

Ask the Creameryman
HE KNOWS

The man who doesn't know the difference between mushrooms and toadstools takes a grave chance when he goes after mushrooms without the protection of an expert's advice and the man who has had no opportunity to learn the difference between a real cream separator and a poor imitation of it may with advantage profit by the experience of those who have paid for it. Ninety-eight per cent. of the world's creameries are operated with De Laval separators and all dairymen of international repute endorse them.

Get the De Laval free catalog; or better still, apply to the Company or its nearest agent for a free trial of the New Improved De Laval separator and learn the reasons.

KEEP YOUR STABLE CLEAN

With a "BT" Litter Carrier

What work is harder or more disagreeable than cleaning out the stable? A "BT" Litter Carrier will make this work easy, for with it four barrow loads of manure can be removed from the stable at one time—no heavy wheeling, no climbing through snow or mud. If desired, the manure can be dumped directly into a wagon or sleigh and save reloading.

Write for our free catalogue, showing best methods of erecting litter carriers, and telling why you should put in "BT" Litter Carrier.

Write to-day to

BEATTY BROS.
BRANDON, MAN.

The "BT" Line also includes Stanchions and Steel Stalls and the "BT" Litter Carrier

Use Stephens Paint**

Their buyers are experts in judging the value of paints.

They started using it years ago. They know how well it withstands the western climate. They still use it.

They have proved it is the best. They don't experiment any more. *Stephens* is good enough for them.

You will find it is best for you. Ask for *Stephens* every time. At all hardware dealers.

Write us for descriptive booklet No. 16 and handsome color cards.
