LEAPS OUT WINDOW AS POLICE MAKE RAID; DIES IN STREET

Millidge Marsh Succumbs in Pond Street—Arrests and Fines.

The sudden death of Millidge Marsh, a colored man, who dropped dead in front of his residence, 48 Pond street, a little after last midnight assumed a new phase this morning when it was learned from the police that Marsh had been spending the evening or part of it at a house in Pond street, the proprietor of which appeared before Magistrate Henderson in the police court this morning charged with keeping a bawdy house. Three women and a white man were also reported found in the house when Detective Saunders and Kilpatrick visited it last night about 11:35 o'clock.

Detective Tells of Call

Detective Saunders testified this morning that he had received a call late last evening and he and Detective Kilpatrick visited the premises and arrested Clement Oliver, charging him with being the proprietor of a bawdy house, and Elizabeth Clayburn, Mrs. Annie Brooks, Mrs. Nettie Fillmore and George Arsenault, charging them with being inmates. The detective said that as they approached the house a colored man was seen jumping out through a window in the rear. He was in great haste and seemed much excited.

The detective told of the condition of the house. Later, he said, he was called back to Pond street as a result of Marsh's death. He said he learned it was the same man who had jumped out of the window.

Marsh's body was ordered taken to P. J. Fitzpatrick's undertaking rooms on permission of the coroner. This morning it was taken to the General Public Hospital on order of Coroner F. L. Kenney. The result of a post mortem will decide the matter of holding an inquest.

It was said to be likely that Marsh had a weak heart and succumbed as a result of excitement. He was 44 years old and leaves a wife and a two-months old baby. He came to St. John from Annapolis County, N. S., about 15 years ago and has resided here since.

Oliver was fined \$50 or three months in jail. The others were fined \$25 each or three months. One of the women had a small child with her in court this morning.

Sergeant Detective Power, when asked about the case and the circumstances of Marsh's death, said that Oliver and Arsenault and the three women, even if their fines were forthcoming, would be held as material witnesses in case the coroner would decide that an inquest was necessary. He did not suspect any foul play and was of the opinion the man died from excitement.

The North End school held a picnic and closing in their rooms, Simonds street, and the room, which had been prepared under the direction of the teachers, Miss Edith Thompson, Miss Elizabeth Stanley and Miss Mary O'Connor, presented a very pretty appearance. The picnic games were provided and iced cream and cake served to the children.

WINS NOTICE OF NOTED MUSICIAN

St. John Man's Singing Brings Urge to Career From Russian.

Another local boy has attracted attention to St. John by his musical talents. Edith Thompson, Miss Elizabeth Stanley and Miss Mary O'Connor, presented a very pretty appearance. The picnic games were provided and iced cream and cake served to the children.

Mr. Howard is well known in St. John, and his many friends will be pleased to hear that he has received so much commendation. He is a member of the choir of St. Peter's church here, and has often been heard in musical entertainments in the city. ARE WELL PLEASED WITH EQUIPMENT

East St. John Has Demonstration of Fire Fighting Facilities.

A large number of the ratepayers of Fire District No. 1, Parish of Simonds, met last evening at the Community Club Hall, after a demonstration of the fire-fighting equipment which has just been secured by the districts, and expressed themselves as much pleased with what had been done.

Just a year ago the first move to provide protection was made and a decision arrived at to create a fire district. It has cost a little more than \$5,000. It was thought at the start that all the hose that could be used without a fire engine was 500 feet, but last night 1,000 feet was stretched and a good stream of water thrown on the roof of a house in Park avenue without end the engine.

The fire wardens decided not to purchase hose reels, but to buy an auto truck to carry the hose. Last evening the hose was carried from the hydrant to its full length and water turned on before those on foot reached the scene of the supposed fire.

The pleased with the action of the City Council in deciding to make the water extension to East St. John, at an estimated cost of \$25,000. The opinion was expressed that East St. John was due for a rapid increase in population, and one of the reasons of this was seen in the erection of churches.

As Hiram Sees It

"Hiram" said The Times reporter to Mr. Hiram Hornbeam, "at Saint Ste. Marie, as soon as the streets are empty at night, the moose come in to gaze into the store windows and get the atmosphere of town life. The papers say so."

"Out to The Settlement," said Hiram, "we got a petter bug that had a fight with a turtle. I chased it into the brook."

"Good," said the reporter. "The Settlement has nothing on The Settlement."

"How you seen," said Hiram, "Commissioner Frink's trained sparrers?"

"I have not," said the reporter.

"Well, sir," said Hiram, "you want to go up an' set down on a bench in King Square—where the flowers an' shrubs is. You'll see a sparrer come hoppin' along—an the first thing you know he makes a jump—or flies like lightning up among the leaves—an the one bug less to eat the plants. It's great fun to watch 'em. They say Doc Frink trains 'em early in the mornin' afore the rest o' you folks is up—yes, sir."
