

vanced 75 cents per bushel in Toledo during the last week; the feeling here, in consequence, is very strong, and we may expect an advance at any moment. But as the weather still continues wintry, dealers so far have continued the old rates. Timothy is unchanged, but in sympathy with clover; the feeling, if anything, is stronger.

**WOOL.**—The market remains much the same as reported last week. There is a fair demand for low grade fleeces, with but few in the market. Pulled are quoted at: combing, 17 to 18c.; super, 21½ to 22c.; extra, 25 to 27c. per lb.; supers appear to be strong and some dealers are quoting 23c. Messrs. Paul Frind and Hughes have received the following cable in reference to the East India wool sales, which opened on the 21st ult.: "Quantity of East India wools declared for auction is 22,000 bales; no change in prices."

#### LONDON TEA MARKET.

The letter of J. Lewenz & Hauser Bros., dated London, 10th March, says: "A quiet but steady tone has prevailed in the market throughout the week. At auction—notwithstanding the momentary considerable increase in the quantity of Ceylon teas catalogued—the offerings were taken with good competition at fully late rates, while privately rather more business was done in China teas for export. Public sales consisted of: China teas, 14,963 packages, viz., 3,568 Congou, 8,225 scented and Oolong, and 3,170 green; Indian teas, 30,687 packages; Ceylon teas, 21,615; Java teas, 1,031. The terminal market has been quiet, but firm, and quotations have undergone little change. It is reported that in consequence of the very unfavorable weather they have had in Ceylon the export from Colombo during the current month would not reach even five million lbs."
