INSANITY PLEA FOR CHARLTON

FIGHT TO PREVENT MURDERER'S EXTRADITION

Prisoner Instructed to Repudiate Confession Made to Police at Hoboken

(Times Leased Wire.) Hoboken, N. J., June 24.—A legal fight, paralleling in intensity the murder of Mrs. Mary Scott Castle...

The legal machinery of the United States and Italy is being invoked by relatives of the murdered woman to secure extradition...

Judge Paul Charlton, father of the accused man, has engaged eminent lawyers to defend his son...

Capt. Scott, brother of the dead woman, says that he was not.

The new found attorneys for the defence have intimated that they will set up an insanity plea...

Attorneys familiar with Italian laws assert that Charlton, if extradited, cannot be convicted of any crime but of manslaughter.

The Italian government, through Marquis Di Montezilla, the Italian charge d'affaires, will use every effort to secure extradition.

Charlton appeared to take little interest in the trial of his case. He was arraigned before Recorder McGowan this morning.

Charged With Murder. Como, Italy, June 24.—Prosecutor Guglia, to-day signed an indictment charging Porto with the murder of his wife, Mary Scott Castle...

It is believed here that Charlton will be able to prove that the murder was not premeditated.

It is believed here that Charlton will be able to prove that the murder was not premeditated.

BANKER FACES CHARGE OF EMBEZZLEMENT

Ex-President of Bellingham Institution in Hiding for Months in British Columbia

(Times Leased Wire.) Bellingham, Wash., June 24.—Harry J. Welty, ex-president of the wrecked Home Security Savings Bank of this city, wanted on a charge of embezzlement, reached Bellingham at an early hour this morning...

The bank was closed by State Bank Examiner J. L. Mohundro on the last day of March, but conditions had been such that on the first of the year the examiner after an investigation ordered that Welty step out of the institution...

The reports of A. E. Mead, former governor, who is receiver for the bank, and the state bank examiner, show beyond question that other charges will be preferred against Welty...

During the time that he has been absent from this city Welty has been in hiding in the wilds of British Columbia. A reward of \$500 was offered for his arrest...

Among the charges that the receiver's report makes against Welty is that dealing in high finance have resulted in the bank being filled with worthless securities for which gold coin was given...

Managers of the bank have been in hiding in the wilds of British Columbia. A reward of \$500 was offered for his arrest...

THOUSAND AUTOS IN THE PROVINCE

B. C. BUYS TWO NEW MACHINES EVERY DAY

Number of Cars Has Almost Doubled in Six Months—Interesting Records

(Times Leased Wire.) Manchester, England, June 24.—The Manchester Guardian to-day printed an article tending to confirm dispatches recently carried by the United Press from London that Sir Eldon Gorst, British agent in Egypt, will be recalled. The Guardian says: "We have on good authority a statement that the foreign office has decided to recall Sir Eldon Gorst and appoint Sir Arthur Hardinge, present minister to Belgium and cousin of Sir Charles Hardinge, viceroys of India, to succeed him. In order that it shall appear that Col. Roosevelt did not cause the change, it is asserted that Gorst resigned before Roosevelt delivered his speech at Guildhall, criticising British methods in Egypt."

One of the many indications of the prosperity and rapid growth of British Columbia during the past couple of years is found in the record of automobile registrations, which show that since the first of the present year almost as many automobiles have been purchased in the province as in the preceding six years.

In 1904, when registration was first instituted by the province, there were only 24 machines in the whole of British Columbia. At the end of last year the number had increased to 614, while to-day it is 1098.

The total includes motor-cycles, of which there are only a dozen registered. Vancouver leads in the number of cars, with Victoria an easy second.

A search of the registration records to-day revealed the following interesting figures, showing the number of cars owned in the province at the end of each year given:—

1904 ..... 24  
1905 ..... 114  
1906 ..... 114  
1907 ..... 275  
1908 ..... 363  
1909 ..... 614  
1910 ..... 1098

INSURGENTS ROUT

NICARAGUAN TROOPS

Tide of Battle Turns in Favor of Revolutionists—Prepare to Attack Capital

(Times Leased Wire.) Bluefields, June 24.—General Mena, commanding the main body of the Estrada forces, routed the Madriz troops and occupied Acopya, which is in a strategic position for an attack on Managua.

