**C**OMPENDIOUS HISTORY OF NOVA SCOTIA  
and other BRITISH NORTH AMERICAN PROVINCES.

The subscriber has to acknowledge several encouraging opinions and some orders for his proposed volume. He has been forced, for purposes of condensation and improvement, to re-write the work, and has been prevented by other avocations from getting it forward according to his hopes. He is, however, more anxious to make it approach perfection than to avoid reasonable delay,—and he trusts in due time to offer a volume which will deserve the favourable anticipations which have been expressed.
