HAMILTON NEWS

WILL MR. TEETZEL WALK?

Indications of a Hot Contest for the Mayoral Chair.

MR. J. H. TILDEN TALKED OF

In Case He Accepts Nomination the Contest Will, It is Believed, Be Run on Political Lines — The City's Death Rate — Railroad to Guelph—General News.

Hamilton, Dec. 2.—(Special.)—At last there is every indication of a straight, hard fight for the Mayoral chair. J. V. Teetzel, Q.C., has been in the field so long alone that he has almost come to the conclusion that he would go in unopposed. This state of affairs, however, will not exist long. A large number of prominent citizens, who say Hamilton needs a business man as Mayor, have pressed Mr. John H. Tilden to come out as a candidate. Mr. Tilden has promised to give his answer to-morrow, and it is confidently expected that it will be in the affirmative. With none but Messrs. Tilden and Teetzel in the field, the fight will be a lively and interesting one. Politics are not supposed to enter into such contests, but, despite Mr. Teetzel's protestations, the battle will be a straight one between Conservative and Liberal.

The City's Health.

Medical Health Officer Ryall reports the death rate as 13.87 per thousand, against 11.85 last year.

The total number of contagious diseases was 565, a rate of 11.07 per thousand. Dr. Ryall recommends that the health officials be given power to inspect cow byres in the county.

On to Guelph.

Thomas E. Hillman, engineer, has been instructed to survey two direct lines to Guelph and Berlin for a fast electric railway service. The proposed line will run from a point on James-street to and along Burlington Beach, thence over the old canal, and will follow in some respect the original radial railway survey to the top of the Flamboro escarpment. It will be as straight as possible. Once over the hill, the road will fork, one line leading direct to Guelph, through Millgrove, Freelton, Aberfoyle, etc., and the other through several villages to Galt, Waterloo and Berlin.

Cake Walk and Debate.

A crowded house took in the debate and cake walk at the Grand Opera House tonight. The subject of the debate was "Art versus Nature," and Prof. Butler completely vanquished his opponent, Prof. Gant, who advocated the beauties of nature. Four couples entered for the cake walk. The winners were: Arthur Richardson and lady 1, George Hollingsworth and lady 2, Frank Bromley and lady 3.

A burlesque cake walk wound up the proceedings, introducing Eva Bissy, a child 5 years old, and Helen Henery, 3 years old.

Bills, with obstructing the street by erecting a gate. Woburn-avenue was formerly a part of the park and is at present registered as a street. Barrister McKay took objection to the Magistrate's jurisdiction to try the case, in view of His Worship's observations during the trial the complainant withdrew the case.

EXITS AND ENTRANCES

Ralph E. Cummings.

The mere announcement of the engagement of this sterling actor and Toronto favorite means that his engagement at the Toronto Opera House will be one of the largest ever known in the history of the theatre. Judging from the advance sale, which has been on for a few days, the capacity of the house will be tested at every performance. Since Mr. Cummings' departure from Toronto he has surrounded himself with a company of playrs whose reputation and capabilities have established

BLANCHE DOUGLAS.

a precedent in the formation of stock companies. It has been his ambition to gather a number of players whose individual excellence would merit the consideration of every theatre-goer, so that he could present all the latest novelties of New York to compare favorably with the original production. The opening bill will be Lester Wallack's charming society drama, "Rosedale," a play that made that actor famous, and which, it is said, gives Mr. Ralph Cummings every scope to display his natural genius. The company engaged to support this young star consists of many local favorites—Blanche Douglas, Miss Grace Atwell, Mr. George Christie, Willard Blackmore, Frank Drumier, Marie Haynes and Wilson Deal.

"Jack and the Beanstalk."

"Jack and the Beanstalk," the charming fairy spectacle that will be seen at the Grand Opera House next Monday, Tuesday and Wednesday nights and at the Wednesday matinee, is universally regarded as the ideal stage entertainment of its kind. It combines every quality required for a popular and successful extravaganza and even the most captious critics have failed to find in it a single feature at which to cavil. On the other hand they have warmly praised its sumptuous equipment, have commended it for its elevated tone and have given it the credit of being far and away the best effort of its class seen within many years. Klaw and Erlanger have taken pardonable pride in the favor that has been shown this attraction. The nursery rhymes that have been a part of childhood's pleasure since time was young have been woven into a delightful dramatic story and given the embellishment of superb costuming, magnificent scenery, ingenious electrical display and melodious musical setting. A very large organization, numbering 80 people, takes part in the performances. The leading lady is Miss Louise Hepner, a native of Toronto.

Princess Theatre.

"Blue Jeans," the best play that has emanated from the productive brain of Joseph Arthur, made famous as the star of the "Still Alarm" and "Corn-Cracker" and other successes of note, has been selected for the attraction at the Princess Theatre next week.