Acopya will be used by the revolutionists as a base for a campaign against the Nicaraguan capital.

Reports from the interior indicate that the tide of battle has again turned in favor of the insurgents and that the administrative forces are on the defensive after a long campaign in which Madriz's soldiers reached nearly to the environs of Bluefields, the revolutionary capital.

WELCOME RAIN. Winnipeg, June 24.—Reports received yesterday indicate that there was a very heavy rain in the Manitoba reserve and around Oche River. Southern Alberta had a good shower. At Kamaskia there was a good rain, and at Qu'Appelle there was one of the heaviest rains in the history of the valley. There was a heavy shower at the Portage plains, and all throughout southern Manitoba.

WASHINGTON'S POPULATION. Washington, D. C., June 24.—The first official bulletin of the census bureau shows that the population of the city of Washington is 331,069. The population officially recorded in 1900 was 279,718.

ACCEPTS AWARD OF CONCILIATION BOARD

Labor Department Receives Letter From General Manager of the C. P. R.

(Special to the Times.) Ottawa, June 24.—The department of labor has been notified by J. W. Leonard, general manager of the C. P. R., that the company accepts the board conciliation award regarding the wages of train operators, though the company protest that award of wages is excessive and imposes an unnecessary burden on the company's revenue.

MEXICAN TROOPS READY FOR EMERGENCY

Government Fears Trouble and Takes Every Precaution Against Rioting

(Times Leased Wire.) El Paso, Texas, June 24.—Fearing that to-day's celebration of San Juan day may turn into the uprising which has been feared for some weeks, the Mexican government is taking every precaution against rioting. Troops are stationed along the boundary and other soldiers are stationed at inland cities. At Cananea there is a strong force of troops; others stationed at Naco have been recalled and hurried to Cananea. Rurales are mobilized at Naco. The funds from the custom house at Naco have been transferred to Mexico City for safe keeping, and other towns in Sonora have sent funds in the same shipment.

From the precautions taken it is evident that the Mexican government is expecting trouble.

To-day the revolutionary leaders have predicted will witness "Mexico in a fiery bath," and this threat has put the government forces on the alert for a possible uprising.

The government doubted its police and rurales at all points where the people congregated to observe the day. The nervousness of San Juan day on June 25th, the date of election, gave added cause for alarm.

TAFT ELATED BY ACTION OF CONGRESS

President Declares Pledges Made by Republican Party Have Been Fulfilled

(Cincinnati, O., June 24.—President Taft in a signed statement received by the Times Star, his brother's newspaper here, expresses great satisfaction with the accomplishment of the present session of congress, and declares all the party pledges have been fulfilled. "I am elated at the legislation which has been enacted by this congress," the president says. "It has fulfilled the pledges of the party, and is a great satisfaction to me that we have accomplished so much. It has been the custom in the past to try to fulfill the party pledges during the term of the president elected. We have secured what we set out to get during the first regular session of congress. "I think the party in power has enacted legislation which will redound greatly to its benefit. It has kept its contract. The Republican party has a good record to take before the people in the coming elections."

SOLE SURVIVOR OF CREW TELLS OF CORNWALL

(London, June 24.—A tragic story of the sea is told by a Spanish sailor who was washed ashore near Penzance, the sole survivor of the crew of the Cornish fishing boat "The Spanish Port of Bilbao" on New York.

Exhausted by his struggle with the waves, he was barely able to relate that he was a member of the crew of the steamer Pedro on a voyage from the Spanish port of Bilbao to Newport in Wales.

Off Land's End, the southernmost point of England, the steamer encountered a gale of such severity that she foundered and of her crew of twenty-three there only survived one man, the rescued Spaniard, to tell the tale. The disaster occurred during Monday night.

