The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefitted the consumers, as well as relieving the burden manufacturers. Especially is this the case with Green's August Flower and Boschee's German Sgrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remaining. dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries.
