## Queen Quality Comfort and Style.

When you try on a pair of shoes look for two things, comfort and style. You must have them both. Either one by itself is not enough. It is easy to make a stylish shoe, but it is very difficult to combine the two. To make a stylish shoe, that is comfortable is the highest art.

A shoe may feel comfortable yet not fit properly. Now it must fit or you are sure to have trouble, and the better it fits the better it will wear.

The only shoe that "fits where all others fail" is

"QUEEN QUALITY."

If you want twice as many chances in selection try Queen Quality.

### THE AMES LIABILITIES.

A Statement Promised by Saturday or Monday.

Toronto, June 11.—Messrs. A. E. Ames & Co. issued the following statement last evening:—

"Clients have been taking up their securities rapidly, and good progress has been made every day in the reduction of liabilities. The extraordinary weakness in the market is a handicap to some extent in the ease of working out the position, and has injuriously affected the value of the estate. It also makes it necessary that in some directions more patience should be exercised than would have been needed with stronger markets. On Friday evening next we intend to start to take out a trial balance, and will announce as soon as the balance is procured, say, on Saturday, or Monday at latest, the amount to which the liabilities have been reduced, and will reach as rapidly as possible the point at which a definite proposal will be made to creditors. We have throughout been acting under the advice of counsel, and are, further, confirmed in the opinion that the course of action adopted is in the best interests of all parties concerned."

### IT WAS NOT PERJURY.

Mr. M. F. Smith Only Swore to a Mistake.

Toronto, June 11.—In giving evidence at the trial of an action in the High Court of Justice on the 29th day of May, a witness, M. F. Smith, stated that he had, in making a statutory declaration, committed perjury. The witness, Smith, in admitting under oath that he had been guilty of perjury, explains that he did so under the belief that any incorrect statement made under oath, whether innocently or inadvertently made or not, was perjury. The facts in regard to the incorrect declaration, admitted by Smith to have constituted perjury, are as follows:—The witness, Smith, made a statutory declaration as to the amount of the pack of the Oshawa Canning Company for the year 1930, relying for the amounts upon an employee; that subsequently the witness Smith checked over the figures of his employee and found the amounts stated in the declaration to be in excess of the actual amount of the pack. The parties interested in the litigation have inquired into the circumstances connected with the making of said declaration, and have all admitted that the witness, Smith, before any money of other advantage could accrue to him or to the Oshawa Canning Company, made the matter right, and that no money or other benefit was obtained by the said witness, Smith, or the Oshawa Canning Company as a result of such error in said declaration.

The above statement is given to the public, in justice to the man who, up to the time of his erroneous admission of perjury, had held a high place in the estimation of his fellow-townsmen.

### INDEMNITY, A THOUSAND.

### LEGISLATURE MEMBERS TO GET A RAISE.

Supplementary Estimates Brought Down—Statue to Mowat—Gamey Investigation Cost \$35,000.

Toronto, June 11.—The supplementary estimates presented to the Legislature by Premier Ross yesterday morning amounted to \$247,601.83. The most important item is \$40,000 for legislation for indemnity to members, which means that the sessional allowance has been increased to \$1,000. There is also an item of \$55,000 to cover the cost of the investigation into the Gamey charges. Under education there is a vote of \$10,333 to cover the deficit of the University of Toronto for the financial year 1931-32, and one of \$7,500 for equipment at the Mining School, Kingston; also \$1,000 for instruction in agriculture and horticulture in grouped rural schools.

Three thousand dollars is asked for teaching officers at the O. A. C. A. grant of \$1,500 is included for the Prisoners' Aid Association. There is \$1,000 for the enlargement of the Model and Normal School, Toronto, a total of \$4,400 being asked for the building of new public works and \$13,300 on colonization roads.

Among the miscellaneous items are:—Statue to Sir Oliver Mowat, \$5,000; funeral expenses late Lieutenant-Governor, \$1,200; Exhibition building, \$10,000; contribution toward Queen Victoria statue, Hamilton, \$1,000.

### ARSON CHARGE FAILS.

Eleven "Obstinate" Jurors at St. Thomas.

