

## ONTARIO NOT IN SYMPATHY

Deprecates Western Laxity—  
Valuable Recommendations  
Adopted by A. A. U.  
Branch.

(Toronto Globe.)

The tenth annual meeting of the Ontario Branch, A. A. U. of C., on Saturday night was the most progressive and enthusiastic held for some years. The membership committee report as presented by Chairman J. De Gruchy showed an increase in membership of 80 per cent. over the preceding year.

President Armstrong presented his report, thanking the delegates for their confidence and assistance during his term of office. The report of the secretary, W. J. Smith, was full of timely subjects and suggestions for increasing the scope of the work.

Resolutions were presented by the secretary calling for an increase in sanction fees to non-members of the union, and the appointment of a finance committee to inquire into the condition of the branch funds, and recommended means for replenishing same. The members placed themselves on record as deprecating the wholesale reinstatement of a number of professional hockey players by some of the western provincial branches. The reported action of these branches in attempting to hoist the reinstatement of professionals such as "Mickey" Mackay, Barney Stanley and others on the shoulders of the union is contrary to the spirit and understanding given the eastern delegates before the special autonomy was granted the west. It tends to weaken the influence and confidence of the athletes at large in the union, and does not meet in any way with the approval of Ontario.

To conform with all other provincial branches it was the expression of opinion by the delegates that all athletes in every line of amateur athletics should take up registration cards with the branch. This is undoubtedly the ideal system, as it centralizes registration and is very satisfactory in results all over the Dominion. Certificates would only be granted by the different organizations on filing such cards. The onus of deciding the amateur status of any athlete then devolves on the union. Cards would be issued annually at a fee of 25c. The delegates were all in favor of the plan

and it has been left over for an expression of opinion from the different organizations at their first meeting.

Owing to the retirement of President Armstrong and Secretary W. J. Smith a change in officers necessarily followed. The new officers are as follows: President, J. W. Ward of Hamilton; vice-president, J. De Gruchy; second vice-president, W. J. Smith; secretary, W. F. Trivett; treasurer, R. Hunt.

FRED MITCHELL  
WILL MANAGE  
CUBS AGAIN

Chicago, Oct. 28.—Rumors that Fred Mitchell, manager of the Chicago National League baseball club, would be supplanted before the next spring training season have been put to rest with the announcement that Mitchell would guide the Cubs' destinies in 1920. He already was under contract, but following a stockholders' meeting at which all the old officers and directors were re-elected, it was decided to pass a vote of thanks to Mitchell for his efforts the past year, and expressed confidence in his ability to land a pennant next year in order to silence the rumors. No financial statement was made public, but directors said a substantial profit was shown for the first time in several years.

Mitchell was formerly of the old St. John Alerts.

Three Sundays a Week.

Sarajevo, Bosnia, Oct. 30.—Sunday is observed three times a week here. Because there are 8,000 Turks in the city, Friday is the first Sunday. Then all the Turkish stores close and one goes twice a day to some of the hundred mosques whose slender minarets gleam white against the green background of the hills.

Because 200 years ago a group of Spanish Jews settled in Bosnia, Saturday is Sunday for many Sarajevans. Then all the Jewish stores close and the Jews of the city crowd the big yellow synagogue of the main street.

Because all the rest of the 54,000 inhabitants of Sarajevo and hundreds of peasants from the hills around are Serbs and Bosnians, following both the Roman Catholic and the Greek Orthodox beliefs, the Sunday Sabbath is the biggest holiday of all in Sarajevo.

All the stores except the Turkish are closed. The churches are crowded with people dressed in every style from the latest Belgrade fashions to homespun trousers for both men and women, with huge headed shoes and woolen tunics. After that modern Sarajevo walks about the modern quarters and old-fashioned Sarajevo dances the "kolo" in the big square of the crowded Turkish bazar.

## YANKEES TO FIGHT FOR SERIES SHARE

To Base Action on Justice  
Wagner's Recent Decision  
in the Mays Case.

New York, Oct. 28.—The owners of the Yankees expect that Judge Wagner's recent decision restraining President Ban Johnson from interfering with Carl Mays' contract with the New York club will result in the National Commission turning over to the players their share of the world's series receipts.

Colonel T. L. Huston, who with Colonel Jacob Ruppert owns the club, has just returned after a hunting trip in Canada, and said that the club would take immediate steps to see that the players got their money. The Yankees' share of the world's series spoils has been held up pending the protest of the Detroit club of the games which Mays won. President Navin maintained that the Mays victories should be thrown out and third place awarded to Detroit.

