

# COUNCIL TALKS OF LIQUOR THEFTS AT WEST SIDE DOCKS

A short but pithy session of the common council was held yesterday afternoon when that body met in an adjourned meeting. The report of the committee of the whole was adopted; the result of the daylight plebiscite confirmed; restaurant stalls considered; matters relating to the franchise discussed and, last but not least, the pilfering on the west side. The mayor presided and all commissioners were present.

The committee of the whole recommended that on the surrender of the lots Nos. 1072 and 1073, Brooks, Wase, Jarvis Wilson, renewal be issued to J. Harry Robson and Mrs. John Robson, for a term of seven years from May 1 next at \$10 per annum for each lot, they having purchased the improvements from Mr. Wilson.

That the application of S. J. Holder to place a 800 gallon gasoline tank with pump on the premises, No. 280 Main street, be referred to the commissioner of public works and public lands, and that the order with reference to his former application be rescinded.

That the application of the Ford Motor Company of Canada, Limited, to place a siding in Albion street be complied with, in the position place which may be agreed upon with or without financial remuneration for such privilege as the council may decide.

HERE are four riddles for boys and girls with prizes to draw the pictures to represent the riddles, but he guessed the right answers—and put them in tool So we barred him from the contest and told him to keep it a secret. Luckily, he got the answers all jumbled up, so you won't be any the wiser.

If you can unscramble the jumbled letters beneath each riddle picture and put them in their right order to spell the right words, you will have the right answers. It isn't an easy task. Good thinking, patience and perseverance may find you the answers. Try it.

If you think you have found the answers, write them carefully on a sheet of white paper. Put on nothing but your four answers and your name and address in the upper right-hand corner of the page. Handwriting, spelling, punctuation and general neatness will count if more than one answer is correct.

We will write and tell you immediately if you are correct and send you a handsome illustrated list of all the prizes that you can win.

**Famous Old Recipe for Cough Syrup**

Really and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any druggist, pour it into a 16-oz. bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membrane, and gradually but surely the annoying throat ticks and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healthy effect on the membrane.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.

Montreal. He would bring down the correspondence when necessary. A letter from the Board of Trade on the subject had been filed. His worship said an increase had been granted to liquor carriers higher than on other commodities to cover losses. Mr. Thornton said there had been more protection this year than ever. The city police department had received no complaints, except pilfering. Now they say other things had been stolen. When H. C. Schofield had been asked he could not say positively that one case had been stolen. He could not say it was taken here. The commission-goods were stolen, a list should be given to the police department. One man had been taken and they had been asked to let him go.

Mr. Frink said the reason he asked was that the board of trade and others were making charges. He told of war conditions, when police were here in batches and said that if the C. P. R. and the steamship people were concerned they could have the police act amended or a bill prepared. Many on the west side felt incensed that they were charged with being thugs. Hardly a boat came in that cases had not been tampered with on the high seas. One would think there was no stealing in the wide, wide world except in St. John.

When the delegation had been received by the council why did it not come back there, the mayor asked. Mr. Thornton asked why the case had not been looked into before it was said there was no police protection.

The council adjourned.

Rev. Dr. E. G. MacLean and wife missionaries in Nigeria, West Africa, arrived yesterday on the Empress of Britain on a year's furlough. They are at present visiting relatives in this city.

# JOINT ACTION-ON CARGO PILFERAGE

A joint meeting of the executives of the Commercial Club, the Board of Trade, the Rotary Club and representatives of the shipping and insurance interests was held yesterday afternoon in the Commercial Club rooms to discuss questions of pilferage of goods in transit at the west side docks; the amount of insurance on the west side dock properties and the matter of increased fire protection and ways and means to prevent conditions at present obtaining.

After the city's, as well as the transportation and insurance companies' positions had been discussed, a committee was appointed to draft an expression of the meeting's opinion on the subject.

A copy of this opinion will be forwarded to the officials of the Longshoremen's Association as well as the checkers' and coopers' unions, and they will be invited to join the delegation from executives of the organizations represented at the meeting yesterday, which will submit recommendations to the mayor and commissioners in committee, probably on Monday morning next.
