

both men and women, there is only one Gospel worker to about every 31,000 souls. This is only a hint of what you can learn by Division. There is no time to dwell upon the humiliating example : Divide the sum total given by the Presbyterian Church to the cause of Foreign Missions, by the number of members.

Dr. Morton returned to his work, from his furlough in Britain, in November, much refreshed and invigorated. Mrs. and Miss Morton remained in Britain, during the winter, greatly to the benefit of the health of the former. After a summer spent in their native province, they hope to rejoin Dr. Morton next November.

Dr. Grant visited Jamaica in January, where two of the young men trained in the Trinidad College are labouring, under the direction and with the support of the Presbyterian Church of Jamaica, among the East Indians on that island. Dr. Grant's visit was much appreciated by the