St. Thomas, June 11.—At the County Court John Johnston, fifteen years of age, was tried on the charge of setting fire to the general store of Hiram Chambers of St. Thomas on April 8. The principal evidence against the lad was that on the night of the fire he was seen around the M. C. R. clubhouse, from which a can of oil was stolen. This can was found the next morning near the store. Johnston was also seen in the alley back of the store just before the fire broke out. The jury were out an hour and a half when they were discharged, standing eleven for acquittal and one for conviction. The judge, in discharging the jury, told them that he believed the one was right and the eleven were wrong. Detective Murray was here working on the case. Crown Attorney Donahue prosecuted. A. H. Backus of Aylmer for the prisoner.

At a barsting on the farm of William Shields, near Belmont, Tuesday, James Beattie, a Westminster farmer, fell feet striking a projection midway. No bones were broken, but he received internal injuries, from which he is not expected to recover.

### ONLY ONE UNIVERSITY.

Government Will Concentrate Their Efforts.

Toronto, June 11.—The Government's undivided devotion to the University of Toronto as the great Provincial seat of learning was made clear in the Legislature yesterday in a discussion on a motion by Mr. Penne for correspondence touching the public control of the School of Mines at Kingston. The member for Kingston, in a speech of strength and conciseness, urged the claims of Queen's for Provincial aid. The Premier, in an exhaustive reply, reviewed the services of Queen's, and said the Government were disposed to assist the School of Mines for its usefulness to eastern Ontario. At the same time he urged the claims of the University of Toronto, said there must be no duplication of Provincial aid to universities, and declared that the aid to be given to Toronto must only be limited by its necessities and by the Province's power to give. Mr. Whitney, joined in the expressions of co-operation with Toronto University, while Mr. Harcourt endorsed these declarations of attachment.

At a barsting a good deal of further progress on general business, and sat very late.

### SCOTIA TO SUDBURY.

Mr. Clergue Wants Land Grant For Another Railway.

Toronto, June 11.—Late yesterday afternoon some mysterious agency spread a rumor that a deputation was to wait on Premier Ross after the House rose at 6 o'clock. When that moment arrived a most imposing phalanx of members, comprising about 20 in all, of both political sides, trooped down the corridor. Representatives of the press were politely waved aside as being unwelcome. At the door the members were greeted by Mr. Clergue, who joined them on the inside. The interview lasted half an hour.

The House made a statement on the part of those present to discuss the subject of the interview, some choosing to hide its object by saying they were after an expressed indemnity. What happened, however, was that Mr. Clergue asked for a land subsidy for a railway to be built from Sudbury to Scotia. The project would connect the existing system projected from Sudbury to Saint John's, with the railway systems of old Ontario, by an air-line crossing west the mouth of the French River. This Mr. Clergue pointed out in his alternative way, would be a most important connecting link between the east and the west in view of the connections at Scotia with both the Canadian Atlantic and the Grand Trunk.

### NO LONG RANGE SHOOTING.

Targets at Niagara Camp Not Completed.

Niagara-on-the-Lake, June 11.—Great numbers of people, mostly from surrounding points, visited the camp of instruction and watched with much interest the military manoeuvres. This year there will be no shooting at the long ranges. The contractors were unable to complete the construction of the targets in time for the camp. Capt. Barker, military instructor, is superintending the construction of eighteen miniature targets to the south of the camp. A few rounds of shooting at these miniature targets is all the practice the men at this camp will receive.

#### LACROSSE

RODNEY AGAIN VICTORIOUS.

Rodney, June 9.—The Blenheim junior team visited Rodney today and played the home boys before being defeated 2 to 1. The play was of the fastest order, and abounded in magnificent plays from start to finish. The visitors had the advantage in weight, but the combinations of the home team was the feature of the play throughout. The defense had very little to do, the ball being in the vicinity of Blenheim's flags throughout most of the game. Ludy, the littlest man on the field, was a star, while Thomas, H. Misteel and Yale, on the home, were always on deck. Allan and Morris, on defense, played a good game. W. Smeltz and H. Misteel did the scoring.

At Ridgeway, on Monday night, Rodney defeated the home team four goals to two in a fast, clean exhibition of lacrosse.
