London, April 18 .- The Rome correspondent of the Daily Telegraph sends had with a prelate who assisted on Sunday in the celebration of the 21st anniversary of the coronation of the pope at St. Peter's Cathedral. The prelate in question said that Cardinal Rampolla, the papal secretary of state, was the real pope, and that his object

was to elect himself, or one of his nominees, to succeed Leo. "To attain this," declared the ecclesfastic, "it is necessary that the pope should create new cardinals, as the sacred college is now so grouped as to

leave Rampolla no chance. "The object of Sunday's ceremony was to benefit the pope's health, as excitement of this character relieves the tedium of his ordinary existence." INDIAN TROOPS PITTED AGAINST

CHINESE. A dispatch from Hong Kong says: Thousands of Chinese advanced toward the British camp at Taipohu on Monday, and fired several rounds of artillery at ineffective range. Major-General Gascoigne, whose force is less than 300, ordered his Asiatic artillery to engage the enemy, who occupied the surrounding hills. Shrapnell drove the Chinese out, and the Indian infantry advanced, the Chinese retiring several miles, burning villages. The Chinese losses are unknown, as they are car rying away their dead and wounded. The British had no loss. It is proposed to advance the British position. With the exception of his staff, General Gascoigne is utilizing only Indian troops. Hong Kong is guarded by volunteers

William St. John Brodrick, replying in the House of Commons to Michael Davitt, said the manager of the German plantation near Apia was arrested by the senior British naval officer on sworn evidence that he was directing the natives who ambushed the naval landing parties. This action, Mr. Brodrick added, was taken without the naval officer's having an opportunity of communicating with the home government, In conclusion, Mr. Brodrick said: "We are informed that he was handed over to the commander of the German warship Falke on the promise that he would be retained on board."

Second, to bring about peaceful relations between the insurgents and the American authorities. Third, to insist that Americans and Filipinos

GOOD TIMES IN THE OLD LAND

All the Shipyards Are Busy-Money Firm in London-Mr. Hays Says He Found Out Much About Railroading.

Montreal, April 18 .- Two leading Montrealers, Messrs. E. S. Clouston and Charles M. Hays, arrived home on Sunday. The general manager of the Bank of Montreal says people abroad now call Canada's hope the "Phantom Fast Line." He adds that in the present congested state of the shipyards it would be quite impossible to have the ships built. The cost, also, would be excessive. He, in fact, does not expect to see the fast line become a reality before two years, but then the general manager thinks it will be an

accomplished fact. He adds that the general prosperity now prevailing in England will probably greatly lessen the volume of emigration towards Canada for the next

year or two. MONEY FIRM IN LONDON.

Speaking of money in London, he states that there is a tendency to firmness, and he does not expect any serious relaxation of rates for some time. Several colonial issues, chiefly Australian, have gone off satisfactorily. Mr. Clouston was quite near Cimiez, where the Queen is sojourning, and he says that the general respect shown her majesty by all classes of the French people will go a great way towards creating an entente cordiale between the two nations. He thinks the French are not at all anxious for a big display by British colonies in the exposition of 1900. However, owing to the efforts of Lord Strathcona, Canada appears to Manila, April 18-6:15 p.m.-A num- have secured the lion's share, while the other colonies will be only represented

BAD TIMES IN PARIS. Paris shopkeepers have had a very bad season on account of the newspaper exaggerations of the Dreyfus affair and alleged revolutionary plots in the French capital. They expect, however to make up for the losses during

the exhibition of 1900. He says that Rhodes and Kitchener are now the two biggest men of the

empire outside of England. MR. HAYS LEARNED MUCH.

The general manager of the Grand Trunk, who had not been across the Atlantic before, stated to your correspondent that one has to go abroad to realize the fact that the great civilizing race of the world today is the Anglo-Saxon. The man, he says, who goes to England, and, after passing over some of their leading railways, will come back and proclaim that they are not in it as compared with what we have on this side of the water, simply does not know what he is talking

about. Being asked if there was anything a railway man from this side could learn in the old land, he replied: "A great deal. I have returned, in fact, thinking that I know very little.

Mr. Hays states that his reception at the meeting of the Grand Trunk shareholders was cordial in the extreme. Sir Charles Rivers-Wilson will come to Canada in a short time, and he confirms the report that all the difficulties between the C. P.
