

Departure

63. Upon completion of the post-inspection procedures, the inspection team and the observer shall leave, as soon as possible, the territory of the inspected State Party.

Reports

64.1 [Not later than [72 hours] after the inspection, the inspectors shall prepare a factual, [final] report on the activities conducted by them and on their findings. It shall only contain facts relevant to compliance with this Treaty, as provided for under the inspection mandate. The report shall also provide information as to the manner in which the State Party inspected cooperated with the inspection team. Differing observations made by inspectors may be attached to the report.]

[64.2 Not later than ... after the inspection the [Technical Secretariat] [Organization] shall submit to the Executive Council the final report on the inspection conducted and on its conclusions on the basis of a factual report, results of sample analysis in designated laboratories and data received by the international monitoring system as well as information provided by States Parties.]

65. [Upon the [Technical Secretariat] [Organization] completing the assessment of the inspection's findings, as provided by paragraph ... of Article ...] [The Director-General shall promptly transmit the final report of the inspection team to the requesting State Party, to the inspected State Party, to the Executive Council and to all other States Parties. The Director-General shall further transmit promptly to the Executive Council the assessments of the requesting and of the inspected States Parties, as well as the views of other States Parties which may be conveyed to the Director-General for that purpose, and then provide them to all States Parties.]

[SECTION:

[TRANSPARENCY] [ASSOCIATED] [CONFIDENCE BUILDING] MEASURES]

The following issues on transparency measures have been suggested for further consideration:

- *Exchange of information on events which might lead to misunderstandings*
- *Transparency measures related to former nuclear test sites*
- *Transparency measures related to cavities*
- *Facilities related to nuclear weapon tests*
- *Transparency measures related to chemical explosions*
