AROUND THE CITY

An interesting lecture, English Social and Political Problems, was the subject of an interesting lecture delivered by Rev. G. Earle in the Fairville Methodist church last evening. This is the first of the series of meetings which will be conducted by the Brotherhood of the Fairville church during the winter.

Tunisian Passengers.
The following is a list of the saloon passengers on the M. S. Tunisian, which sailed yesterday from Montreal and Quebec for Liverpool: Lieut. Col. G. M. Duff, R. E., Mrs. John Gardner, Mrs. C. Graham, Miss Hopkins, Miss May King, Messrs. J. K. Low, A. R. Picard and R. J. Shrimpton; Miss A. A. Ritchie, Miss M. Robinson, Major G. Vadrey.

Installing Hydrants.
The water department has installed sixteen fire hydrants this summer and will install four more before the close of the season. Work on the Exmouth street water extension has been finished and start made on the extension in Britannia street. All renewals have been completed except in St. James street, West Side, where a rock cutting is being made to put down an eight-inch pipe in place of a two-inch pipe.

Had Leg Broken.
In being tossed to the street from an express he was driving, Arthur Myers, a young man who drives for Robert R. Patchell, a grocer, was badly injured yesterday afternoon and received a compound fracture of the leg. Mr. Myers was driving along Paradise Row when the wagon caught in the car track and everything to one side knocked him from the seat to the ground. The ambulance was summoned and removed the young man to the hospital. The accident happened about four o'clock.

PLAN CELEBRATION FOR TRAFALGAR DAY

St. George's Society, at Meeting last Evening, Hears of Arrangements—To Revise Constitution.

At the meeting of St. George's Society held in their rooms last evening the committee arranging for the Trafalgar Day celebration reported that excellent progress was being made. It was announced that Hon. George E. Foster will address the society. The committee also announced that Madame Grace Bonner Williams, of Boston, will sing.

The committee in charge of the tickets reported that many had been sold and that arrangements had been made whereby tickets would be on sale at William Hawker's on Prince William street, and E. G. Nelson's on King street.

The committee on the revision of the constitution made a report and stated that the proposed changes will be up for consideration at the January meeting.

Applications for membership were received from J. L. Claxton, and S. E. Hawse and E. E. Blais were elected members. Sir Frederick E. Barker has taken out a life membership.

The society wishes to express its appreciation of the efforts of Trustee Dr. Manning toward having Trafalgar Day observed in the schools.

THE NOISE OF THE BALKANS HAS CEASED, BUT A NOYES IS STILL TO COME.
On Nov. 4, Alfred Noyes is to give a lecture, "The Great Green Table," at the York Theatre. Mr. Noyes is the greatest living poet and has taken great interest in the peace movement.

WELL KNOWN BLENDING MAN PASSED AWAY LAST NIGHT

Rev. L. G. Macneill, for Years Pastor of St. Andrew's Church, Died after Lingered Illness, of Paralysis—His Death Removes Noted Figure in Religious and Educational World.

Rev. Leander George Macneill, formerly pastor of St. Andrew's church, and for many years a notable figure in the religious and intellectual life of the Maritime Provinces, passed away about eleven o'clock last evening at his residence on Duke street. Mr. Macneill had suffered with paralysis for some years, but it was only about a week ago that he became seriously ill. Owing to his affliction Mr. Macneill had latterly dropped out of the public gaze, but his death will be sincerely mourned, particularly by those of riper years who, in his days of activity, came under the spell of his magnetic eloquence and felt the charm of his kindly yet forceful personality.

A man of brilliant intellectual attainments and wide culture, possessed of an independent and fearless spirit, he was a great pulpit orator, and had a wide reputation as a writer and lecturer on topics of public interest. He took a keen interest in public affairs of all kinds, contributed many powerful articles to magazines and newspapers, and was in great demand as a lecturer, having a rare capacity for absorbing the attention and arousing the enthusiasm of his audiences. His lectures on Home Rule, D'Israeli, and Wellington at Waterloo, are still remembered as models of forensic effort.