"Blue Jeans" has all the elements to make it attractive and interesting for the average theatregoer. It is replete with exquisite comedy, a truthful love story and sensation that attracts the orchestra and delights the gallery.

Such a menu as the saw-mill scene, the barbecue, the rising sun auroras the rustic dinner, cannot but appeal to the constituents of the better class of comedy-dramas.

Mr. Cummings informs us that he has spent more care and time upon this play than any piece in his career as manager of the Princess Theatre.

The buzz-saw scene is most intricate and difficult to build, and he was compelled to request the manager of the 14th-street Theatre, New York, to send the stage carpenter to Toronto to erect it, the situation being of such a nature that unless every care is given to it, the result might be serious to the actors.

Miss Corina Jordan, a young lady who is considered an American stage beauty, has been secured as leading lady for this theatre, and the management expects her to create quite a furore in Sue, which part she created in the original New York production.

Everybody's favorite, Miss Nettie Marshall, will appear as June, undoubtedly one of the best comedy parts ever written and which is spoken of as being peculiarly adapted to her unctuous and rollicking style.

Mr. Harry Glazier, Mr. Thomas J. Grady and Mr. Robert Cummings together with the full strength of the company have been cast for the production, and it is promised that everything will be done to present this realistic drama in a manner that will merit the highest consideration of our local theatregoers.

The Latest Farce Comedy.

Mr. James Kierns, who plays an obliging friend to a young but rather wild young man in the new comedy, "A Stranger in a Strange Land," which will be seen for the first time in Toronto at the Grand Opera House next Thursday evening, discovers that disguising himself to shield his friend is not what it is cracked up to be. He gets into many snarls and gets kicked and cuffed all over the place, much to his annoyance, but he does not give up because he is in love with his friend's sister and wants to stand well with the brother in hopes of ultimately gaining the object of his heart's desire, which he does in the end, but it gets very uncomfortable and monotonous in the meantime.

The New Bijou Theatre.

Manager M. S. Robinson for the past week has been in New York booking the best of metropolitan attractions, which will appear in rapid succession at the popular New Bijou Theatre. Next week's offerings, commencing Monday, Dec. 5, will be exceedingly strong, which will be composed of the greatest all-feature novelties yet presented at this pleasant auditorium. In all of the improvements there are conspicuous signs of lavish expenditure of money and an exhibition of excellent judgment in all the detail of arrangement. There is no more inviting spot in Toronto than this, and the very fine quality of the entertainment that is given by Manager Robinson will prove attractive to the better class of theatregoers. The popular Mr. Ralph Stuart, ably assisted by Miss Florence Stone and a carefully selected company of comedy stars, will present "The Lovely Liar," a two-act production, taken from Mark Twain's "Tramp Abroad." The scene is laid in Switzerland and will be staged in an elaborate and elegant manner, augmented by new adjuncts, which appear in the cast, new scenery, novel and costly wardrobes and charming effects. This pleasing and highly-amusing comedy is said to be one of the masterpieces of the Stuart and Stone productions, and will undoubtedly prove a revelation to the theatregoers who have not observed the progress of the cheap price entertainment in a comedy dramatic manner since its introduction by Manager Robinson. The work in the principal roles would do credit to any of the high-price productions and the responsibilities are easily and gracefully assumed by the capable company at the New Bijou.

The current vaudeville attractions contain another large assortment of high-class comedy and musical sketches, pleasing and amusing, and European sensational

novelties, and up-to-date features of every kind. The list of favorite and well-known artists who will contribute are the foremost rank of specialty stars. Edward Hart and Mlle. Bessie, European transformation artists; Johnson and McKay, direct from Keith's Union-square Theatre, New York; the talented and highly-gifted Mr. John Kurkamp, will offer a choice repertoire of novelties; Lewis Geisler, champion of both continents, will present his novel act of bar mounting. Mr. Geisler is said to be a marvel and recently won the championship of the world at Gatti's Music Hall, London, Eng. The brothers Hart, musical entertainers; C. J. Dougherty, the champion club swinger, and others are on the big bill at the Bijou for the coming week.

Jessie Alexander in Demand.

Miss Jessie Alexander has been much in demand during the past week at St. Andrew's celebrations, having contributed to the programs of the Scotch societies in Owen Sound, Sarnia, Forest, and London, besides taking part in the conversazione last evening at Victoria College.

The Messiah.

"The Messiah" will draw a large house at Massey Hall on Dec. 15. The reserved seats, at the modest sum of 50 cents, are selling rapidly. Tickets are on sale at the leading music stores, and ticket holders will have the advantage of selecting seats two days in advance of the general public.

REFERENCE LIBRARY NEEDED.

One That Will Be Kept Up by the Province and the City—A Committee Has It in Hand.

