

# DAYLIGHT SAVING TIME CAUSING CONFUSION

TORONTO, March 21.—Montreal and Ottawa, having decided to adopt daylight saving time this year on or about May 1, the Canadian Railway Association has written a letter to the Toronto city council—which decided on May 15 for the commencement of daylight saving in this city—pointing out that much confusion resulted last year from municipalities having different time between themselves, and different from that of the through lines of railways running between these cities. It is not considered probable that the Toronto city council will take any further action in the matter.

# From the Saloon to the Cellar

You don't want the curse of the open bar  
transferred to the private home.

YOU voted against the saloon. You  
voted against the bar. You did  
away with them. You voted against  
the sale of booze.

But—

Immense quantities of liquor are now  
being brought into the province for  
consumption in the home! Express ship-  
ments alone have run as high as eight  
carloads per day during the past year.

## You Want Prohibition

What you meant when you voted "No"  
at the last Referendum was prohibition  
of the use of intoxicating liquor for bever-  
age purposes.

Do you want Ontario's boys and girls  
familiarized with "booze" and subjected  
to its daily temptations in their own  
homes? That is the way it is working out  
today.

Home-drinking is a poor training for  
young people, and a poor moral founda-  
tion for boys and girls when away from  
home.

Shall the importation and the bringing of intoxi-  
cating liquors into the province be prohibited?

# Dismiss Incompetent Magistrates at Once, Says Liberal Leader

Keen Criticism of Attorney-General's Bill Takes Place in  
Legislature—Real Estate Transfers Will Be Taxed  
Two Mills—Refuse Exemption On Homes Assessed Up  
To \$3,500.

[Special to The Advertiser.]

TORONTO, March 21.—Legal mem-  
bers of the Ontario Legislature had a  
field day today when the House went  
into committee on Attorney-General  
Raney's bill to provide for the ap-  
pointment of magistrates with extended  
spheres of jurisdiction.

Following a debate in which Opposi-  
tion members predominated, because of  
the absence of legal luminaries to the  
right of Mr. Speaker, the principle of  
the bill was endorsed, Hon. Mr. Raney  
assuring the House that he had no in-  
tention of "turning things loose" in re-  
spect to magisterial appointments.

Criticism of the measure centred  
chiefly upon the clauses providing for  
the appointment in any municipality of  
a magistrate with "extended jurisdic-  
tion," who might supersede or act in  
conjunction with magistrates already  
allotted to that area.

Wants Exemption.  
Although Dr. H. A. Stevenson, labor  
member for London, pressed hard for  
exemption up to \$3,500 under Provincial  
Treasurer Smith's real estate trans-  
fer tax proposals, the House in com-  
mittee refused to entertain the sugges-  
tion, and carried the bill without amend-  
ment.

Dr. Stevenson argued that even  
in taxing motor vehicles the poor man  
with his small powered car got some  
exemption privilege and surely, he  
thought, the principle ought to be ex-  
tended to their homes.

In the short afternoon session the  
House devoted most of the time to sec-  
ond readings and consideration of leg-  
islation of minor importance. Tuesday  
and Wednesday the House will proceed  
in similar fashion, adjourning Wednes-

day night until the following Tuesday  
for Easter holidays.

End Political Control.

That a police magistrate should not be  
removed from the bench without a re-  
solution to this effect being passed in  
the Ontario Legislature, was the sug-  
gestion which Hon. G. Howard Fergus-  
son, Conservative leader, made when  
the Legislature, in committee, con-  
sidered Hon. W. E. Raney's bill, ex-  
tending the jurisdiction of police  
magistrates. He said he thought the  
same procedure should be necessary  
as when a judge is removed. This  
Hon. Mr. Ferguson claimed, would do  
away with a feeling now held by cer-  
tain sections of the community that  
police magistrates are somewhat sub-  
ject to political control. If a magistrate  
was thought to be worthy of censure  
then he might be suspended, and the  
matter could be discussed in the House.

Not Opportune Time.

The attorney-general replied that he  
thought the time was hardly ripe for  
such a drastic change. In any case  
it could be considered when the House  
was called upon to deal with the bill  
amending the magistrate act.

