Ottawa, February 15, 1926.

Dear Senator L'Esperance:

I had a long talk with Mr. Boulais on general matters last Thursday evening. This morning I received from him a communication enclosing some others all to the effect that steps should be immediately taken in the county of Richelieu to hold a convention and that if the county is to be won a change in candidate will be necessary. I am not sending copy of these communications to you as I have not had his permission. I enclose, however, copy of my reply to Mr. Boulais.

see file 17

Yours very truly,

Hon. D.O. L'Esperance,
The Senate,
Ottawa.
