

Darling, Mr. Stan—Cont.

- Native people, 2:89-90; 5:95-6
- Nitrogen emissions, 5:26; 9:156
- Nitrogen oxides, 5:71-2
- Noranda Mines Limited, 5:48-52; 6:14
- North America/Europe, 4:17
- Oil, 7:50-1, 68; 9:155-6
- Ontario Hydro, 3:21-5
- Point of order, *in camera* meeting, M., 8:6
- Pollutants, 4:17; 5:78-9; 7:41, 109; 9:206
- Prevention and control, 2:16; 4:18; 7:84; 9:25-7, 136
- Public awareness, 2:17-8, 54-5; 5:72-3; 6:52; 7:132-3; 9:24-5, 71, 208
- Regional development incentives, 9:142-3
- Saskatchewan, 7:111
- Soil, 2:17
- Solar energy, 9:149
- Sources, 5:25-6; 6:52; 7:15-6, 134; 9:25-7, 103, 121, 168, 192
- Subcommittee
 - Advertising, 9:206
 - Mandate, extension, M., 7:4
 - Report, Ms., 10:11
- Sulphur emissions, 7:66-7, 132; 9:106, 170-1
- Territorial waters, 9:183
- Tourist industry, 7:109-10; 9:148, 168
- United States, 2:17-8; 5:72-3; 7:134-5; 9:72-3, 183
- Wildlife, 5:97; 7:148

Defence Department, see Subcommittee—Travel**Dioxin, see Electricity—Thermal power plants, Emissions****Dontar Inc. (Montreal)**

- Ownership, control, 5:82-3
- Pollution controls, 5:84-5
- Research, consultations with U.S., 5:68
- Research, expenditures, government subsidies, etc., 5:83-8; 6:50
- Sulphur, nitrogen emissions, 5:48, 64-5
- See also* Organizations/individuals appearing and briefs submitted

Dwivedi, Mr. O.P. (Professor, Chairman, Department of Political Studies, University of Guelph)

- Environment Department estimates, 1980-1981, main, 2:79, 83-4

Eastern Europe, see Prevention and control; Sulphur emissions**Ecology Action Centre, see Organizations/individuals appearing and briefs submitted****Economic Commission for Europe**

- Canada role, 4:4-5
- Mandate, 4:4-6
- Norway role, 1:10
- Pollutants, mandate, objectives, etc., 4:7-10, 24-5
 - Countries involved, co-operating, 4:16
 - International agreement, feasibility, enforcing, 4:14-5
 - International convention, Geneva, November 1979, 1:16-20; 4:6-7
- See also* Organizations/individuals appearing and briefs submitted

Economy, see Environment**Education, see Public awareness****Effer, Dr. Ray (Manager, Environmental Studies and Assessments, Design and Development Division, Ontario Hydro)**

- Environment Department estimates 1980-1981, main, 3:5-35

Electricity

- Alberta, demand increasing, coal fired stations, emissions, controlling, standards, etc., 7:8-9, 15-8
- Atlantic provinces, 9:136
- See also below* Coal conversion

Electricity—Cont.

- Coal conversion of oil-fired plants, 6:61
 - Air quality control, need, 9:110, 144
 - Atlantic provinces, federal grants, environmental standards, etc., 7:141-7; 9:20-1, 46, 52, 65, 70; 9:75-6, 98, 138, 140-2, 146, 154-5
 - Expense, justifiable, 9:154-5
 - New Brunswick, Coleson Cove plant, emission standards, etc., 9:96-101, 109-10; 9:128
 - Nova Scotia, emissions, scrubbers installation, etc., 9:7, 12-3, 19-26, 31, 39, 145, 170-1, 185, 192, 201-3
 - Sulphur reduction, scrubbers, cost, etc., 1:74-5, 83-5, 90, 101; 6:17; 9:143
 - United States, 2:6-8, 51; 6:17; 7:70, 76-7, 142; 9:45, 73-6, 140
- Exports to U.S., 2:25-6
- New Brunswick
 - Power plants, 9:104
 - See also above* Coal conversion and *see also below* Peat-fired plant—Thermal power plants
- Newfoundland, hydroelectric/coal generating plants, environmental impact, etc., 9:57-8
- Newfoundland, potential, 9:58
- Nova Scotia
 - Expenditures, subsidies, 9:189-90
 - Public Utilities Board review, 9:189-91, 194-5
 - Requirements, 9:204
 - See also above* Coal conversion and *see also below* Thermal power plants
- Peat-fired plant, N.B., constructing, 1:76; 9:105
- Prince Edward Island, 9:121-2
- Role, demand, 9:152-3
- Thermal power plants
 - And coal liquification plant, Hat Creek, B.C., constructing, effects, etc., 7:158-65, 168-76
 - Emissions, fly-ash, dioxin, 7:17
 - Emissions, reducing, cost effectiveness, studies, etc., 1:87-95, 101; 9:20
 - Emissions, reducing, ideal criteria, representations to U.S., 2:21-2
 - New Brunswick, scrubbers, installing, costs, alternatives, etc., 9:96-9
 - Nova Scotia, 9:199
 - United States, emissions, 9:198-9
 - See also* Ontario Hydro
- United States
 - Emissions, 3:7
 - See also above* Coal conversion—Exports—Thermal power
 - See also* Housing; James Bay power development; Nova Scotia Power Corporation; Ontario Hydro

Employment, see Agriculture—British Columbia**Energy, see Alternative energy****Energy, Mines and Resources Department**

- Mandate, 1:77-9, 82
- Private sector use of technical, scientific expertise, cost recovery basis, 1:77-8
- Publication, *GEOS*, 1:80
- Research, 1:68-9, 81-2
- Environment Department, co-ordination, 1:82

Energy policy

- National program, effects, 9:154-6
- Nova Scotia, 9:201-4
- See also* United States

Energy resources

- Demand, effects, 2:34; 4:11
- Peat, potential, 9:59, 105
