President Charles E. Diehl,  
Southwestern College,  
Memphis, Tenn.

Dear President Diehl:-

We should have been glad to be represented at your opening and to have taken that opportunity of offering you our best wishes for the success of your Institution under its new Charter, but we have unfortunately found it impossible to arrange for a delegate, and must therefore confine ourselves to an expression of our congratulation on your Semi-Centennial Celebration. Our hopes for your future prosperity, if not presented in person, are none the less sincere.

Yours faithfully,

Wilfrid Bovey.