The Yankees officials now take the stand that the permanent injunction insures the Yankees of third place over Detroit's protest. The club has not yet decided just what steps will be taken to force the payment. Colonel Huston said yesterday that the New York club would make demands on the National Commission to pay over the money to the New York players.

"A court decision backs our claim for third place," said Colonel Huston. "We will make formal demand on Mr. Johnson, and I am sure there will be no further recognition of Detroit's claim. Just as soon as a favorable reply is received from the American League we expect that the National Commission will pay over the money."

"Of course, we are pleased with Judge Wagner's decision," continued Colonel Huston, "but I couldn't see where we could lose after the evidence was presented. I intend to see that our players get the prize money due them."

Baseball men who were asked about the decision yesterday were inclined to think that President Johnson would not let the Mays case rest on Judge Wagner's decision, but would appeal the case to a higher court. If Johnson takes an appeal it will mean that the money will be held up for an indefinite time.

## SAYS REPORT OF LOWER PRICES FOR BOOTS, MYTH

Party of American Tourists  
Reaches Capital—Game  
Violations Are Reported.

(Special to The Telegraph.)

Frederick, N. B., Oct. 26.—Cheaper shoes in the near future are a myth, according to a manufacturer of boots and shoes in this city. The reason why there can be no reduction in prices, he says, is that leather has advanced in price and the advance will be reflected directly in the price of the finished product. Stock which is being worked up into goods now for the spring trade cost the manufacturers fifty per cent more than did stock made up into goods sold for the trade this autumn.

This statement is not in accordance with the published accounts of lower prices for hides and leather. The manufacturer in question states that there is no basis for such stories and the public is being misled by them.

Five Friday night destroyed the barn belonging to Mrs. Jane Collett, Woodstock road, about two and a half miles from the city. How the fire started is not known, but the building and its contents including two horses, hay, oats and feed, were burned. The barn was kept from the house by neighbors.

The party of American newspaper and writers which is to go to Brunswick was delayed.

## CADDOCK HOLDS WRESTLING TITLE

New York Writer Points Out  
That He Defeated Leading  
Exponents of Game.

New York, Oct. 28.—Charles F. Mathison writes in the Sun:

In view of the statements circulated regarding the American heavyweight wrestling title, a few facts and figures may be appropos. Earl Caddock of Anita, is the holder of the American championship, and any claims made on behalf of Strangler Lewis, Joe Stecher, or Vladimir Zhyzsko will not stand the test of an inspection of the records.

Caddock has beaten all three of the wrestlers named, and under conditions prescribed by promoters of the matches. Caddock met Joe Stecher, the body scientist, in a championship match at sons expert, in a championship match at Omaha, in April, 1917, the conditions calling for the best two in three falls, the catch-as-catch-can. Stecher won the first fall in 1 hour and 22 minutes, but Caddock came back and captured the second fall after a desperate struggle of 1 hour and 40 minutes. When the contestants were called for the third and decisive fall Stecher did not answer, and the referee necessarily awarded the fall and match to Caddock.

Beat Zhyzsko. Caddock defeated Zhyzsko two out of three falls at Des Moines, Ia., on February 8, 1918, and again on May 8 of the same year Caddock defeated the Polisher on points after 2 hours and 30 minutes on the mat, the agreement being that if neither man gained a fall in the time limit of two and a half hours the referee was to select the winner on the basis of points, the same as in a boxing contest. Caddock and Lewis met at Des Moines June 21, 1918, and Caddock defeated the Strangler on points in a contest lasting 2 hours and 20 minutes without either man scoring a fall. These three notable victories over the

world's championship. Such statements will not help the bout any. As wrestling is in for the same big boom that boxing, football, baseball and other athletics are enjoying, it would help the game considerably if the proper facts were stated. Wrestling is a fine sport, and its patrons will enjoy next Monday's bout just as much if the title is not a championship bout.

Jockeys Return Home.

New York, Oct. 28.—Two prominent American jockeys who have achieved a high degree of success on European race tracks during the season will return to this country for visits in the immediate future. Frankie O'Neill, who rides for William K. Vanderbilt and who has piloted more than fifty winners out of 200 mounts, will return to his home on this side early in November, with his wife, for two months' vacation. Mathew McGee also expects to return to America with his wife, and will visit his family in Cincinnati. McGee rides for Baron Edouard Rothschild and rates third this year among the jockeys on the French turf. He has ridden forty winners among 180 mounts, and only O'Neill and an English jockey named Bellhouse rank ahead of him. Still another American jockey, Guy Garner, has had a great amount of success on the French courses. Garner ranks fifth, next to an English jockey named Sharp. Garner rides for the Skynay Stables.
