Sir John Schultz will, it is reported, be appointed a member of the Alaska Boundary Commission.

Mr. C. D. W. Boissevain, of Montreal, has been appointed Consul-General for the Netherlands in Canada, to succeed Mr. B. H. Dixon of Toronto.

Dr. Petersen, the new principal of McGill University, accompanied by Mrs. Petersen and two children, arrived in Montreal on Tuesday afternoon.

Mr. John Lowe, Deputy Minister of Agriculture, has been superannuated and Mr. H. H. Smith, Land Commissioner of Winnipeg succeeds to the position.

Mr. Richard White, of the Montreal Gazette, is expected back shortly from Europe, where he has been for the benefit of his health, which is reported to be greatly improved.

The Imperial Federation League in Canada held their annual meeting on Tuesday, and re-elected Lieut.-Col. G. T. Denison president. The league approved of the constitution prepared by the British Empire League, which is the title of the reconstructed body in Great Britain, of which the Duke of Devonshire is president.

In the presence of the governors and members of the Board of Trustees, Dr. Parkin, the new Principal, greeted the boys of Upper Canada College last Tuesday on the occasion of the commencement of the term. The governors present were Judge Kingsmill, Col. G. T. Denison, Mr. Henry Cawthra and Major Cosby, and the trustees Messrs. Frank Arnoldi, W. T. Boyd, J. K. Macdonald and John Henderson.

Robert Grant, whom the book-reading public know as a clever author, and who is known in Boston as a probate judge as well, is a hardworking lawyer on the shady side of forty, but apparently younger. His pen and his bicycle consume almost equally his intervals of leisure. When he was nominated for judge, his novels were alleged against his fitness for the place, and it may be that he took the objection to heart, for his later writings are in a somewhat more serious vein.

The death of Mr. Edward B. Brownlow, of Montreal, which took place on Sunday morning, though not unexpected, will be to many readers of THE WEEK a source of sincere regret. In literary circles he was well known as an enthusiastic lover of all that is best in literature. Gifted with no slight share of poetic inspiration, he has for a good many years been a welcome contributor of poetry and criticism to the magazines, especially THE WEEK. He has won a reputation in a circle that is not confined to Canada for his researches in the history of the sonnet. He rarely published over his own name, though his initials, "E. B. B.," were sometimes appended to communications. It is as "Sarpenta" that he is known throughout Canada. Mr. Brownlow gave ample evidence of literary judgment during the year in which he edited the third department of *Arctadia*, a literary journal of great excellence, founded in Montreal in 1892 by Mr. Joseph Gould, but which had unfortunately only a brief career.

THE ONWARD MARCH

of Consumption is stopped short by Dr. Pierce's Golden Medical Discovery. If you haven't waited beyond reason, there's complete recovery and cure.

Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent. are cured

by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write those cured and learn their experience. Address WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.
