### LOCAL NEWS

A gold locket found in the market building may be had at the central police station by the owner.

Robert A. Corbett has been reported by Sgt. Staples for encumbering the sidewalk in Carmarthen street with a pile of brick without having a light on them.

Trains will leave St. John on Saturday, the 27th inst., for the big blueberry picnic and Foresters' excursion at Waldorf at 9:15 a. m., 1:10 and 5:45 p. m. Excursion tickets will be on sale for each train. The City Cornet Band will be with the excursion.—2678-8-29

George Porter, Stephen Burns and Chas. and James O'Dell have been reported by the police for driving vehicles for hire without a license. James O'Dell has also been reported for driving his team on the sidewalk at the corner of Orange and Carmarthen streets.

A fine of \$2 was allowed to stand this morning against John McEwan, a teamster, for driving beneath the I. C. R. gates when a train was approaching. Chas. Bell, his employer, appeared for him, and said that he was hard of hearing and had not heard the warning shouted by P. Sheehy, the watchman.

### SCHOOLS TO RE-OPEN ON MONDAY NEXT

Four Hundred and Fifty Permits Issued—Large Attendance Looked for

After the summer vacation, the city schools will re-open on Monday next, Aug. 29. Supt. H. S. Bridges requests that the girls from St. Peter and St. Joseph's schools who have passed the High School entrance examinations, assemble at St. Ynez's school, and the pupils from the other city schools who have passed successfully the entrance examinations, assemble at the High School, Union street.  
 The opening attendance is expected to be quite large, one reason being that the exhibition will bring to town subscribers who otherwise would probably remain in the country until later. Nearly 400 permits have been issued for primary entrance, a number which compares quite favorably with that of other years. The greater number of permits were given for Dufferin and Winter street schools.

### NEGROES BEING DEPORTED FROM ST. JOHN TODAY

When the schooner Lilla B. Hirtle sails today she will take away with her to Barbados, seven negroes who are being deported by the Canadian immigration authorities. They are the men who, it will be remembered, were landed at St. Stephen by the schooner some weeks ago, resulting in action against Captain Archie Geldert. They were passengers on the schooner and are returning as they had not sufficient money to meet the requirements of the immigration laws. It was found that Captain Geldert had made no effort to smuggle the men into the country and was merely following a practice not uncommon among vessels sailing from the West Indies to Canadian ports. Captain Geldert is not going back in the Hirtle this trip as he is taking a vacation at his home in Lunenburg (N. S.). Captain Edwin Loye is in command.

### MELBA TICKET SALE ON TUESDAY MORNING AT 8 O'CLOCK

To avoid possibility of disappointing hundreds of Melba enthusiasts, Tuesday morning will be the most important ticket sale in the history of the St. John Opera House. Manager Anderson will show, in his office Monday night, and be on hand to greet the first comers. Buyers are reminded that no tickets will be sold, as promised, without the actual cash being paid.

### L. G. LAWSON AND MISS HELEN L. MITCHELL WED

The home of Mr. and Mrs. William Mitchell, 87 Millidgeville avenue, was the scene of a pretty nuptial event this afternoon at 3:30 o'clock, when their daughter, Miss Helen L., was given by her father in marriage to L. G. Lawson, an employe of Manchester Robertson Allison, Ltd. Rev. B. H. Nobles was the officiating clergyman, assisted by Rev. David Long of Vancouver, uncle of the groom.

Miss Mitchell was becomingly gowned in a pretty costume of white silk and carried a shower bouquet of bridal roses. Her travelling suit was of grey chiffon, broadcloth with a hat of corresponding color. The young couple were unattended.

Following the ceremony, luncheon was served at the bride's home, and later Mr. and Mrs. Lawson left for a honeymoon trip to Toronto, and other Upper Canadian cities. The presents received were numerous and valuable, and included a handsome cut glass water set from the employees of the M. R. A., Ltd., wholesale department.

## INJURIES TO MARTIN SPEARS PROVE FATAL

### Fell Over Wharf Last Evening—A Long and Good Record as Pilot at This Port

Martin Spears, pilot, aged 54, died in the General Public Hospital this morning as the result of injuries received by falling from a wharf at the end of Charlotte street last evening. The tide was out at the time. When found he was totally unconscious. A man named Barker discovered him and telephoned No. 1 ladder company and he was taken by them to the wharf and Dr. Brynmor had him taken to the General Public Hospital. It was found there that he had sustained serious internal injuries.

Himself a pilot for thirty years, he came of a family of pilots and seafaring people, of old Loyalist stock. His father, William Spears, was a pilot many years ago and Pilot John Scott and W. A. Scott, were under his command. His grandparents were fishermen who came originally from Holland, landing in New York from where they came here with the Loyalists, settling at Anthony's Cove.

The vocation of pilot has been in the family from generation to generation and Mr. Spears has a son, William, now a pilot at this port, and also a brother, Henry, a pilot. He had an excellent record in his work never having had a disaster during his long career. It is told that when a boy he was on a number of occasions brought a pilot boat from Little River to this port after putting a net aboard a vessel, he being the only one aboard the little craft.

Besides his wife, he leaves three sons, Pilot William Spears, Stanley and Roy Spears. He also leaves one brother, Henry Spears, pilot, and one sister, Miss Mary, of East Cambridge, Mass.

