

Ayer's Sarsaparilla

Is widely known as one of the most effective remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and its marked cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruption of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and impure discharges of the skin, Tumors, Blotches, Boils, Pimples, Freckles, Sores, St. Anthony's Fire, Itch of the Scalp, Ringworm, Tetter, Salt Rheum, Scald Head, Kingworm, and Internal Discharges of the Uterus, Stomach, and Lungs, and all other diseases, especially those of the blood, such as Dropsy, Dyspepsia, Female Weakness, Debility, and Leucorrhoea, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring, by renewing the appetite and vigor of the digestive organs, it dispels the depression and listless languor of the season. Even where disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

It is reported to-day that the Hon. Thos. R. Jones is seriously ill at Fredericton, whether he went ill or two sick.

But little doubt is now entertained of the recovery of Mrs. Gallant. She continues to improve each day, and there is little probability of unfavorable symptoms presenting themselves at this stage.

Several failures have occurred in this city during the past few days, and there are many rumors afloat regarding the stability of a number of well known firms. Some of these rumors are probably unsupported by the actual facts, but it is certain that many of our merchants are feeling a trying crisis, and it is feared that matters will be worse before they are better.

The Messrs. Lundy have arranged that the steamer Rotheissay shall leave Fredericton on Monday morning next—Queen's Birthday—at 8 o'clock for Fredericton, giving persons an opportunity to enjoy a fine sail on the St. John River, and will arrive at Fredericton in time to view the city and return by train, leaving there at 3 p. m. and arriving in St. John about 7 p. m. The fare for this very pleasant excursion has been arranged at the low rate of \$2.

Looked in. A few nights ago the fire-department took possession of some premises on the corner of Union and Coburg streets and locked the doors. This was in the evening, and the officers went home and enjoyed an easy night's repose. This was not the case with the unfortunate woman they had unconsciously locked in, for she had to pass the night a prisoner. She had been scrubbing when the officers took possession, and the bark Isaac of a Corp of Guards—the bark Isaac of Antwerp, has a full cargo of German goods for Messrs. Thomas & Co., Carleton street.

Not Constant. Some of the people who have been interested in the late spelling matches claim that there has been a certain amount of unfairness in the proceedings, and many pupils of the public schools. This of course has not been voluntary on the part of those conducting the matches. It has arisen from the fact that the dictionaries used as standards are in many cases in conflict with the ones adopted by the Board of Education as the ones to be the guides of our youth.
