

March 19th, 1928.

Professor James T. Shotwell,
405 West 117th Street,
New York City.

Dear Jim:-

Replying to your letter of the 15th of March with reference to the study to be made by Professor Mears. I shall refer the matter to the Canadian Council for their action. I think a study of shipping from British Columbia to the Orient should be included in Mears' report.

All good wishes.

Yours faithfully,
