ALLEGED TO BE MURDERERS

Two Italians, Wanted by the Philadelphia Police, Who Were Arrested by the Toronto Detectives After Several Days' Watching.

ALBERNICO VIANALI

JOSEPH VIANALI

CZAR'S FAMILY GRIP-STRICKEN

Emperor's Only Son and His Four Sisters Are Victims of Influenza, and There Are Others.

ST. PETERSBURG, Jan. 25.—An epidemic of influenza has attacked the imperial family.

Grand Duke Alexis Nikolaievitch, the emperor's only son, and his four sisters, all have been stricken. The condition of the heir apparent is complicated by an inflammation of the ear, and Prof. Simanovsky, a specialist in aural diseases, has been summoned to Tsarskoe-Selo to attend him.

The Grand Duchess Marie Pavlovna, daughter of Grand Duke Paul Alexandrovitch, and fiancee of Prince Wilhelm of Sweden, also is down with the disease.

It is thought the infection was brought to the palace on the occasion of the recent Christmas tree celebration. At this time the children of the emperor distributed Christmas gifts and mingled freely with the soldiers of the guard.

Jack London Safe.

SAN FRANCISCO, Jan. 25.—Jack London and his wife arrived here today on the steamer Mariposa from Tahiti.

REBEL LEADER SHOT

And Hayti's Government is Once More Unopposed.

PORT AU PRINCE, Jan. 25.—The revolution has been suppressed. Jean Jumeau, the leader of the movement, has been captured at Dessalines, a little hamlet close to Gonaives, and was at once shot to death by the government troops that made him prisoner.

Gonaives has been occupied by a government force.

The revolutionary movement in Hayti, which has come to an end with the execution of its leading spirit, Jean Jumeau, was of very short duration. It began with the landing on Jan. 15 of an expedition of adventurers on the Haitien coast not far from Gonaives, which was speedily occupied. The Haitien government at once undertook measures to suppress the movement, and troops were despatched against the invaders.

A Farewell Gift.

The employes of the Canada Foundry Co., Limited, moulding department, presented, last week, a cabinet of cutlery to Mr. E. Seip, foreman, on the occasion of his leaving the employ of that company, after a service of about four years.

COAST STEAMER REPORTS ITS WORST EXPERIENCE

Heavy Storms Along the Atlantic —Fish Washed Aboard Liner.

NORFOLK, Va., Jan. 25.—The steamer Jamestown of the old Dominion Steamship Company arrived here today after one of the worst experiences ever encountered by an Atlantic coastwise liner.

The steamer, arriving off Cape Charles Light at 11.30 a.m. yesterday, with the wind blowing at hurricane velocity, and accompanied by a blinding snowstorm, was unable to proceed farther and hove to. The ship was then blown many miles seaward and labored heavily in the fiercest of the gale until she was able to make the Virginia Capes at midnight.

Mountainous seas washed the decks of the Jamestown, the severity of these being shown by the fact that the vessel's crew, when able to venture out, picked from the meshes of the three-foot rope netting beneath the ship's deckrail more than a score of fish which had been caught therein as the seas receded from the vessel. One of these fish weighed eight pounds, and was sent to the ship's kitchen to be cooked for the crew's breakfast.

The Jamestown, tho delayed 15 1-2 hours in the storm, suffered in no way as the result of her severe experience.

Steamer All Right.

NEW YORK, Jan. 25.—The old Dominion Line steamer Princess Anne, 20 hours overdue at this port from Norfolk, Va., was located off Northeast End Lightship outside of Cape May this forenoon. Capt. Tapley of the Princess Anne sent a message to the United Wireless Telegraph Company that all was well on board.

Manufacturers' Fur Sale.

Next week is to see greater reductions in prices at Sellers-Gough Fur Company than any of the previous weeks. The big sale is rapidly nearing its close, and is but a short distance off now.

The firm are more determined than ever to clear the stock and for next week have gone to extremes in the price cutting. Multitudes of people have benefited by this great fur sale, and it is safe to say that never in the history of the fur trade of Toronto has such genuine bargains been offered. The sale may truthfully be termed a "Manufacturers' sale," for only manufacturers on a large scale could stand the enormous low cuts in prices. It would bankrupt the average fur dealer to cut prices as has been done during this big sale. Very interesting, indeed, are the offerings for Monday, and well worth the attention of all our readers. Look over the adv. which appears on another page.

$7,000,000 IS COST OF MOUNTAIN SECTION

Progress Being Made on Grand Trunk Pacific--Bridge Work Well in Hand.

MONTREAL, Jan. 25.—(Special.)—It is now learned that the 100 miles of railway from Prince Rupert eastward, which the Grand Trunk Pacific Railway Company are credited with being about to place in the hands of contractors will cost in the neighborhood of $7,000,000. It is not likely, however, that the company will invite tenders for this important piece of work much before the opening of spring.

