DEAR SIR .- After trying several doctors and spending forty-five days in the General Hospital, without any benefit, I was induced to try your Benedictine Salve, and sincerely believe that this is the greatest remedy in the world for rheumatism. When left the hospital I was just able to stand for a few seconds, but after using your Benedictine Salve for three days, I went out on the street again and now, after using it just over a week, I am able to go to work again. If anyone should doubt these facts send him to me and I will prove it to him. Yours for ever thankful,