Hon. G. Howard Ferguson contended  
that if the House accepted the sug-  
gestion made by him much would  
be done toward lending further in-  
dependence and dignity to the bench.  
The magistrates would earn the respect  
of the public and would have greater  
confidence in themselves.

Hon. W. E. Raney said there were  
some magistrates who were very little  
above the standard of the average  
justice of the peace, and the time had  
not come when a justice of the peace  
could be considered on the same basis  
as a county judge.

Favors the Move.

J. W. Curry, K.C. (Southeast Tor-  
onto) said he favored the suggestion  
made by Hon. Mr. Ferguson that police  
magistrates should be men of high  
professional standing and with good  
reputations as citizens. Therefore, they  
should be raised to the same status as  
county judges.

H. H. Dewar, K.C. (Liberal leader,  
said that the idea of appointing magis-  
trates with extended jurisdiction was  
certainly a novel one. He did not like  
the feature, he added. He expressed a  
fear that where one magistrate was  
given over-riding authority over an-  
other magistrate in a given district  
there would be danger of persons tak-  
ing their cases before the magistrate  
with the over-riding authority if they  
thought they could get a more favor-  
able judgment from him, even though  
the other magistrate might be sound in  
his law.

Hon. Mr. Raney told the House that  
in some parts of the province there  
were aged magistrates, who, because  
of infirmities, were often unable to  
carry on their work. In such cases as  
these the magistrates with extended  
jurisdiction would be sent to hear im-  
portant cases.

"Why can't the incompetent ones be  
dismissed?" asked Hon. G. Howard  
Ferguson.

Would Be Paid.

"We do not want to put the indignity  
of dismissal upon these men," replied  
the attorney-general. He explained that  
although he would not recommend the  
dismissal of the older magistrates who  
had served the province faithfully an-  
other magistrate would be paid to do  
the work.

Mr. Dewar still maintained that it  
was more important to have the best  
men available for the post of magis-  
trate, and that all incompetent ones  
should be dismissed.

J. W. Curry said he was surprised  
when he heard that it was the inten-  
tion of the attorney-general in some  
instances to give commissions as  
magistrates to men who had had no  
legal training. "I had hoped that you  
were not going to appoint that class  
of magistrates," said Mr. Curry. "They  
have been very unsatisfactory."

Will Tax Transfers.

The House, in committee, passed the  
bill providing for a tax of two mills on  
real estate transfers. The city of To-  
ronto gained a triumph when the pro-  
vincial treasurer withdrew the clause  
which would have cut off from Toronto  
the right to collect one-tenth of one per  
cent on all transfers registered in this  
city.

Hon. Thomas Crawford, J. W. Curry  
and Col. W. H. Price pointed out that  
Toronto had shouldered immense finan-  
cial burdens by reason of patriotic  
enterprises. It had also gone to great  
expense in erecting the central registry  
office. For all these reasons it was  
very essential that the ratepayers  
should not be called upon to shoulder  
extra taxation, as would be the case  
if the right to collect the one-tenth  
of one per cent were taken away from  
the city council.

Dr. H. A. Stevenson (London) wanted  
exemption on homes up to the assessed  
value of \$3,500, but the provincial  
treasurer could not accept this sug-  
gestion.

The House adjourned at 6 o'clock.

The Ontario Legislature will adjourn  
for the Easter vacation on Wednesday  
night, and will not meet again until  
the Tuesday following.

HIGHER ASSESSMENT

BUT LOWER RATE

WINDSOR, March 21.—The school  
board this afternoon struck 1921 esti-  
mates at \$418,781.72. This represents  
a mill rate of 12.24 as compared with a  
mill rate of 14.02 in 1920. This year's  
estimates will exceed expenditures of  
last year by \$27,000.

Increase in expenditures with a  
lowered mill rate is accounted for  
by increase in assessment values of  
properties in Windsor.

The board decided to hold an in-  
vestigation on Wednesday night into  
charges of disloyalty to the board  
lodged against Miss Nash, school nurse,  
at a recent meeting. Charges against  
Miss Nash arose out of the extraction  
of four teeth from a scholar by Dr.  
Blehn, school dentist, parents of the  
scholar claiming that the teeth should  
have been filled instead of being ex-  
tracted.

