

Report of the North Waterloo St. Sabbath School

FOR THE YEAR ENDING DEC. 31st, 1889.

It is with a sense of gratitude to God that we submit this second annual report of our Sabbath School on north Waterloo street. For material progress, for unity of purpose and effort, for knowledge gained and imparted, and for evidences of the quickening and enlightening power of the Holy Spirit, we thank the Great Head of the Church who has committed this work into our hands.

So far our work has greatly prospered, and the outlook for the coming year is hopeful in all but one direction. In a few months our present place of meeting will have to be given up, and the feeble response that has been made to our appeal for means to secure a new building has been discouraging, and seems to point to the closing of our school, unless some way is opened up soon to secure the necessary accommodation.

Following are the several reports of our work :
