

Works by the Same Author,  
**NEWFOUNDLAND,**  
**THE OLDEST BRITISH COLONY.**

PRICE EIGHTEEN SHILLINGS.

LONDON: CHAPMAN & HALL, 1883.

*(Fortnightly Review.)*

This work on Newfoundland is a difficult task extremely well executed. It is an admirable account of the oldest English colony.

*(London Academy.)*

In no other work is the Newfoundland staple trade treated so fully and so well, and the chapters on the fisheries alone would give the volume a lasting value. It is an admirable book, worthy of soon attaining the second edition.

*(Poll Mall Gazette.)*

An interesting and well-written book.

*(London Graphic.)*

A standard book of reference.

*(London Spectator.)*

A most entertaining and useful book, which we hope will find many readers.

*(St. James's Gazette.)*

A complete and graphic account of the oldest dependency of England.

*(European Mail.)*

No more interesting work has ever come under our notice.

*(The Scotsman.)*

The book is a piece of solid workmanship.

*(The Literary World.)*

An exceedingly interesting and valuable work.

*(Atlantic Monthly.)*

An interesting work by a painstaking student, who sets about a thorough representation of the country.

*(New York Herald.)*

The best account of Newfoundland ever printed.
