with strong advices from abroad, and we quote \$350 to 360 at the mill. The quantity of rice now allost to Europe is, 94,000 tons, against 144,000 tons a year ago, showing the 11 11 11 11 11

MONTREAL CATTLE MARKET.

There was a fair inquiry at about steady prices for choicejcattle, with transactions at 51 to 61c per pound live weight, as to quality. Live hogs were quiet and steady at 70 per pound. Butchers' cattle encountered a fair demand, and sales of goid to choice lots The exports from England last year show an | were made at 50 to 60 per lb, live weight, as to quality, the top figure for extra choice. At Viger market the receipts were limited, numbering about 140 head. Quality averaged fair, and under a fairly active demand prices \$2.95 for both Penn and Blaina. Bars are were steady. Oholos prime beeves brought 60 per lb, live weight, while some good lots ware sold at 510 to 510. Interior cattle brought 410 to 50 per lb., live weight. There was a fair number of calves, about 100 head, offered to a very quiet demand, so is quoted at 7 to to 8c, and yellows at 5 to that prices were lower. Sheep and lambs to \$10 each for lambs, as to quality, the top

figures for extra choice.

MONTBRAL HORSE MARKET. For horses the demand has been fair and the supply is good. Mr. Jas. Maguire, of College street market, reports the following : -Two bay horses at \$300 ; one brown horse at \$90; one brown horse at \$160; one chestnut mare at \$175; one grey mare at \$150 one bay pony at \$130; one brown horse at \$160; one chestant mare at \$91; one brown horse at \$65; one bay mare at \$120; and one bay horse at \$165. He also has in his stables at present a fine lot of borses.
