TRAINS HELD UP BY WASHOUTS ON C. P. R. BRANCH
 Heavy Rains Render Traffic Almost Impossible in Vicinity of Bath—Crops and Roads Injured.

Bath, Aug. 11.—The heavy rains in this vicinity have caused a considerable amount of damage to the crops and the roads.
 Shiktauak stream railway bridge on the C. P. R., three miles from here about 15 feet of the abutment, and swung the bridge out of plumb, and also badly twisted the rails. As the regular trains arrive the passengers are transferred and all other trains have been cancelled.
 At a point between Hartland and Newburg there is another bad wash-out and it will take some time before repairs can be completed.
 Another 100,000 feet of lumber has gone adrift from the McLaughlin mill, and a large crew of men have been set to work in an attempt to save the logs.

LATE SHIPPING.
 Steamer Arrivals.
 Liverpool, Aug. 11.—Meganic, Montreal.
 Portland, Me., Aug. 11.—Schr John B. Manning, coal port.

 Philadelphia, Aug. 11.—Schr Adonis Halifax.

PILES
 Do not suffer another day with itching, bleeding, smarting Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as a certain cure you see a box at 25 cents. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

OLD HOME WEEK IN FREDERICTON WENT WITHOUT A HITCH
 Upwards of 5,000 Visitors Attended Celebration—Canton Wabasso Reach Capital from Fort Fairfield.

Special to The Standard.
 Fredericton, Aug. 11.—Canton Wabasso, No. 22, I. O. O. F., militant patriots, arrived from Fort Fairfield in their special cars, and spent Sunday in the city.
 They are guests at the Barker House and are on a pilgrimage through Nova Scotia and New Brunswick, their tour being timed so that they reach Yorkmouth when the grand fides of Odd Fellows for the Maritime Provinces is in session there and are in Halifax for the celebration during their visit of H. R. H. the Duke of Connaught. They go to St. John by steamer tomorrow.
 The old home week celebration on Saturday and Sunday was a complete success, notwithstanding the heavy rain of the last two days and the unfavorable weather throughout the week. Upwards of 5,000 visitors were in town during the week and probably the most successful of the celebration was Tuesday day.

OFFICIAL OF THE GRENFELL MISSION MISAPPLIES FUNDS
 C. P. Karnopp Arrested in St. Johns on Charge Laid by Famous Missionary—Out on Bail.

Special to The Standard.
 Halifax, Aug. 11.—C. P. Karnopp, superintendent of the Grenfell Seaman's Institute, was arrested at St. John's, Nfld., after a deposition had been made by Dr. Grenfell charging him with misappropriation of the mission funds to the amount of \$1,000. The action was taken by Dr. Grenfell after the report of the chartered auditors who annually inspect the accounts of the mission. After the report was made known, Dr. Grenfell communicated with the justice of the department and the arrest of Karnopp followed.
 The accused was released from custody pledging himself in \$5,000 and with security of Dr. MacPherson and A. Templeton in \$2,000 each.

SUPPOSED VICTIM OF TITANIC WRECK BACK HOME AGAIN
 Toronto, Aug. 11.—The dramatic arrest of Walter Wavis alias Walsh, the clerk at the Bank of Montreal House yesterday and the arrest a short time later of Alice Davis, alias Walsh, who claims to be the former's wife, has come as a climax to one of the most painstaking pieces of detective work carried out in Toronto for many years, and has led the detectives to believe they have one of the men who were implicated in a most daring robbery committed on the British Columbia coast.
 No less than 2,000 in notes stolen from the branch of the Bank of Montreal in New Westminster, B. C., Sept. 15, 1911, when \$350,000 disappeared were found in a grip belonging to Davis and another amount of \$7,205.50 which the man had in his possession, the officers allege was obtained by changing groups of the stolen notes.
 Davis is maintaining a determined silence as to the manner in which he got the notes. The arrest of Davis is primarily due to a plan conceived by Detective Tipton.

MARRIED.
 FLETCHER-BARTON—On Aug. 7th at the Methodist parsonage, Sussex, by Rev. Charles Flanders, Marjorie Boyd Barton, of Coles Island, youngest daughter of Mr. and Mrs. Thomas Barton, to George Leonard Fletcher, of Forest Glen.

DIED.
 FERGUSON—At his home, 178 Queen street, on Sunday, Aug. 11th, James K. Ferguson, in the 63rd year of his age, leaving a widow and one daughter, Nellie, wife of Frank Skinner, to mourn their loss.
 Notice of funeral later.
 RODGERS—Suddenly, on August 10th, Captain James C. Rodgers, aged 79 years.
 Funeral from his late residence, 320 Tower street, West End, Tuesday, August 13th, at 2:30 p. m.

