The third made for the bayou as the only means of escape. He had gone in the water but a short distance before he was set upon by two large alligators. The water was not over three-and-a half feet deep, and the attack was in full view of the sportsmen. The two hounds had followed the deer, and were consequently drawn into the combat, which was most terrific and bloody. The stag made a 0 0 1 gallent defence with his antiers and fore hoofs, but the fight was unequal, and the water was soon crimson with the blood of the noble animal as he sank down in his death throes. The dogs battled bravely in the contest with the alligators. 1 0 0 but they, too, had to yield to the terrific onslaught of their enemy. The sportsmen tried to get in some shots on the alligators, but they counted naught, and after finishing their bloody work, the monsters glided off.