Enquiries yesterday elicited the information that it will be the first of the month before the final location, notes and data pertaining to the 100 miles of railway between Prince Rupert and Kitselas are in the hands of the head officials in this city, and as it is from these notes that tenders are asked, it looks as if a month or more would elapse before the contract is awarded, and May will probably be here before the first blow is struck on the first section of the Grand Trunk Pacific on the Pacific coast. The statement is made, however, that this work will take two years, and that by the end of that time trains will be running between Prince Rupert and Hazelton.

The engineers state that a large percentage of the work will be rock-cutting, and this fact makes the contract a most inviting one from the point of view of a railway builder. The statement is also made that there will be several tunnels on the proposed work, the one at a place called Hole-in-the-Wall being 2200 feet long. Altho, however, the British Columbia sections of the Grand Trunk Pacific are always replete with interest to the public, as well as to the railway world, the latter are just now receiving some very welcome news from the section of country traversed by the several contracts between Winnipeg and Edmonton.

Track Laying all Winter.

It was, in fact, officially stated yesterday, that track-laying had been continued all winter, and this is in great contrast to last year's operations, which had to be suspended early in the season, owing to the very great severity of the weather. Progress has been, in fact, so satisfactory that the announcement is now made that out of the 415 miles from Portage la Prairie to Saskatoon, three hundred miles of track have already been laid on the Portage end and about seventy miles from Saskatoon eastward, leaving a gap of forty-five miles of steel to fill up and that is becoming shorter day by day. All the grading on McDonald and McMillan section as well as that on the Canadian White Company's contract taking in the entire distance between Portage la Prairie and Saskatoon of 415 miles has been completed for some time past, and the steel is being laid down by the railway company themselves.

The section from Saskatoon to Edmonton, 325 miles, was, as it will be remembered, given out a good deal later than the other contracts, but Messrs. Foley Brothers and Larson, who are doing this part of the work, have already 200 miles of the grading accomplished, and it is expected that the whole will be completed into Edmonton in the early summer, and that the track layers will follow closely behind.

In fact, track laying will all be completed during the coming summer from the capital of Manitoba to the capital of Alberta, and by the time the crop is ready to move, there can be no doubt whatever as to the Grand Trunk Pacific's ability to bring down to Winnipeg all that offers along their 794 miles of system between the two western capitals. It was at first supposed that an agreement would be reached whereby the G.T.P. would use the Canadian Northern tracks from Winipeg to Portage la Prairie, but this failing to materialize a contract was given to Messrs. Treat and Johnston to construct the 54 miles between those points, and, altho these contractors were late in the field the work is already very well under way, and will no doubt be completed simultaneously with the more northern sections.

Work on The Bridges.

Good news has also been received during the last few days from the Red and Saskatchewan Rivers. The big structure which is being erected over the Assiniboine, west of Portage la Prairie, is well advanced, while the sub-structure is all completed on the Saskatoon bridge and good progress is being made with the superstructure. At the Battle River bridge good headway is likewise being made, while the photos taken of the immense structure the G.T.P. is throwing over the Saskatchewan some six miles east of Edmonton would seem to indicate very rapid progress on that work as well. It is at this point that the railway crosses the river to enter the capital City of Alberta, as the Town of Edmonton is built on the north side of the river, and it is along the north side of the Saskatchewan that the Grand Trunk Pacific will find its way towards the foothills of the Rockies and into the Yellow Head Pass, and it is something over a hundred miles of this road which has just been awarded to Foley Brothers and Larson.

In fact that firm appears to be particularly well equipped for mountain and rock work, and it would not be much of a surprise if they succeeded in securing the Prince Rupert section as well.

Fenhegan Sent For Trial.

WINNIPEG, Jan. 25.—(Special.)—J. H. R. Fenhegan, superintendent of the Winnipeg Boys' Club, and a well-known worker among philanthropic and charitable societies, was to-day committed to trial for improper conduct with a number of boys. He was released upon his own security for $1000, that of Rev. Hamilton Wigle in $500 and A. R. Walkey in $500.

Rev. Hamilton Wigle said to-night that the executive of the club believes him innocent and will stand by him. They claim that he is being persecuted for his vigor in breaking up gangs of thieves.

Startling Revelations.

DETROIT, Jan. 25.—Investigation by the immigration officers shows that about 30 per cent. of the unfortunate women patients in local hospitals during the past three months were from Canada, mostly from Ontario, west of Toronto, but a still more startling phase of the situation is that proprietors of these lying-in homes have been trafficking in illegitimate children born to Canadian girls in Canada and exacting from the mothers as large a fee as possible, never less than $30 for adoption.

WALKER'S=WALKER'S

$65,000 WORTH OF MERCHANDISE TO CLEAR

Bargains that Fairly Shout at Money-Savers---All Toronto Astir Over This Great Event . . . . .

