NORTON

LEAD AND SILVER MINE.

THE undersigned having obtained from
Government a Licence for a term of years
of Mining upon a Tract in the Parish of Norton,
in King's County, comprising 640 acres,
situate near the Finger-board tavern, distant
only 33 miles from this City, and having as-
certained beyond all doubt that a rich deposit
of Galena or Lead Ore, with a considerable
proportion of Silver, exists upon the said tract,
they are willing to admit the Public to a par-
ticipation of the benefits of the Lease upon
equitable terms, and with that view and for
the purpose of raising Capital to carry on the
work of Mining in an efficient manner,

IT IS PROPOSED

to form a JOINT STOCK COMPANY of
2,500 Shares, of Five Pounds each, payable by
such instalments as may be required during
the progress of the work.

The Stockholders are to elect a competent
Engineer or Superintendent. The compensation
to the undersigned for monies already
expended by them in explorations, mining tools
and buildings, and for their present interest in
the Lease, to be fixed at £10,000, to form a
charge upon the future profits of the concern,
and to be paid out of such profits, before any
general dividend be made among the Share-
holders.

As it is the well-known desire of the Gov-
ernment and Legislature of the Province to
utilize all practicable means the development of
its natural resources, there can be no difficulty
in obtaining a Charter, with such enlarged pri-
vileges as may be considered just and reason-
able.

The site of the mining ground presents pec-
uliar advantages. It is scarcely two miles
distant from water communication with this
City, by means of the river Kennebec; the
intended line of the Shodiac Railway passes
within one mile of it; a stream of ample power
for machinery crosses it; as does also the pre-
sent highway from Fredericton to the great
Westmoreland road; it is covered with abun-
dant wood for fuel, and with good building-
stones for constructing furnaces. These facili-
ties will obviate many of the difficulties incident
to similar undertakings, and it is confidently
believed that the Stock cannot be otherwise
than highly remunerative.

Persons willing to take Stock will please
send in their names to either of the undersigned
without delay, as it is desirable to commence
operations during the present favorable season.

A Stock Subscription List is also open for
signature at the Office of CHARLES L. STREET,
Esq., General Agent, St. John, N. B., where
specimens of the Ore may be seen and full in-
formation afforded.