WILLIAM DAVIES

DIES IN TORONTO

TORONTO, March 21.—William Dav-  
ies, founder of the William Davies Com-  
pany, provisions merchants, died this  
afternoon at his home here in his 80th  
year. He was born in Wallingford,  
Berkshire, England. He founded the  
William Davies Company, of which he  
was president for many years, in 1857.  
The present general manager and presi-  
dent of the company, E. C. Fox, is a  
grandson of the late Mr. Davies.

# TORONTO CENTRE OF FANATICISM AND ORANGEISM

Father Lussier Says Words  
Used To Strengthen Ap-  
peal For Funds.

TORONTO, March 21.—Rev. Father  
Lussier, in a circular appealing for sub-  
scriptions from co-religionists in Que-  
bec, toward the new Joan of Arc Roman  
Catholic Church here, said:  
"Subscribe to our work. We wish to  
found a citadel, both French and re-  
ligious. We wish to show an example  
of one of our admirable Quebec parishes  
in the very centre of Orangeism and  
fanaticism."

An evening paper quotes Father Lus-  
sier as explaining the words referring  
to Orangeism and fanaticism in the  
circular, which was printed in French,  
and stating that no reflection on the  
people of Toronto was meant.

Like Appeal For Votes.  
"You know, when you want to get  
votes you make a strong appeal, and  
the same when you want to get money,"  
he explained. "The whole context con-  
cerns the subscribers to the new church."  
The expression quoted in the very  
centre of Orangeism and fanaticism  
was used only for purposes of  
strengthening the appeal.

The words, "Orangeism," and "fanaticism,"  
are not intended as an insult to the  
people of Toronto, nor does the coupling  
of the two words mean that Orangeism  
is fanaticism, but that the former does  
exist here, and as to the latter, I have  
often heard Protestants themselves  
speak of fanaticism and bigotry exist-  
ing here. Take on the 12th of July here,  
there are lots of things said in  
speeches about the Catholic faith that  
are not believed, but create enthusiasm  
just the same."

Archbishop Disapproves.

Archbishop McNeil is quoted in an  
interview by the same paper as saying:  
"I don't approve of that kind of an  
appeal, and its publication will only  
cause further irritation. I will draw  
Father Lussier's attention to it, and ad-  
vice that he be a little more circums-  
pect in the future."

# OUTBREAK OF PETTY THIEVING

Most of the Goods Reported  
Missing Consists of  
Jewelry.

ST. THOMAS, March 21.—Several  
petty robberies are reported by resi-  
dents on Roseberry Place and Gladstone  
avenue as happening during the past  
week. The goods missing consist mostly  
of jewelry. A description of the  
articles has been given the police.

School Arbitration.

The formation of a new union school  
district for Southwold Township will  
be considered by a court of arbitra-  
tion at Crinan tomorrow (Tuesday) af-  
ternoon. The board consists of In-  
spector Taylor, J. A. McLean, Rodney,  
and Mr. Ballard, ions.

Recalled for Work.

The opening day of spring was mark-  
ed in municipal circles today by the re-  
call of the men working for the gas  
department. About a dozen employees  
resumed operations in the southeast  
end of the city, and another comple-  
ment of men will be placed in other  
sections of the city during the week.

Four carloads of piping have been  
received, which will keep the men go-  
ing for some weeks.

Making it Comfortable.

The annual work of placing the en-  
tire track of the Canadian division of  
the M. C. R. in a solid and safe condi-  
tion started this morning at Dutton.  
Any faulty rails will be replaced on  
the main line with 120-pound metal,  
and 100-pound on the sidings. Where  
needed the roadbed will also receive an  
overhauling.

Was Goldhar Privileged?

The question whether Ben Goldhar,  
the east-end fish merchant, was privi-  
leged to put away a quantity of whiskey  
and a couple of bottles of wine for his individual  
enjoyment will be looked into by Crown  
Attorney McCrimmon before he will ask  
a decision of Magistrate Maxwell.  
Goldhar's place was raided Saturday  
evening, and over 100 bottles of whiskey  
were found upstairs, and some wine in  
the shop. He was defended by Andrew  
Grant this morning, on being charged  
before the magistrate. His counsel  
claims that the apartments over the  
store are a private dwelling, and Goldhar  
may possess the liquors without inter-  
ference.