Mr. Macneill was born in 1845 at Cavendish, P. E. I., the son of S. Alex. Macneill and the grandson of the Hon. William Macneill, for many years speaker of the P. E. I. Assembly. He was educated at the Prince of Wales College, Charlottetown, where he won the Governor General's medal, and later in the Bruce Seminary, and Edinburgh University where he graduated in M. A. with high honors in 1868. He took a theological course at the Edinburgh Presbyterian Seminary and at Princeton University. From 1863 to 1865 he was principal of the Prince of Wales Grammar School at Charlottetown and later became professor of

ASK SANITARY ARRANGEMENTS FOR SALOONS OF NEW HALL

At the meeting of the Board of Health yesterday afternoon a communication was received from the Master Plumbers Association, asking the Board to look into the matter of having saloons and soda water parlors fitted up with sanitary arrangements for washing glasses, and the matter will be looked into. The secretary was instructed to issue notices to a number of householders to install sanitary closets, without further delay, and six people appeared before the Board in connection with the orders of the Board regarding sanitary conveniences in residences.

Several legal processes against parties who had not complied with orders to fit up sanitary closets were sent back to the Board by the Police Magistrate, and the plumbing inspector will make a report on such cases, the contention of the defendants being that they have no room in their houses for sanitary closets. One person was refused permission to keep a cow in the city.

The monthly report of the secretary stated that during September there were 84 deaths in the city, four of these being non-residents. There were during the month 4 cases of diphtheria, 3 of scarlet fever, 13 of typhoid fever, and one of small pox, the latter being a case which had been held over for some time.

Dr. Melvin, the medical health officer, submitted his quarterly report covering his work, and making recommendations which the Board took into consideration.

BAPTIST MISSION BOARD IN SESSION.
The first quarterly meeting after the convention of the New Brunswick United Baptist Home Mission Board was held at ten o'clock yesterday morning in the board rooms, Prince William street. Those present were: Reverends W. Camp, M. C. McCutcheon, J. E. Wilson of Fredericton; C. P. Wilson, Dr. David Hutchinson, Rev. A. F. Newcombe, Dr. W. E. McIntyre, A. J. Archibald and F. H. Wentworth.

The election of officers resulted as follows:—Rev. Dr. David Hutchinson, chairman; Rev. F. H. Wentworth, recording secretary; Rev. Dr. W. E. McIntyre, treasurer.

The superintendent, Rev. C. P. Wilson reported on the excellent work done by the students during the summer months. Many of the churches are now in a flourishing condition as a result of their efforts.

PUT OUT FIRE IN STOVE, WAS BADLY BURNED

Mrs. McMullin, of Middle Street, West End, The Victim.

SAVED FROM DEATH BY TWO NEIGHBORS

Hearth Frantic Cries for Help and Rushed to Rescue—Unfortunate Woman in Terrible Condition.

While in the act of lighting a fire in the kitchen stove of her home yesterday afternoon, Mrs. McMullin, a young married woman who resides on Middle street, West End, was accidentally burned by the flames from the fire catching her clothing, and as a result the unfortunate woman, who was rescued from her perilous position only through the alertness and presence of mind of two of her neighbors, now lies at her West End home in a most serious condition, it being doubtful if recovery will be possible.

The said accident, which may have fatal results, occurred about four o'clock yesterday afternoon. It is understood that the woman was lighting the fire when the flames reached the end of her apron, and catching the other portions of her clothing, soon reached the body, inflicting terrible burns. According to the stories told, oil was being used to assist in kindling the fire. In the act of pouring the fluid into the stove some oil was spilled over the apron, and when the fire was started the flames puffing out the top of the stove and, catching the clothing, soon set through the outer garments, and burned the left side of the body.

Assistance arrived just in time, and the alertness of Mrs. McMullin's neighbors alone saved her life. Mr. Robson kept the flames from spreading and with much presence of mind Mrs. Butland rushed to one to the help, had been badly burned, and some minor burns were also shown on other portions of her body.

While the young woman is badly burned and terribly weakened with excitement, it is thought that she may possibly recover.

LADIES' ASSOCIATION OF NATURAL HISTORY IN ANNUAL MEETING

Reports Show Much Progress—Winter's Course of Lectures Outlined—Officers Elected for Year.

The Ladies' Association of the Natural History Society of New Brunswick held their annual meeting on Tuesday afternoon, the president, Mrs. Matthew, in the chair. The president's address referred to the fact that the Ladies' Association had completed its first quarter-century as a part of the Natural History Society of New Brunswick.

A pleasant feature of the meeting was the presentation of a watch to Miss P. A. Hoyt, the retiring corresponding secretary, as a token of their appreciation of her services.
