2 my general health greatly improved, un it is now excellent. I feel a hundred p cent stronger, and I attribute these resu to the use of the SARSARARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small does three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSA-PARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.

Ayer's Sarsaparilla cleanses, enriches, and strengthens the blood, stimulates the action of the stomach and bowels, and thereby enables the system to resist and overcome the attacks of all Scrofulous Diseases, Eruptions of the Skin, Theumatism, Catarrh, General Debility, and all disorders resulting from poor or corrupted blood and a low state of the system.

UNFERMENTED WINE,

F. WRIGHT, MANUFACTURING CHE-MIST. ERSINGTON MIGH STREET, LONDON, W.

"This WINE is guarauteed to be the juice of the finest grapes of the Cote d'or, Andalusia, and the Medoc. It is perfectly free from Alcoh-l, and is graranteed to be Pure Grape Juice. It has stood the test of 22 years continous sale in every climate, and is now used in epwards of 1600 Churches of all denomirations. The mode of manufacture is a slight modification of a well-known ancient practice, and effectually preserves the grateful flavor and the rich autritious qualities unimpaired. It is therefore admirably adapted in cases of debility and fever, in which the stometh is too weak to digest other food. Children suffering from febrile ailmouts drink it with avidity, even when all other food has been refused. Jone M. Honers, Keq., M.D., F.C.S.,

Public Analyst for Antrim County and Belfast Borough, "I have chemically examined the bottle of Wright's Unfermented Wine (taken by my

son from the stock held by Mr. Wright's delfast Agent), and find that it is free from alcorol, and contains the constitutente of grap- juice. When mixed with water it will prove an agreeable hererage." FROM KRY. JOHN BURWASH,