Never were prices on high-class merchandise slaughtered in this way before. The backwardness of the season is the cause for these sweeping reductions. We are over-stocked, and have got to clear out every dollar's worth of goods before stock-taking. The only way to move goods is to cut prices. We completely close our eyes as to cost, value, or former price—our object is to effect a speedy clearance, and to that end every consideration is subordinated. A few of the offerings for Monday.

HEROINE'S QUICK WORK.

Shoved Helpless Man From Network of Electric Wires.

HAMILTON, Jan. 25.—Bert Little, a youth employed at the Westinghouse works, narrowly escaped being electrocuted as a result of stumbling on two live wires. A roomful of employes looked on helplessly while Mabel Dexter, a young girl, rushed to his assistance, throwing him off the wires and sustaining a severe shock. Little was badly burned.

John Parker, a structural steel worker employed on the Landed Banking & Loan Co.'s new building, fell 40 feet this morning, crashing thru boards an inch thick, and falling in the cellar. He escaped with a few bruises, altho workmen expected to find him dead.

Earl's Dramatic Competition.

OTTAWA, Jan. 25.—In connection with the Earl Grey musical and dramatic trophy competition, which begins in the week commencing Feb. 24, Prof. Horatio N. Parker of Yale University has accepted the task of judging the musical productions. Much disappointment has been occasioned by reason of the fact that Sir Squire Bancroft, K.B., of London, England, who had accepted the invitation of His Excellency the Governor-General to judge the dramatic competition, has been obliged to decline in view of the serious illness of Lady Bancroft.

The entries close on Feb. 1, and there are already fifteen entries registered.

Hunting Outfit Disappeared.

J. H. Hubbard has issued a writ against Allan Bros. & Co., owners of the Allan Line, for $741.34, the value of a leather case and contents, containing a hunting outfit, which, it is alleged, was delivered to the company on June 16, 1907, in London, England, to be shipped by the steamship Pomeranian, and has apparently been lost. Hubbard also claims $500 damages.

JAIL FOR BOGUS LORD.

George Woodman of Aristocratic Pretensions Gets 90 Days for Theft.

George Woodman, whose Cockney accent did not fit very well with his alias of Lord Devonshire, was sentenced in the police court on Saturday to 90 days in jail.

Woodman was accused of having annexed $20 and articles of jewelry valued at about $80 from Sarah Cook, back in September, and of haying journeyed to Detroit with his spoil. As Woodman had no previous police record in this country, the magistrate's sentence was lenient.

Ephriam Hyman Goldberg, who sported the alias of E. Gold, was charged with having conspired to obtain goods from wholesale houses by false pretences. The case was remanded till Monday, Goldberg being freed on $3000 bail.

Carleton County Conservatives.

STITTSVILLE, Jan. 25.—(Special.)—The annual meeting of the Liberal-Conservative Association of Carleton County, one of the Conservative strongholds in provincial and federal political circles, was held here this afternoon, there being a good attendance.

Amongst those who gave addresses were R. L. Borden, Dr. Sproule, J. G. H. Bergeron and R. H. McIlroy, M.L.A., for Carleton County. There was a good attendance, and besides the usual annual election of officers and presentation of reports, resolutions were passed expressing confidence both in the Whitney government and the opposition in the Dominion House.

Scotch Societies Meet.

The Highland and Lowland societies held a joint meeting Saturday night in I.O.O.F. Hall, Yonge and College-streets. It was a "Burns Evening," with Burns songs and an address by Rev. F. M. MacDonald, pastor of Cowan-avenue Presbyterian Church.

A LITERARY SWINDLE.

Hungarian Countess Sold the Writings of Unknown Authors.

DRESDEN, Jan. 25.—Countess Von Sturza, a member of the Hungarian nobility, was arrested here to-day on the charge of having carried out a series of literary swindles.

It was her custom to sign her own name to the works of authors not known in Germany or Austria and then sell the manuscripts for large sums.

For some time past the countess had been a leading figure in the literary worlds of Austria and Germany and she has lived in princely style on money obtained by false pretenses from members of the nobility.

ONE MAN ROBBED FIVE.

The county police believe that the five postoffice robberies in South York, at Unionville, Agincourt, Scarboro Junction, West Hill and Islington, are the work of one man. These offices are all on or near the line of the Grand Trunk Railway, and the suspicion is that a railway man is the offender.

The robber always removed a pane of glass by scraping away the putty.

Noted Composer Buried.

NEW YORK, Jan. 25.—Many men and women of distinction in the musical and literary world attended the funeral services in St. George's Church to-day over the body of the composer, Edward A. MacDowell. The Rev. Hugh Birchead paid a warm tribute to the life and work of the dead composer.

Selections from the "Sonata Tragica" and "Indian Suite," written by MacDowell, were played during the services.

The body was taken to Peterboro, N.H., for burial.