His Topic the O. T. A.

Rev. Ben Spence spoke at Port Stan-  
ley last evening, and in Alma Street  
Church Sunday morning. His topic  
was the Ontario Temperance act.  
Albert Chambers, brother of Mrs. M.  
M. Black, Springfield, died recently at  
Milwaukee. The remains will be  
brought to Aylmer for interment.

# SAY RENTALS BILL WILL CAUSE TROUBLE

Vicious in Principle, Is Op-  
inion of Toronto Build-  
ing Trade.

TORONTO, March 21.—"Vicious in  
principle and apt to prove disastrous to  
the building trade," is the character-  
ization given the proposed bill in the  
Ontario Legislature here as the fair  
rentals bill at a meeting here tonight  
of representatives of the Building  
Owners' and Managers' Association of  
Ontario, the Guild of Toronto property  
owners, the Builders' Exchange, the  
Toronto Real Estate Board and various  
loan, mortgage and investment com-  
panies. A resolution was passed, urg-  
ing the owners of houses to use their  
influence against the passage of the bill.

SAYS SASKATCHEWAN

HAS HUGE RESOURCES

REGINA, March 21.—In a report just  
made public, Lieut.-Col. A. C. Gardner,  
who made a journey over Northern  
Saskatchewan at the request of Hon.  
Charles A. Dunning, provincial treas-  
urer, with a view to investigating the  
natural resources, says:  
"Great possibilities of immense wealth  
await development in the northern part  
of Saskatchewan."

Col. Gardner declares it will take time,  
money and much energy to develop the  
immense areas covered by his journey.  
In the report, the discovery of gold,  
silver, copper, asbestos and other min-  
erals is claimed.

# SEVEN KILLED WHEN REBELS AMBUSH TRAIN

Sinn Feiners Were Driven Off  
in County Kerry Attack.

DUBLIN, March 21.—Seven members  
of the crown forces, including an offi-  
cer, were killed, and twelve were  
wounded when a train was ambushed  
yesterday, according to official announce-  
ment. The attack occurred near Head-  
ford Junction, County Kerry.

A civilian passenger was killed and  
two others were wounded. The casual-  
ties among the ambushing party, with  
the exception of one man found dead,  
are not known.

In addition to the officer who was  
killed, the train carried 20 men of other  
ranks in the Royal Fusiliers, and a  
number of civilians. It was heavily  
fired on from both sides, as it neared  
the junction, and the troops detained  
and engaged the party.

The survivors among the soldiers held  
off their assailants for fifty minutes,  
until reinforcements arrived in the  
shape of a party of Fusiliers, who  
came up on another train. The combi-  
ned forces then drove off the rebels.

ARCHBISHOP MANNIX

IS GOING TO ROME

PARIS, March 21.—Archbishop  
Mannix of Australia arrived in Paris  
this morning on his way to Rome for  
an official visit with the pope and to  
make a report on his diocese. He re-  
fused to grant an interview to news-  
paper correspondents today, but through  
his secretary it was indicated the arch-  
bishop would have no objection to tak-  
ing the oath of allegiance upon his  
return to Australia. A request to this  
effect is to be made by the Australian  
Government, according to Melbourne  
dispatches received here.

# Take a Vote on Pies

Take a vote on pies in your home and you'll make mostly  
raisin pies. For this is the pie that men think most delicious.

Raisins furnish 1560 units of energizing nutriment per  
pound. They are 75 per cent pure fruit-sugar in practically  
predigested form.

So the nutriment of raisin pie is almost immediately  
assimilated.

Raisins are rich in iron also, which brings the bloom of  
youth to women's and children's cheeks. When you eat  
raisins you eat a "beauty food" as well as one that's  
healthful.

Try raisin pie tonight. You'll never have to ask men what  
pie they like thereafter. Every first-class baker has this  
pie, or if you wish to make it yourself, we publish here  
the tested recipe for the chief of pies.

# SUN-MAID RAISINS
