

HAMILTON HAPPENINGS

PETER KENNEY ARRESTED EMBEZZLEMENT CHARGED

Collector Accused of Having Juggled Accounts — Discovered During His Illness.

HAMILTON, April 15.—(Special.)—Peter Kenney, 242 West Main-street, one of the men of the Frank E. Walker weekly payment store, was arrested this afternoon on the charge of misappropriating funds. The amount is not large. Amongst his duties was collecting for the firm. A few weeks ago he was taken seriously ill. Walker's book change of Kenney's route and he took charge of Kenney's accounts for certain sums and turned only part of it to the firm. It is alleged that some twenty-eight small accounts were juggled with, the discrepancies ranging from \$1 to \$5. Only his collections for the last year have been inspected. The collector was under bonds to the extent of \$1000, a great deal more than he is charged with embezzling, and it is the guarantee company that is insisting upon a prosecution. Kenney had been employed by the company for ten years, and was a trusted employee. He has been very prominent in fraternal organizations. He will appear in police court on Tuesday morning.

The congregation of Knox Church celebrated their sixty-third anniversary this evening with a tea and concert. Rev. A. Esler, Cooke's Church, Toronto, delivered an address, and a musical program was given by Mrs. A. W. Palmer, Miss A. Broughton, W. J. Smith and the Masungu Male Quartet. The anniversary of the Chariton-avenue Methodist Sunday school was held this evening. S. O. Dimmick, the secretary, presented the receipts for the year were \$652. There are 400 scholars, and the average attendance is 207.

At the eighty-third anniversary of the First Methodist Sunday School, the annual report stated that there were 623 on the rolls, an average attendance of 488. The receipts amounted to \$1811, and the expenditure \$1748. The church officers were presented this evening on the charge of criminal non-support.

Was a Boer War Veteran.

The man who was fatally injured on the Radial Sunday has been identified as John Holmes, a section man employed by the Radial. He was an Englishman, about 40 years of age, and had served in the Boer war.

The three young men who made a row in the Chinese restaurant Saturday night were each fined \$5.

There are some twenty claimants for the estate of the late Robert Ferguson, who left \$20,000 in Ontario and England. Judge Snider will decide as to which are entitled to the money.

Thomas Joy, a cripple, and a son of Edward Joy, the G.T.R. flagman, dropped dead, outside of the Court House, on the night of the 14th.

Arrangements are being made for the reception of Lieut.-Governor Clark, who has accepted an invitation to visit the city early in June.

Catholics Joined.

Yesterday in all the Catholic churches the following letter from Bishop Dowling was read in full: "The following letter from the Society of the Holy Name of Mary, in respect to these classes of publications than any other country. In making the announcement in the house of commons, Mr. Buxton said the concession must not be regarded as a precedent for a reduction in other classes. It was based on the special and peculiar position offered by Canada, geographical and otherwise, by which British newspapers are enabled to obtain a footing in Canada. The arrangement, Mr. Buxton added, was experimental, and was limited as present to four years.

A SACRIFICE FOR CANADA.

OTTAWA, April 15.—(Special.)—In the House this morning, Hon. Mr. Lemieux announced the change in the postal rates with Britain. The arrangement, he said, had been proposed years ago by Canada to England, but had been stoutly refused every time, on the ground that it would involve very great loss to the revenue in England. But, as stated by the British postal authorities, this advantage was given in favor of Canada on account of the special geographical position of Canada. The fear was that the same demand might be made by other colonies. It was a sacrifice of a pecuniary nature quite large on the part of Britain, and they owed special thanks to the British postmaster-general, Mr. Buxton, who, in the matter, had been very generous towards Canada. He said the work of the postal department was hampered seriously by the volume of American newspapers and magazines coming into Canada.

Mount Clemens and Detroit.

In through Pullman parlor car. You can leave Toronto at 1.00 p.m. daily except Sunday via the Grand Trunk for Mount Clemens, Mineral Springs and Detroit. For tickets and illustrated literature call at Toronto City Office, northwest corner King and Yonge-streets.

BUXTON REDUCES RATE ON MAGAZINES TO CANADA

Rate of Two Cents a Pound Instead of Eight, Experiment for Four Years.

LONDON, April 15.—The postage on newspapers, magazines and trade journals between Great Britain and Canada will be reduced to two cents per pound May 1, instead of the present charge of eight cents, thus putting Great Britain in a more favorable position towards Canada than any other country. In making the announcement in the house of commons, Mr. Buxton said the concession must not be regarded as a precedent for a reduction in other classes. It was based on the special and peculiar position offered by Canada, geographical and otherwise, by which British newspapers are enabled to obtain a footing in Canada. The arrangement, Mr. Buxton added, was experimental, and was limited as present to four years.

HOUSE OF INDUSTRY

The seventh annual meeting of the subscribers to the House of Industry will be held in the board room today, 10th inst., at 2 p.m.

The mayor is expected to preside at the meeting. All interested in the work of this institution are invited to attend.

HENRY O'HARA, Chairman.

PROTECTING ISLAND SHORE.

Messrs Macdonald and Church Take Steps to Have Work Commenced.

A. C. Macdonell, M.P., and Aid. T. L. Church, harbor commissioner, visited the island yesterday and found that the work on the construction of the long crib work and breakwater on the south shore of Centre Island, for which a contract was let by the government a month ago, has not begun.

They had a conference with Ganey & Miller, the contractors, and J. G. Sing, the government engineer, and found that there was a slight change in the plans, and that the work would begin in about ten days. The spring storms are doing great damage on the south shore.

After a lot of work extending over three months, the government's report on the western entrance is ready, according to Aid. Church. Mr. J. G. Sing, the government engineer in charge, left for Ottawa last night and will file his report with the government. The surroundings show that the present entrance surface is hard rock, but that 1000 yards south a fine channel of 20 feet can be had and the rock moved easily and in some places there is 20 feet and no rock. The marine men of the city and harbor board asked to have the present entrance retained. The report of the engineers will likely be completed tomorrow, and Mr. Sing will probably hand it to the government before his return.

Mr. Church and Mr. Macdonell say there are good grounds for expecting that a considerable sum will be placed in the supplementary estimates. The question of which entrance to choose will be settled later. Controller Ward and the mayor were in Ottawa and asked for improving the western entrance also.

It is said Mr. Sing found much deeper water at the western entrance than the harbor officials reported. The difference now is due to southeast winds. The splendid work done by the member for South Toronto, Mr. Macdonell, M.P. for the harbor, is appreciated in marine circles, said Mr. Church. His activity at Ottawa in this respect is producing splendid results. For the eastern channel already \$100,000 has been voted.
