

Brethren of England, It is very agreeable
to us that the Gentlemen of England have
Desired to meet yo^r Sachins here to treat of
some publick Affairs, We are glad that
some Gentlemen from England are now in
Town and as we suppose are sent on purpose
to make some Propositions to yo^r Sachins
As our Gov^r knows not of this meeting We
Can't Comply with what you desire but We
think it would be very proper that you
do acquaint them wth your Message; they
may send for the Sachins of the five Nations
We are very willing to assist in what lies
in our Power to bring this Intended Treaty
to a good & happy Conclusion