WORLD TRAVELLER PAYS WARM TRIBUTE TO HOSPITAL STAFF
 That there are few cities he likes better than St. John and no institution of the kind that can compare with the General Public Hospital, is the opinion of Lewis Clarke, a native of Carrowan near Baltimore, County of Sligo, Ireland, who has roamed the globe through Europe, Africa and America, and is now a resident of this city. Mr. Clarke has had personal experience of the hospital, having been an inmate for nearly eight weeks with a frozen foot last winter, and he tells The Standard that in gratitude for his treatment he feels he must give the institution a public testimonial.
 He believes that Dr. Murray Mac-

GABBIES OF PARIS PROTEST
 New Traffic Regulations Do Not Meet With Their Approval—National Stock of France Slumps.

Paris, Aug. 10.—The coachmen and chauffeurs of Paris are muttering and protesting over the new series of regulations relative to street traffic. Frenchmen dislike changes of any kind and it is not strange that the veteran Parisian cab drivers should grumble over any which pretend to tell them how they shall drive through the streets of Paris which they know so intimately.
 Louis Lepine, the Prefect of Police, has, however, become a believer in the system of the American inventor, William Phelps Eno, which has already been so successfully applied in New York and London. Each coachman and chauffeur has been given a little book dealing with keeping to the right side of the road, the rights and duties of drivers and pedestrians, and such questions as signals, speed and the treatment of horses. There is also a special page devoted to the regulation of traffic on the world-famous avenue, the Champs Elysees.

Some alarm has been felt in France at the depreciation in the price of the national gold stock, the Rentier which in 1897 stood at 105 fell to 102 in 1902 and at present is quoted at about 92. M. Klots, the Minister of Finance, in a recent speech took the opportunity of explaining this situation, at the same time declaring his conviction that the decision of the Senate Committee on the Income Tax to exempt the Rente from taxation was quite true, said M. Klots, that government stock had everywhere fallen, but that in France a more general depreciation of all stock which yielded a fixed interest. There was nothing to be done, he said, but to wait until a more general depreciation of all stock which yielded a fixed interest. There was nothing to be done, he said, but to wait until a more general depreciation of all stock which yielded a fixed interest. There was nothing to be done, he said, but to wait until a more general depreciation of all stock which yielded a fixed interest.

 rane to Quebec stretch. The bargain was jug-handled from the start.
 2. Some time ago arrangements were made whereby the Grand Trunk Pacific as contractors were to take over the McArthur contract from the Transcontinental Superior Junction. The contract drawn up included the usual clause enabling the Transcontinental Commission to set a date for the completion of the contract.
 3. In August, 1911—with a general election pending—this arrangement was omitted. Equity, of course, would prevent a contractor withholding a property indefinitely from the owner but that clause was left out of the contract which the Grand Trunk Pacific, as contractor, is supposed not to have finished. Fifty locomotives are doing business on it; from six to ten heavy trains run upon it daily; a passenger business is being done. And so far as the letter of the latest contract goes, the Grand Trunk Pacific as contractor seems to think it can leave one unimportant switch unconnected to the track of doom. It finished the work of the contract (as contractor) need not surrender the line to the government. It (as railway), can be doing a making traffic over the "unfinished" line.
 Finally, is it advantageous to the Grand Trunk Pacific to keep up the present state of affairs? And is it advantageous to the country?
 Where They Gain.
 It is advantageous to the Grand Trunk Pacific in two ways:
 1. This heavy traffic is largely out of the control of the Railway Commission. If an accident occurs, they need not report it and stand the investigation which ordinarily follows. Its rates are not under full control. Every month's delay in the formal taking over may postpone the time when rent must be paid. If the Grand Trunk Pacific leases the section on September 1, 1912, it may have to begin paying rent on September 1, 1913. If the section of the lease does not occur till 1913, the date of payment may be pushed back to 1920.
 So far as the public is concerned it naturally is to its interest to have the traffic over the line controlled, and have the payment of rent begin at as early a date as practicable.

Loren is the best doctor he ever met on his wide-world travels, and also pays a warm tribute to Dr. D. C. Malcolm and Dr. McCarthy on the hospital staff. The nurses who visited and attended him, Mr. Clarke says, must also receive recognition. He mentions the following: Miss Hewitt, superintendent; Miss Stammers, Miss Ruel, Miss McLeod, Miss Jones, Miss Carson, Miss Mitchell. He also has a good word for Mr. Stewar, the orderly. The Standard does not usually publish testimonials, but the sincerity of Mr. Clarke's wish to do what he can for the institution which literally set him on his feet is, perhaps, a valid excuse.