His Majesty's motor cars carry no number, and his chauffeurs are not amenable for exceeding the speed limit.

REGULATION OF STOCK AND BOND ISSUES

United States Attorney-General Advocates Federal Control

(Times Leased Wire.) Chicago, June 24.—Federal regulation and control of railroad stock and bond issues was advocated by Attorney-General Wickham in an address before the Illinois Bar Association to-day. He argued that congress is constitutionally empowered to exercise such control.

Economists and courts have condemned the reckless issue of railroad stocks and bonds which are certainly as demoralizing as lotteries," said Wickham. "The record of railroad receiverships and foreclosures for the last 20 years testify to the effect such issues have upon the ability of railroads to perform their functions. Issuance of stock for inadequate reasons and fictitious consideration have furnished opportunities for irresponsible control.

"The watered and bonus stock which has been issued is the greatest abuse connected with the management of corporations."

EDITORS ARRESTED. Newspapers in Sympathy With Mexican Liberals Forced to Suspend Publication. Monterey, Mex., June 23.—Practically every newspaper in sympathy with the Liberal movement was forced to suspend publication to-day, and the editors of the papers were arrested. Liberals were arrested in great numbers at Torreon, Puebla, Mexico City, Cananea, and Monterey. Charges of "indebtedness" were placed against them. The appointment of electors was completed to-day by the government.

Addressed to her aunt, a holograph letter of Queen Mary, relating to her marriage with Philip of Spain, was sold at Sotheby's in London for \$1,025.

NO CONFLICT IN IMMIGRATION RULES

Under Secretary for Colonies Makes Statement Regarding Canadian Regulations

(London, June 24.—In the House of Commons Under Colonial Secretary Seely informed Kinloch Cooke, Conservative member for Devonport, that the immigration arrangements of the Canadian government did not conflict with the regulations which imposed certain restrictions on child immigration, however, were not made known here in sufficient time to enable agents in all cases to adapt their arrangements to the new conditions.

HEAVY FINES

(Washington, June 24.—Moses Haas, of New York, and Frederick Peckham, of Cincinnati, pleaded guilty in the government circuit court in which advance information of the government cotton rop was given to certain brokers, and were fined to-day in the federal court. Haas was assessed \$5,000 and Peckham \$5,000.

NEW PROFESSOR OF MINING

(Toronto, June 24.—The University of Toronto, recognizing the development of mining in Canada and the necessity for better training for young foreigners, has added to the university staff a professor of mining by the appointment of H. B. T. Mansfield.

SAYS SOOKE IS IMPRACTICABLE

EXPERT BURWELL HAS FINISHED INVESTIGATION

To Construct Tunnel Through the Mountains Would Cost \$30 Per Foot

(From Friday's Daily.) H. M. Burwell, C. E., who was commissioned by the city council a short time ago to make a report as to the possibilities of Sooke lake as a source of supply for water for the city has made his report. It is understood to be an adverse one. He estimates that it will cost at least \$30 per foot to make a tunnel through the mountains, and complains that from lack of data he has been handicapped in his work. His report, which has been filed in completed form, will be submitted to a meeting of the general water committee which will be convened at an early date. "After assuming office this year one of the first acts of Mayor Morley was to appoint a water committee consisting of twenty-five selected from among the leading citizens of Victoria. Several meetings were held, but the only decision reached was one to employ an expert engineer, to report on the cost of the tunnel which must be a part of the scheme if water is to be brought from Sooke to the city. The alternative proposition which has been before the city is that of buying the tunnel from the Esquimalt company, which has already offered a supply at six cents per thousand gallons. The company has of late been making a large expenditure on additions and extensions. Large quantities of heavy pipe have been received from the Old Country via the Blue Funnel route, and these are now being installed. It has been intended to submit a by-law to the ratepayers at an early date asking for a loan for the purpose of going ahead with the Sooke lake proposition.

