meeting will be held at Newcastle November 8th, followed by a great mass meeting in London on November 19th. All religious denominations will be united in this movement in the interest of humanity.

"Once the people of England know the facts and hear the statements of eye-witnesses, see the photographs of mutilated men, women and children, I am sure they will rise with us and put an end to the crimes. The government cannot do anything effectual until the people of the country are enlightened as to the real horrors and stand behind the government as a driving force. I wish the public to co-operate and call for an end to this long orgy of blood, lust and greed.

"I have a photo of a poor black child with a mutilated hand and leg. We stand for the murdered and maimed men, women and children of the Congo and this is a heart call to the men and women of England. This country took a most solemn pledge when the Congo free state was created and one article of that treaty was that we bound ourselves in the name of the Almighty God with a solemn oath to watch over the preservation of the native races, and the amelioration of the moral and material conditions of their existence.

"What have we done to keep that pledge? Millions of natives have been wiped out and others maimed, attacked and tormented without any civilised power raising a hand to save them. It is a significant fact that the heraldic shield of Antwerp, to which city most of the rubber from the Congo is sent, contains a bloody hand, severed at the wrist."

NO LONGER TORTURED
A Sergt.-Wheeler in R.C.A. Finds Cure from Agonizing Skin Disease.

Sergt.-Wheeler Thos. P. Bennett, R.C.A., who lives at 705 Albert Street, Ottawa, describes the relief which he got from D.D.D. Prescriptions:

"It gives me pleasure to commend D.D.D. to sufferers from skin diseases. For three years I suffered intensely from a skin disease which I developed on the back of my neck. It grew continually and sometimes cast off scales. Neighbors' advice, prescriptions, salves, and expensive blood medicines were lavishly used.

At last I found relief in D.D.D., used according to directions. It required just one bottle to effect a cure. I am no longer tortured so I have no hesitancy in acknowledging to the world the worth and great virtue of D.D.D."

Blood medicines cannot kill the germs in the skin which cause eczema and other skin diseases. Salves fail because they cannot penetrate. D.D.D. goes right into the pores, kills the germs and cures.

For free sample bottle of D.D.D. Prescription write to the D.D.D. Laboratory, Department T.C., 23 Jordan St., Toronto. For sale by all druggists.

Announcement to Subscribers

With Autumn comes a revival of the reading habit. As the days grow shorter, the reading lamp is longer alight. More Canadian Publications are being read than ever before in the history of this country. The dissemination of home news, home ideals and the home point of view will do somewhat, indeed considerable for Canada. The publishers of the Canadian Courier are exponents of the Canadian view. As against foreign news, views and ideals, to the exclusion of our own they protest. Every subscriber to the Courier, in a sense is a patriot, a builder up of his country. "Are you with us?"
