GREECE IS EAGER FOR GOOD WILL OF ITALY

Premier Venizelos Seeks to Remove Friction by Pacific Utterances.

ROME, Jan. 8.—(Can. Press.)—Eleutherios Venizelos, the Greek premier, who is on a tour of the European capitals, arrived here today. He said that his object, in coming to Rome was to improve the relations between Italy and Greece and re-establish a close friendship between the two countries. He desired to have Italians and the Italian Government realize that the claims of Greece were based on sacred rights, which had their foundation in that principle of nationality that had led to Italian unity and greatness. He hoped to demonstrate that the interests of Greece coincide with those of Italy.

Premier Venizelos will be received by King Victor Emmanuel on Saturday, dining with the sovereign. He will leave Rome that evening for Paris, where he expects to remain for several days in connection with the proposed loan.

OTTAWA TO HAVE PEACE MEMORIAL

Parkman and Champlain Not to Be Forgotten by Coming Generations.

OTTAWA, Jan. 8.—(Can. Press.)—At a meeting of the executive of the Canadian Peace Centenary Association this afternoon it was announced that part of the celebration will be the erection of a Parkman and Champlain memorial in Ottawa. This memorial will be the gift of the general committee of the American Peace Centenary Association and will be quite apart from any memorials to be erected by the various governments.

This announcement was made in a telegram from John A. Stewart, chairman of the executive sub-committee of the American committee.

"Our committee," telegraphed Mr. Stewart, "have favorably acted on a motion to present the people of Canada with a Parkman and Champlain memorial, to be erected in Ottawa. An eminent sculptor will undertake to have the memorial completed by next spring."

The meeting of the executive was held in the railway committee room of the senate and was presided over by Sir Edmund Walker, president. Others present were Sir Alexander LaCoste, Hon. G. H. Perley, Sir Joseph Pope, Hon. W. L. Mackenzie King, Lewis C. A. Magrath, C. F. Hamilton and E. H. Scammell, organizing secretary.

Action was taken in regard to a number of suggestions concerning the celebration. A resolution was passed suggesting that the final gathering of the celebration should take place at Niagara Falls.

The question of the erection of bridges and other joint memorials was referred to the Canadian members of the joint international committee for report. A suggestion for the establishment of a memorial on the Niggara River was received and was endorsed by resolution.

A number of new members were added to the general committee of the Canadian Peace Centenary Association. This provides for fuller representation of all phases of Canadian life.

Executive Increased.

The executive committee was increased by the addition of the secretary of the National Council of Women, Mrs. F. H. Torrington of Toronto; G. A. Clare, W. C. Welch, Arthur Devigny, William M. German and Lt.-Col. Farquhar, military secretary to the Duke of Connaught, who succeeds Lt.-Col. Lowther.

Charles Cambie, manager of the Ottawa branch of the Canadian Bank of Commerce, was appointed honorary secretary of the association and a member of the executive committee.

Sir Edmund Walker, Hon. Raoul Dandurand and C. A. Magrath and Travers Lewis were selected as the Canadian members of the international joint committee. On this committee Great Britain appoints five members and the United States nine.

BARQUE BURNED AT SEA

Captain, Wife and Two Daughters Rescued.

ASTORIA, Ore., Jan. 8.—(Can. Press.)—The German bark Ellbeck arrived early today from Santa Rosalia, Mexico, in ballast. She brought Captain W. Marters, his wife and two young daughters and sixteen officers and men of the British bark Battle-Abbey, burned at sea Dec. 28 last. The party abandoned the vessel after her coal cargo had been used for more than a week. After three days in a lifeboat the castaways were picked up by the Ellbeck.

The Battle-Abbey was owned by Hing, Ross & Co. of San Francisco, and was registered under the British flag. She was of 1468 tons burden, built of steel, and launched in 1876. The ship's papers and instruments were saved.

She was out of Newcastle, N.S.W., Oct. 18, bound for Vancouver, B.C.

WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, the result of acidity; therefore, stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste, as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphate of magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and flatulency, you will find that your food agrees with you perfectly. Bisulphate of magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acids in the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it takes more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisulphate of magnesia from your druggist, eat what you want at your next meal, take some of the bisulphate of magnesia as directed above, and see if I'm not right."
