

Second Day of Meet Is Most Successful

Several Favorites Go Down to Defeat in Close Finishes at Moosepath Park—Lillian Leigh the Only One to Win—Chief Hayes Proves a Disappointment.

Another afternoon of exciting sport was staged at Moosepath yesterday, the occasion being the second day's proceedings of the annual Driving Club's running races. Surprises were the feature of the different cards when natural favorites were beaten out by opponents that were not looked upon as having a chance. As was the case Saturday afternoon it was a decidedly poor day for the favorites. Although the audience was far from large, they were perhaps more critical than the large number of those who saw the opening performance. The keen student of the turf who knows the game thoroughly, the sharps who depend on the winners, the professional gamblers and the man who perhaps had received "tips" were all there and the bookmakers were kept very much occupied. Everything however was pulled off in a manner that won the approval of all as being not the slightest hitch to mar the programme.

Goodacre Beaten.

With six starters in the first race, Goodacre, who in the vernacular of the track has been "stepping some" of late was a strong favorite. Many of the wise ones however took a punt at Jack Ryan, who from the start set a clicking pace right to the home stretch, winning out by about a length from the favorite.

The second card was for five furlongs and seven ponies faced the starter. Lillian Leigh was a strong favorite although several staked the loose change on the chances of Jack Binn and the Clown.

The third race was a terrific clip, and it was anybody's race up till the last 100 yards when Lillian Leigh jumped into the lead, and with a wonderful spurt crossed the tape about a length to the right of the post.

The event which perhaps caused the greatest interest and drew the largest wagers, was the third card of six runners in the six furlongs. John Marr was considered a natural favorite, but when the speculating began it was quickly evident that the sharps had it all doped out as a victory for Pleasing, who had easily romped away with his last three races. So positive were they in the belief that they would duplicate his performance, that they staked all kinds of money on his chances. When they finally did get away, it was quickly noticed that the favorite was apparently not living up to expectations and amidst the sighs and inaudible murmurings of his supporters, finished in third position.

Trouble at the Start.

A feature of the fourth race was the difficulty in getting Don Hamilton to break the tape. It took more than 15 minutes before the starter got the horses away in what looked like a poor start. Although a strong favorite, Don could only manage to capture a third place. Anna Smith being first and Billie Hibbs second. The one mile event was a cinch for Tannie, who slipped into the lead at the crack of the gun and retained the position until the finish. Chief Hayes was looked upon by many to make a good showing in this event. He was a great disappointment, however and apparently blew up on the home stretch. In the fifth race, which was the last of the day, a great race was witnessed. Doctor Young, a strong favorite, barely succeeded in nosing out a victory over Dunvegan, who was barely counted upon to secure a place.

The summary of the events follows: First race, 4 1/2 furlongs—Jack Ryan, 107 (Gerolimo) 3 to 1, won; Goodacre, 105 (Dimondo) even, second; Fairchild, 103 (Johnnie) 6 to 1, third. Time—58. Tender, Origa and C. A. Morgan also ran.

Second race, 5 furlongs—Lillian Leigh, 109 (White) even, won; The Clown, 111 (Kings) 3 to 1, second; Billie Hibbs, 108, Johnson, 6 to 1, third. Time—1:06. Johnny Wise, Kingstone Belle and Coon also ran.

Third race, 6 furlongs—John Marrs, 215 (Martin) 5 to 1, won; John Garner, 115 (Irvin) 3 to 1, second; Pleasing 109 (Matthews) even, third. Virginia Maid, Marie Rice and Square Deal also ran.

Fourth race, 6 1/2 furlongs—Anna Smith, 121 (Kings) 3 to 1, won; Billie Hibbs, 123 (Irvin) 7 to 2, second; Don Hamilton, 118 (Martin) 6 to 5, third. Time—1:28. Jubilee, Juggins, Alarmed and Irwin P. Diggs also ran.

Fifth race, 1 mile—Tannie, 107 (Irvin) even, won; Judge Dundon, 111 (Johnson) 8 to 1, second; Adoration, 106 (Martin) 3 to 1, third. Time—1:49. Chief Hayes and Polar Star also ran.

Sixth race, 1 1/16 miles—Dr. Young, 107 (Matthews) 3 to 1, won; Dunvegan, 112 (Irvin) 6 to 1, second; Dr. Crook, 113 (Martin) 4 to 1, third. Time—1:57. Many colors, Jack Baker and King's Guinea also ran.

TODAY'S FORECAST.

What the six races offered by the St. John Driving Club lack in quantity is made up in quality, and the keenest contests of the meeting may be expected this afternoon. In marked contrast to the opening day when spills occurred in two of the events, not the least mishap marred the sport yesterday, the turns having been put in such shape that the thoroughbreds negotiated them like circus horses.

FANS FEARFUL THAT G. O. M. OF BASEBALL IS GOING BACK

Is Cy Young, the grand old man of base ball, going back? This is a question which American league followers all over the country are asking this summer, and the Cleveland bugs, where Young is idolized and where he made his first start in fast company, are more than worried.

