HAS RETURNED

Capt. S. M. Smith returned this morning from a trip to Toronto.

Of his trip the genial captain told a Planet reporter the following: It was my intention to stop at the new King Edward, but as the King was not at home I decided not to and hired myself to the Walker House.

Here it was that I ran across the proprietor, David Walker, the old Chathamite. Dave and I are the only two left of our rink of the old curling times here. He seemed much pleased to see me and we had a long talk over a bottle of Appollinaris. All the olden times were brought up when Mr. Walker started hotel business in that little brick cottage over on William street.

David was just about to leave for California to spend the winter.

They have some odd names for things down there. I saw one place called Common Sense Mfg. Co., so I went in and got a quarter's worth—enough to last me a long while. Toronto seems old-fashioned and is not nearly as up-to-date as Chatham.

RADIAL RAILROAD

A meeting of citizens was held in the City Clerk's office prior to the setting of the City Council, for the purpose of discussing the electric railway and the aid the city should give it. The following aldermen and citizens were present: G. P. Scholfield, D. McLachlin, Hugh Malcolmson, Ald. Henry Robinson, W. R. Landon, Charles Austin, Ald. Mounter, R. McKinnley, Mr. Wilmore, Ald. Edmondson, Mayor McKough, Will Hedges, Ald. McCog, Ald. Piggett, Ald. Martin, Ald. Marshall and Ald. Scullard.

N. H. Stevens presided. Messrs. W. N. Warburton, Dunn, and McKinnley all briefly addressed the meeting.

Mr. Warburton said that he had seen the need of an electric road for Chatham mentioned in the Mayor's inaugural address and he had at once gone to Toronto and started negotiations which he hoped would lead to the securing of a road for Chatham. He explained the equipment that an electric road such as contemplated would require and also stated it would cost about \$800,000. The question of what aid Chatham should give and how it should be given was then taken up and discussed. Three propositions were considered, viz., a loan of \$50,000, the city to buy \$50,000 stock, or give a bonus for \$50,000. When the aldermen were forced to withdraw to attend the Council meeting, the citizens present decided to postpone their meeting till to-day. It was decided to hold a meeting of the Council and the Council of the Board of Trade on Tuesday at 10.30 to thoroughly discuss the matter.

GENIAL HOST

Ald. Archie McCog Entertains His Council Colleagues—Some Tricks of the Trade Talked Over.

Ald. A. B. McCog's splendid residence on Cross street was the scene of a very happy gathering last evening, when that worthy alderman entertained his colleagues to an informal dinner. All of the aldermen were present and a most enjoyable time was spent in social chat—and municipal chat.

As is usually the case when a number of aldermen get together, a number of humorous incidents are sure to come up. Ald. McCog started it. When helping Ald. Edmondson to take off his overcoat he found a voters' list in the pocket of the genial North Chatham representative. Everyone wanted to know how it got there, and whether or not Ald. Edmondson was stealing a march on the rest. Mr. Edmondson had a very reasonable explanation, and said he had picked it up on Archie's front step as he came in.

Ald. Martin then piped in that no one could rob him of the votes of the married ladies and widows of the city. Ald. Piggett said he was not after all of the marriageable young ladies of the city last year, and would do the same this year, but Ald. Taylor thought Walter had queered himself during the late visit of Lord Minto. Ald. Taylor announced that he was not going to run next year and Ald. Martin also said he wasn't going to run—he preferred to get in by a walk-away.

Ample justice was done to Ald. McCog's excellent spread, and the aldermen were enthusiastic in voting him an ideal host.

Detroit Specialist Discovers Something Entirely New for the Cure of Men's Diseases in Their Own Homes.

You Pay Only if Cured

Expect No Money Unless He Cures You—Method and Full Particulars Sent Free—Write For It This Very Day

A Detroit specialist who has 14 certificates and diplomas from medical colleges and boards, has perfected a startling method of curing the diseases of men in their own homes; so that there may be no doubt in the mind of any man that he has

both the method and the ability to do as he says. Dr. Goldberg, the discoverer, will send the method entirely free to all men who send him their name and address. He wants to hear from men who have stricture that they have been unable to get cured; prostatic trouble, sexual weakness, varicocele, lost manhood, blood poison, hydrocele, emaciation of parts, impotence, etc. His wonderful method not only cures the condition itself, but like-wise all the complications, such as rheumatism, bladder or kidney trouble, heart disease, nervous debility, etc.

The doctor realizes that it is one thing to make claims and another thing to back them up, so he has made it a rule not to ask for money unless he cures you, and when you are cured he feels sure that you will willingly pay him a small fee. It would seem, therefore, that it is to the best interest of every man who suffers in this way to write the doctor confidentially and lay your case before him. He sends the method, as well as many booklets on the subject, including the one that contains the 14 diplomas and certificates, entirely free. Address him simply

Dr. S. Goldberg, 265 Woodward Ave., Room P, Detroit, Mich., and it will all immediately be sent you free.

This is something entirely new and well worth knowing more about. Write at once.