The members of the Canadian Institute met yesterday afternoon to discuss the question of establishing a Provincial Public Library in Toronto. The president, Byron E. Walker, presided and among others present were: President Loudon, Chancellor Burwash, James Bain, jr., Angus MacMurchy, Archibald Blue, Prof. MacCallum, Rev. Dr. Milligan, Principal Embree, Chancellor Wallace, Prof. Wrong and Dean Rigby.

Mr. Bain stated that outside of London and Hamilton there were practically no libraries in the province, and consequently those who came to the city to obtain the benefits of the libraries here should be able to get any book they required. At present, he stated, there were practically no reference books on geology and mineralogy. He thought that a fireproof building should be erected in a central location and the reference books from the Toronto Public Library, the Canadian Institute Library and the boks in the Parliamentary library not bearing strictly on Parliamentary matters transferred to this building. He proposed that the library should be supported by a provincial and city grant.

It was thought that an annual sum of six or seven thousand dollars, extending over a period of 33 years, would be sufficient to float the scheme.

A committee, with Prof. A. D. MacCallum as chairman, was appointed as follows: Mr. James Bain, Mr. A. Blue, Chancellors Wallace and Burwash, Provost Welch, President Loudon, Rev. Dr. Milligan, Rev. Father Teefy, Mr. Lumsden and Prof. Wrong, to formulate a plan for bringing the matter prominently before the people.

The matter of establishing a traveling library was broached by Mr. Bain and favorably discussed by the meeting.

THE JUNCTION HIGH SCHOOL

Annual Commencement Was Held Under Pleasant Auspices.

COLORS WERE IN EVIDENCE

Principal Colbeck Shows How the Institution Has Prospered — The Attendance Now Numbers 177 — List of Those Who Received Certificates—The Program of the Evening.

Toronto Junction, Dec. 2.—(Special.)—Black, yellow and black, the colors of the Toronto Junction High School, were much in evidence at the annual commencement held in the auditorium of the High School to-night. Yellow chrysanthemums on the lapels of the young gentlemen who acted as ushers, and sashes and ribbons of golden hue on the young ladies of the school, all spoke silently, yet harmoniously of this annual function.

Mr. R. C. Jennings occupied the chair, and with him on the platform were: Dr. Gilmour, Dr. Martin, J. Constantine, Thomas Elliott, A. R. Pawcett, Rev. C. E. Thompson, B.A., and William Harris of the High School Board, W. Wilson, principal of the Annette-street Public School, Mr. Murray of the Normal School, Toronto; Inspector Fotheringham, Archibald Campbell, M.P., A. B. Rice, chairman of the Public School Board, and the teaching staff in cap and gown, consisting of F. C. Colbeck, BA, R. Gourley, BA, Miss I. G. Eastwood, BA, M. A. Chrysler, BA, and R. B. Hage, BA.

The chairman gave a resume of the early history of the board, congratulated the teachers and scholars on the success attained at examinations and spoke encouragingly of the future. His address was followed by a rousing song and chorus by the High School Glee Club entitled, "The Men of the North."

A Successful School.

Principal Colbeck gave his annual report, which, as usual, was most encouraging. Whilst a large number of High Schools in the province have been obliged to reduce their staff this term, Toronto Junction has been able to retain all its staff, although there has been a slight reduction in the number of pupils, who now number 117. In the last Government report, only one High School in the province had a larger number of scholars, whilst 15 Collegiate Institutes had a less number. In the number of certificates granted at the recent examinations, the Toronto Junction High School has held its own, ranking, as in former years, in the first three or four in the province. Last year the number who passed was 94. This year the number is 93. In the honor list last year were 5. This year there were 21.

The Honor Roll.

The presentation of certificates and diplomas was then proceeded with, the chairman calling upon his supporters on the platform to hand the honored rolls of paper to the students. The list was as follows:

Afterwards Rev. Prof. Wm Clark, DCL, gave a short address on "Books and Reading," the Glee Club rendered the chorus "Whip-Poor-Will, and the evening closed with the National Anthem.

HIS BUSINESS AT OTTAWA.

Hon. Robert Watson Wants to Get Manitoba Lake Outlet Deepened.

Winnipeg, Dec. 2.—The mission of Hon. Robert Watson, Minister of Public Works, to Ottawa is on business connected with the scheme of enlarging the outlet of Lake Manitoba. The engineers decided that the deepening of the Fairford River was the most practical method that could be pursued to accomplish the object, and their estimate of the cost of the work was $25,000. Tenders for the work were called for, but were considered too high by the Government, and this has caused the delay. Mr. Watson will urge the Government to let the contract before spring, so that the necessary material for the work can be got in during the winter months. A large extent of hay land has been submerged, and the waters are in some cases driving the settlers from their homes, hence the necessity for deepening the outlet. The Fairford River runs from the northern end of Lake Manitoba into Lake St. Martin, which is drained into Lake Winnipeg by the Dauphin River.