This is Young's twenty-second year as a pitcher and in all that time he has always been at the top of the heap when the averages are made up at the end of the season. Always ready and willing to work, Young has won the esteem and friendship of all lovers of good base ball.

This year the grand old-timer is having a hard time getting started. Manager Jim McGuire has sent him to the mound five or six times and each time the veteran has lost his game. On Saturday, as an instance, "Cy" went into the box determined to win his 500th game, but had to be removed in the second inning. Apparently he has all of his oldtime speed and curves, but he has been unable up to date to keep them away from the batter.

Young is now 43 years old, pretty old for a base ball player. The secret of his success has been, he says,

the care he has always taken of himself.

"Preparation is half the battle," the G. O. M. says. "I believe in getting myself into just as good condition as a boxer preparing for a fight."

And here is a tip which this veteran of over 22 strenuous years in baseball, hands out for young players:

"There is no use going into anything you hope to make a success of."

Start. From Cleveland he went to Boston and was a member of the famous Boston team. Like many of the other stars, he left the National League and went with the American when the war was on.

This is Young's second season with the Naps. Last year he was one of the winning pitchers for the Cleveland aggregation, but he has failed to get started this year, and the lovers of the game are wondering if the grand old man is going to pass out of the league from the city in which he first started.

unless you go in determined to win. I don't stop work in the fall when the season is over. Instead of leaving around the city I go to my home near Peoli and split rails and work on the farm. Then when the baseball season begins I am more than half ready to start the hard work of the season."

CY YOUNG AT END OF DELIVERY.

Kaufman Next to Fight Negro

Lusty Young Giant Can Take Hard Blows and Only Needs Training to Make Him a Second Jeffries--Delaney Has Him in Hand and Will Probably Sign Articles Within a Year.

San Francisco, July 11.—Unless the signs are crossed it is believed that the next white man to tackle Jack Johnson for the world's heavyweight championship will be Al Kaufman of California, for six years a pupil of Wm. Delaney. While a challenge in behalf of Kaufman may not be forthcoming until some time next fall it was learned Saturday that Delaney has the necessary backing and that if Johnson is willing a big purse will be offered by a leading promoter for a fight to be held in Paris, France, next winter or spring.

When Delaney agreed to take hold of Johnson two months ago and fixed it that Kaufman could box daily with the big negro he had this plan in mind, it is said. Delaney was positive that Johnson would defeat Jeffries from the moment the match was made. When Kaufman fought ten rounds with Johnson in California last September Delaney at the ring side drew the conclusion that all the former needed was actual experience in boxing with the negro champion and plenty of it. So Kaufman for more than a solid month of hard work at Johnson's camp learned much about the negro's flistic skill, while Delaney also was able to make careful inspection. Having discovered the inside methods of Johnson, therefore, and possessing a better line on his prowess than ever before Kaufman, it is stated, is confident that he can put up a far better argument than Jeffries did. Furthermore Delaney and his backers think that if they can secure a match for Kaufman they will find Johnson on the down grade by the time the fight takes place—perhaps a year from now.

Kaufman is 24 years old. He is 6 feet 1 inch in height and weighs 215 pounds in condition. While he was clearly outpointed by Johnson in their ten round no decision contest he was as strong as a lion at its conclusion and seemed to be able to go a long route. Five years ago he was knocked out by Philadelphia Jack O'Brien in 17 rounds, but he was only a beginner at the time, and that was the only real defeat ever recorded against him. A year ago Delaney challenged Jeffries in behalf of Kaufman and stood ready to bet \$10,000 on the side. The veteran trainer was convinced then that Jeffries could not "come back" and as matters have turned out since, it seems probable that Kaufman would be the better of the two.

Delaney was also ready to make a match with Johnson after the latter's six round bout with Philadelphia Jack O'Brien last spring and W. A. Brady expressed a desire to put up \$10,000 as a side wager. From inside information received here from Reno Delaney after witnessing Johnson's victory over Jeffries has expressed renewed confidence in Kaufman, who in his opinion is the best white heavyweight in the world at the present time. It is also hinted that Johnson has promised Delaney to give him a chance to the young Californian, provided a sufficient inducement is forthcoming. Finish fights are allowed in Paris and negro pugilists are in favor of the Frenchman. That is why it is believed if Johnson and Kaufman are matched they will settle their differences in the French metropolises.

Sam Langford and Tommy Burns are both anxious to fight Johnson. Langford has been after Johnson for two years. Johnson says he will take Langford on providing the latter will wager \$20,000 on the side. Langford comes back with the proposition that as Johnson the champion, would be a 2 to 1 favorite the side bet should be governed by ringside odds; that Johnson should be willing to wager \$20,000 against \$10,000 on the result of the fight. But there is some doubt as to the drawing capacity of a battle between two negroes, and furthermore there seems to be small chance of a meeting of this kind on American soil. The National Sporting Club of London stands ready to offer a \$20,000 purse for a twenty-round bout between Johnson and Langford, however. Burns' desire to fight Johnson again is generally ridiculed. If he wishes to show ring followers that he is not a counterfeit sporting man say Burns must first defeat Langford. It is possible that Rickard will arrange a Burns-Langford forty-five round contest to be held in Reno on Labor Day, as the men were matched to fight in Frisco on that date when Gov. Gillett killed the game in California. If such a scrap can be pulled off in Nevada it is thought the winner could meet Johnson there later on, unless the Nevada Legislature should pass an anti-prizefight law. If Nevada should remain open to pugilism a Johnson-Kaufman fight would also be possible, but owing to the present widespread crusade against prizefighting in America Nevada may close the doors.

