Unusual Responsibility

CONDITIONS brought about by the war have placed many women in positions of unusual responsibility, involving mental strain and anxiety.

Think, for example, of the girls who have been placed in tellers' wickets in the banks, and whose duty it is to handle each day tens of thousands of dollars.

It is not as though such positions had been reached after years of training and development, for in many instances the new teller has had little experience, and the strain thrown on the nervous system is enormous.

But similar conditions apply in many lines of work, and whether the overstrain is mental or physical the result is the same, for vitality is exhausted and sooner or later health gives way.

The rapid spread of influenza and pneumonia is largely due to the low vitality of many thousands of people who have been living under a constant, unusual strain of mind or body.

In a state of continual fatigue you have practically no reserve force left to fight disease, and are, therefore, easy prey.

There is only one way to restore feeble, wasted nerve cells, and that is by supplying them the vital substances which nourish them back to health and vigor.

This is exactly what Dr. Chase's Nerve Food does, and that is why it is in such enormous demand at this time when so

many people are living under such unusual nervous strain.

A dead nerve cell can never be replaced, but an exhausted nerve cell can be restored, and just here is where Dr. Chase's Nerve Food comes in to cure by means of the building-up process.

One of the first indications of trouble is headache, and then sleeplessness—you fail to regain at night the nerve force expended in the day's work and worry.

You get up tired in the mornings, and your work seems a burden to you. You get discouraged and lose confidence in yourself, and as the nervous system weakens the worry increases.

There is no light ahead for the person suffering from nervous exhaustion, but, fortunately, there is help in the use of this well-known restorative—Dr. Chase's Nerve Food.

Take all the rest you can—get out into the fresh air and use Dr. Chase's Nerve Food regularly, and you will soon find yourself on the way to health.

This is the message we have brought to many thousands who are now enthusiastic in telling their friends about this great food cure. We can only tell you of the experience of others. It remains for you to act if you are to obtain similar benefit. You can get six boxes of Dr. Chase's Nerve Food for \$2.75 from any dealer, or Edmanston, Bates & Co., Ltd., Toronto.

Finds Cure for Rheumatism After Suffering Fifty Years!

Now 83 Years Old
—Regains Strength
and Laughs at
"URIC ACID"

Goes Fishing;
Back to Business,
Feels Fine! How
Others May
Do It!

"I am eighty-three years old and I doctor for rheumatism ever since I came out of the army, over fifty years ago. Like many others, I spent money freely for so-called 'cures,' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

HOW IT HAPPENED.

Mr. Askelman is only one of thousands who suffered for years, owing to the general belief in the old, false theory that "Uric Acid" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women to take wrong treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, neuritis and like complaints, by taking treatment supposed to drive Uric Acid out of your blood and body. Many physicians and scientists now know that Uric Acid never did, never can and never will cause Rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every new-born babe, and that without it we could not live!

HOW OTHERS MAY BENEFIT FROM A GENEROUS GIFT.

These statements may seem strange to some folks, because nearly all sufferers have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Askelman fifty years to find out this truth. He learned how to get rid of the true cause of his rheumatism, other disorders and recover his strength from "The Inner Mystery," a remarkable book that is now being distributed free by an authority who devoted over twenty years to the scientific study of this trouble. If any reader of The St. John Standard wishes a copy of this book that reveals startling facts overlooked by doctors and scientists for centuries past, simply send a postcard or letter to H. P. Clearwater, 204 B Street, Hallowell, Maine, and it will be sent by return mail without any charge whatever. Send now! You may never get this opportunity again. If not a sufferer yourself, hand this good news to some afflicted friend.