AUTO FATALITY

Nice, France, June 24.—An automobile occupied by Mr. and Mrs. Henry, Americans, and Mme. Matten, ran into a ditch and was overturned near Castellane, in the department of Basses-Alpes, yesterday. Madame Matten was killed and Mr. Henry badly injured. The latter's wife escaped unhurt.

HAVE BREAKFAST HIGH IN AIR

TWENTY PASSENGERS TRAVEL ON DIRIGIBLE

The Deutschland Will Make Hundred Mile Flights, Starting From Dusseldorf

(Times Leased Wire.) Dusseldorf, Germany, June 24.—The giant dirigible Deutschland to-day made the first purely commercial aerial trip in the history of the world when it sailed with 20 passengers, who had paid \$50 each for their tickets. The Deutschland was in the air three hours, sailing southeasterly. Weather conditions were ideal for the flight. The Deutschland travelled a distance of 60 miles, then returned to Dusseldorf. Twenty new passengers were taken aboard for a similar flight this afternoon. It is the plan of the management to continue these 100-mile flights with Dusseldorf as the starting point and terminal. The revenues in fares for this trip is \$2,000. Twelve Germans, six Englishmen and two Hollanders were the passengers on the first trip to-day. Breakfast was served on board. Airship depots equipped with turntables, have already been established, and the management will soon open ticket offices.

FIRST BAPTIST CHURCH PASTOR

REV. J. B. WARNICKER ACCEPTS THE CALL

Will Enter on Duties Immediately—New Edifice Will Shortly Be Begun

(From Friday's Daily.) Rev. J. B. Warnicker, B.A., a well known minister of the Baptist denomination, has accepted a call to First Baptist church, of this city, and will enter upon his duties immediately. The members of the congregation at a largely attended meeting recently decided to extend a call to the vacant pastorate to Mr. Warnicker. At the conclusion of Sunday's services a letter of acceptance from him will be read. Rev. Mr. Warnicker has been supplying the pulpit for the past three Sundays, and the members will be greatly pleased to learn that he has decided to remain. He has held pastorates at Toronto and Winnipeg, and for some years represented Canadian Baptists in Great Britain, and is recognized as an able preacher and organizer. Since the fire of three years ago the congregation has been more or less unsettled, both as to church, home and pastorate, but will now be able to resume its position among leading city churches. A new edifice on Pandora avenue is being planned, and with the securing of a permanent pastor once more the congregation look forward to a renewal of activity in all departments of church life.

CLAIMS EQUAL POWER WITH GREAT BRITAIN

Former Senator Turner Continues Argument on Behalf of U. S. in Fisheries Case

(The Hague, June 24.—Continuing his argument before the fisheries tribunal on Wednesday, former Senator Turner, on behalf of the United States, outlined the negotiations preceding the treaty of 1818. He pointed out that the treaty was almost entirely conformable to the draft proposed by the American negotiators, and the contents of the treaty implied that Americans have a right to fish already existing in 1818 was maintained in perpetuity by that treaty. The United States had not renounced its fishing rights in all the bays of the British possessions, but only in territorial bays. In respect to the regulation of fisheries he held that the United States should regulate fisheries by common agreement with Great Britain, and should have a share in the enforcement of such regulations. Great Britain had no right to limit American fishermen in regard to the time or manner of fishing. Mr. Turner maintained that the treaty of 1818 limited the sovereignty of Great Britain in regard to coastal fisheries, and the contention that British legislation and the British constitution furnished guarantees against the United States being unjustly treated by British colonies was irrelevant. Mr. Turner argued that the treaty gave the United States certain advantages in perpetuity which were not subject to control, diminution or restriction and cited numerous authorities in support of the argument. Mr. Turner, in his argument yesterday, again dwelt on the child right to exercise equal power with Great Britain, and quoted from legal works of the United States in support of this contention. Mr. Turner insisted that if the right to fish was subject to the will of Great Britain, it was not a right at all. He asserted that Great Britain would never be allowed to set at defiance the wishes of the United States.

NEW THEATRE FOR PORTLAND

Portland,