Joe Chynski, one of Jeff's handlers is quoted as saying that the boxer would be possible, but owing to the present widespread crusade against prizefighting in America Nevada may close the doors.

"If Jeffries had beaten Johnson," said a prominent fight promoter yesterday, "there would have been no objection to the exhibition of moving pictures of the fight."

JACK JOHNSON IN VAUDEVILLE

Champion Tells New York Audience That Blow Which Closed Jeff's Eye Won the Fight.

New York, July 11.—"I won," said Jack Johnson, this afternoon, as he paced to show the famous gold reef, while the crowd which filled the vaudeville theatre where he made his first public appearance since the fight at Reno, with Jim Jeffries, cheered and stamped. "I won and all I can say is that it is my purpose to defend my title against all comers and I thank you for this reception.

"As I told this audience before the fight, I believed I was the best man. I made up my mind to fight a fair honest fight, and I believe the pictures will show that I did. If Jeffries had been the best man and he whipped me, I would have gone to his corner and tipped my hat to him and offered him my hand. As it was I won."

Before Johnson went on the stage he received a delegation of newspaper men in his dressing room. They asked him why he sold out his share in the moving pictures of the fight.

"Well," said Johnson, "you see, it like this; you always see the man who has the patent lose money. If I had kept my interest I would have to employ a large number of men to look after my interest. As it was I got \$50,000 and a little bonus of \$10,000 or \$12,000 for my interest. Now if I had kept my share of the pictures by the time the other twenty five or thirty of us had got through cheating one another, I doubt if there would have been that much money left for me. So long as they were willing to manage it and give me the money I was perfectly willing to accept. So far as I am concerned I hope they make a million out of it."

Somebody asked Johnson what blow he thought won him the fight. "I think," he answered, "it was the blow that closed Jeffries' right eye."

There were no riots during the day either in the streets or in the theatre where Johnson appeared, although vast quantities of Johnson's winning went up in champagne at the hotel where Johnson makes his headquarters. The only serious disorder of the day bearing in any way on the fight, occurred in a small Broadway theatre, where a crowd gathered to see pictures "taken at the ringside" under the impression that they were moving pictures. Disappointed the spectators demanded their money back and when this was refused, wrecked the lobby and rolled the ticket booth with a young man inside, into the street.

Johnson appeared on the stage again tonight.

Cincinnati... 10000000—1 8 1 Brooklyn... 20000000—2 8 1 Batteries—Burns, Beebe and McLean; Clark, Scanlon and Bergen. Time—2 hours. Umpires—Klem and Kane.

ST. JOHNS WON DECIDING GAME

Juniors Have Exciting Contest and Victorias are Beaten Out by 1-0 Score—Play at Hampton Today.

The deciding game in the series of seven between the Victorias and the Young St. Johns was played last evening on the Ballast Wharf, and resulted in a score of 1-0 in favor of the North Enders.

This makes a total of four games for the St. Johns to one for the Victorias, so that the visitors are proclaimed the winners having obtained the best out of seven.

An unusual number of fans gathered to see the struggle last evening. It was an exciting six inning game, taking place under the keen all-seeing eye of young Frank Buckley of Lower Cove. The argument was pretty even throughout and in the last inning the game was decided. The twirling on both sides was very scientific. In the first of the sixth inning Capt. Norton of the St. Johns made a business-like hit to left field and made first base.

The following was the line-up of the teams: Victorias: Catcher, St. Johns G. Smith; Pitcher, Brittain; First Base, Totten; Second Base, Pierce; Third Base, C. Hannah; Shortstop, Gibben; Left Field, Gillespie; Centre Field, S. Horton; Right Field, G. Hannah.

The young St. Johns leave this morning for Hampton to play a morning, afternoon and evening game with the town team there. If possible, they will also work in a game with the Hampton High school.

COMMODORE'S CUP RACE.

The first R.K.Y.C. race for the Commodore's cup will be sailed on Saturday next, July 16, and promises to excite more than ordinary interest. Contrary to the general belief this race is open to yachts of classes A, B, or C, and all will get full time allowance.

The course is a special one and is as follows:—Start at club wharf up Konnebecas to Appleby's wharf, leaving buoy on port hand; thence to Millidgeville leaving buoy on starboard hand and finishing off the club wharf.

It is expected that a large number of the yachts will enter for this race, several having been already received. Entries will close Friday evening at 6 p. m., at which time they must be in the hands of A. E. Everett, secretary of the sailing committee.