### FIRST EXHIBITION IN ST. JOHN NEARLY SIXTY YEARS AGO

Mechanics Institute the Site and There Was Large Glass-Roofed Building  
 It is interesting to recall, in connection with the opening of the Dominion Exhibition here in a few days, by far the greatest ever held here, that the first industrial exhibition in St. John was opened on Sept. 9, 1851, nearly sixty years ago. Some of the old-time residents will remember that on that occasion the exhibits were housed in the old Mechanics' Institute, now the Nickel Theatre, and under a glass roof that extended over Capleton street from Wellington Row to Peel street.

The idea of a glass roof was doubtless suggested by the exhibition which had been held in the Crystal Palace, London, in the year previous. Speaking of the fair held at that time, Clarence Ward, the mayor's clerk, yesterday that he remembered it very well and it was a great show, a big undertaking for the city at that time. The exhibits were not so big as the present structures in the South End, but they were very imposing and representative of goods manufactured in St. John as well as from other places.

The exhibition was held under the auspices of the St. John Mechanics' Institute. The large building erected for the occasion was 120 feet in length, 65 feet in breadth and 36 feet in height. Inside the architect was Mr. Stead and the builder, Mr. Cochran. As already stated the structure had a glass roof and was looked upon as a great piece of work, which no doubt it was.

It is interesting also to recall that on the day following the opening of the exhibition, the introduction of the water works into St. John was publicly recognized by the holding of a procession nearly a mile long, with the various trades, societies, etc., and three bands. The water was turned on at the abutment and at the fountain in King Square, which was then used for the first time, by the lieutenant governor.

### TRAMPS CAUSE TROUBLE FOR PEOPLE ON POKIOK ROAD

For the last few weeks the residents of Pokioke have been considerably annoyed by the presence of tramps in the neighborhood, and the dark, lonely road leading to the place from Indiantown has been traversed with much trepidation, especially by young girls and women folk. The presence of the men has become so noticeable, now, that the female residents do not care to trust themselves on the road without protection.

### ALDERMEN ARE INVITED TO INSPECT UNION STREET WORK

A new surface is being put upon a portion of Union street, near Oddfellows Hall. The worst kind of material appears to have been chosen. It is a mixture of poor earth and stones. There are flat stones of considerable size, as well as stones of all other shapes. It would be impossible to make an enduring surface of this material, or one that would remain in smooth condition for any length of time.

The members of the city council should visit the place in a body and see for themselves.

### ANOTHER LARGE GAIN

St. John bank clearings for the present week were \$1,238,215, corresponding week last year, \$1,289,273.

Stores close at 6 o'clock. St. John, Aug. 26, 1910.

## A LARGE SHOWING OF New Fall Shirts and Neckwear

Shirts and Neckwear are certainly very important in the make-up of a man's outfit. Ill-fitting neckbands and collars give no end of trouble and irritation. Proper fitting ones add so much to the comfort of life. It is said that no part of a man's apparel shows at a glance his characteristics so much as the piece of silk he wears beneath his chin and calls a tie. If you want the best that is to be had in Shirts, Collars and Ties, you'll find them at these stores. Shirts with collar bands that fit are comfortable; collars that fit the shirt bands properly, and ties that will please you in every way.

Men's Soft Bosom Shirts . . . . . 50c. to \$1.75  
 Men's White Shirts . . . . . 50 to 1.50  
 Men's Working Shirts . . . . . 50 to 1.50  
 Collars at 15c., or 2 for 25c., and 20c., or 3 for 50c.  
 Neckties in large variety. Prices 15c. to 50c. each.

## GLENWOOD RANGES Have Won Their Place By Giving Satisfaction From Actual Use

That the Glenwood Ranges have become so popular throughout the city is from their construction, their appearance, and entire satisfaction that they give. The patent spring that holds the nickel firmly in place is one of the features that has made the Glenwood popular. Then the pull-out grate, the divided oven bottom, direct draft with short damper handle, the divided centres, etc., all have made the Glenwood Range famous, and the people have come to the final decision that they can get a Glenwood Range they not only get entire satisfaction, but they are booming St. John.

## MONDAY FOR SCHOOL Today For Boys' Suits

That bundle of sensitive, nervous exuberance known as a schoolboy likes to feel that he is making a good impression.

Now, a suit of clothes can fire a boy's ambition—or quell it. We have never seen boys' school suits we thought good enough, but we are sure our own are best.

That does not prevent us from trying to improve upon them each year—there can be no limit to the ambition of a clothing store that caters to ambitious boys. Hundreds of new suits are being placed on our tables almost daily. Sailor and double-breasted styles in a wonderful variety of weaves, patterns and models—that is to say, the showing would be wonderful anywhere outside of young Saint John's own clothing store.

If the boy is to start school with the suit of which you and he will be proud, the time is now, the place is here, and here also are the prices:—

- THREE PIECE SUITS, ages 11 to 17. . . . . \$3.50, 4.00, 5.00, 6.00, 7.00
  - D. B. BLOOMER SUITS, ages 8 to 16, with one pair trousers. . . . . \$3.00, 3.25, 4.00, 4.50
  - D. B. BLOOMER SUITS, ages 8 to 16, with two pairs trousers. . . . . \$5.00, 6.00, 7.00 up to \$12
  - BLOOMER SAILOR SUITS, ages 4 to 10 years, the proper style for the small boy just beginning school. . . . . \$3.00, 3.50, 4.00, 5.00, 6.00
- A Pocket Knife Free to the Boys with every purchase made in our Boys' Clothing Department amounting to two dollars and upwards.
