A BOWLING MATCH EXTRAORDINARY TONIGHT

Two teams from Waterbury & Rivington's establishment are due to begin operations in the Victoria alley, Charlotte street, tonight at 9 o'clock. For some time some of the serious minded salesmen in this store have been imagining that with a little practice they could rapidly develop into crack bowlers. Nightly they visited the various alleys, but at none could they prevail upon the players to accept them as partners.

A story is in circulation that one of the most determined, failing to get a chance at the public alleys, had a board arranged in his wood shed where, at an hour when most people were sleeping, he was hard at work bowling, using as balls, large sized Emperor apples. Visitors tonight can depend on an evening of rare enjoyment. The teams will be under command of Captains Perry Rising and Sulis.

LOSE ONE CASE, JUDGMENT IN OTHER RESERVED

Interesting Evidence Follows Report Against Employees of W. H. Johnson & Co.

An interesting case was aired in the police court this morning when two men, Alfred Montague and H. Clay Johnson, reported for doing business in the city without a license, appeared to answer the charge.

The case had been set for ten o'clock but it was after eleven before it finally came up as Sergt. Campbell had not been notified and he had made the report. He arrived about 11 o'clock and when placed on the stand said that he was passing the store of W. H. Johnson, Market Square on Saturday night last when he saw the two men working inside. Mr. Johnson was writing at a desk. The sergeant went in and on asking Mr. Montague if he was the manager of the store received an affirmative reply. The witness advised Mr. Montague to secure a license but was told that he would look out for himself. The young man, Johnson, was with Mr. Montague, on the lower floor but the sergeant had no conversation with him.

To Mr. Morell, the witness said that he was aware that Mr. Foster had been manager of the W. H. Johnson business here for some years.

H. Clay Johnson, son of W. H. Johnson was next called upon to give testimony and produced a certificate proving that he was a common law traveler. He said that on Saturday night last when he was reported, he was writing a letter in his father's store and thought he was not doing wrong in doing so. He said also that he was the representative of W. H. Johnson's headquarters in Halifax.

Alfred Montague, called to the stand, said he arrived in St. John last Tuesday week in the interests of W. H. Johnson & Co., for whom he was employed as traveling inspector of branch offices. He said that he was in charge of the office since he arrived, as Mr. Foster had tendered his resignation.

After summing up the evidence his honor said that he considered there was not enough evidence to secure a conviction in the case of Mr. Johnson and that matter would be dismissed, but in the matter of Mr. Montague he would decide later. Next Monday was announced as the day when the case would again be heard.

GIRL ARRESTED IN AMHERST, WILL BE BROUGHT HERE

Theft of Articles From Home of A. C. L. Tapley is the Charge

Detective Killen left on the noon train today for Amherst to bring to the city Martha Mountain, who was arrested there on Monday morning. She was charged with stealing a silk dress and an opera cloak, as well as a number of other articles from the residence of Mr. and Mrs. A. C. L. Tapley, in Douglas avenue, where she was employed as a servant. When arrested this morning, a message to the police says, the goods were found in her possession.

The girl had been in the employ of Mrs. Tapley only about two weeks, and she left on Monday morning without notifying her mistress. After her departure it was found that Mrs. Tapley's silk wedding dress, an opera cloak and some clothing and toys belonging to one of the children, were missing, and Mr. Tapley swore out a warrant for her arrest.

Detective Killen was put on the case and he learned that the girl had gone to her home in Amherst. A message was sent to the police there and her arrest followed.

DIVIDE THE CITY INTO DISTRICTS

Meeting This Afternoon to Further Plans for the Evangelistic Campaign

In St. Andrew's church this afternoon at 3 o'clock a meeting of a special committee of the Evangelical Alliance will be held and a number of subjects of interest will be dealt with. The matter of appointing outside speakers for the missionary campaign to be held in the city churches during February will be one of the subjects. It will also be decided what action will be taken regarding the division of the city into districts in order to lighten the work and expenses attached to the conducting of a campaign of this nature.

It is thought that the meeting will decide on six districts, one each in North End, West Side, and Fairville, and the remainder in the city proper. An outside preacher will probably be appointed to take control of each district. This is practically the plan outlined by Rev. Dr. McPhee, and it will, it is thought, be adopted at today's meeting.

WILL TAKE UP HARBOR COMMISSION

Harbor Board This Afternoon Likely to Decide for West Side in Commission—Report to Council Tonight

The matter of arranging for the protection of Rodney wharf on the west side, will be considered at a meeting of the harbor board this afternoon. In view of the accidents that have happened there recently, it is felt that some steps should be taken to protect the public from mishaps in the future.

The board will also discuss the matter of putting the harbor in commission, and it is probable they will decide to ask Hon. Mr. Pugsley to impress on the government the advisability of putting the western side of the harbor in commission. An application from L. C. Prime & Co., for building a warehouse on the Wiggins wharf will be considered and arrangements for the use of the warehouses at the D. A. R. wharf for potatoes and apple shipments will be discussed.

The report of the board will probably be presented to the common council at their meeting tonight.
